Teachers Coming Here March 30 For Conference

Elementary school teachers will have an opportunity to learn about some of the new developments in teaching at the 5th Annual Elementary School Conference, Friday, March 30.

Mr. Robert T. Filep, editor of the professional magazine, **Programmed Instruction**, will highlight the conference. The title of his address will be "Programmed Instruction and the Elementary School Curriculum: Elementary or Complex?"

A graduate of Rutgers and Columbia Universities, Mr. Filep is an experienced educator and author. His teaching career has included high school science and college teaching at Columbia University, Rensselaer Polytechnic Institute and Mills College. Currently Mr. Filep is secretary for Programmed Instruction, a non-profit educational organization, devoted to exploring new developments in the teaching field, particularly the development of programmed instruction; which includes the use of various types of teaching machines.

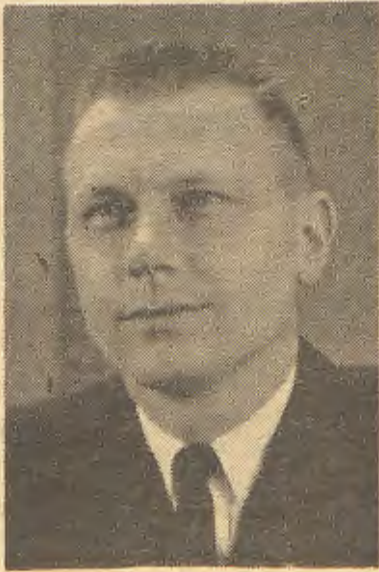

The Elementary School Conference is an annual event at the Wisconsin State College at River Falls. Each conference is devoted to an important aspect of elementary education. This year's focus on "New Twists in Teaching" recognizes some of the dramatic changes taking place in the elementary school.

No Voice Monday

Due to final examinations this week, there will be no issue of the Student Voice on Monday, March 12. The next issue will come out Monday March 19.

Exam Schedule

	Exam. Hour	Exam. Day
First Class Meeting On:		
M or W or F at 7:55	7:55- 9:40	March 7
T or Th at 7:55	11:35- 1:20	March 7

Mr. Filep

Foundation Board Increases Freshman Scholarship Fund

An increased appropriation for scholarships to beginning freshmen at Wisconsin State College at River Falls has been voted by members of the board of directors of the River Falls State College Foundation, according to an announcement this week by E. P. Rock, foundation president.

Approximately \$4,000 has been set aside this year through the generosity of alumni and friends of the College, Mr. Rock announced. This is an increase of about \$400 over last year when the Foundation began its program of freshmen scholarships with an appropriation of \$3600. In

addition, the Board of directors is considering awarding scholarships to upperclassmen.

The scholarships will range from \$100 to \$500 and will be for one year. Two of the scholarships will be awarded solely on the basis of academic ability while the remaining scholarships will be related to financial need as well as academic performance.

Scholarships last year were awarded to 22 entering freshmen. It is anticipated that approximately 25 students will receive scholarships for the fall of 1962.

To be eligible for the scholar-

ships, a student must rank in the top 10 per cent of his class and show evidence of outstanding scholastic ability.

President E. H. Kleinpell pointed out that the foundation scholarships, awarded from gifts of alumni and friends of the college, do not in any way replace the Regents scholarships which are restricted to graduates of Wisconsin high schools.

Approximately 100 Class B Regents scholarships paying the incidental fee are available to students who rank in the upper one-half of their school graduating class, show leadership qualities and are in financial need.

Class A Regents scholarships are available to students ranking first in scholarship in Wisconsin public and private secondary schools enrolling less than 250 students; to those ranking first and second in schools enrolling 250 to 750 students; and to those ranking first, second and third in schools enrolling more than 750 students. In case the persons eligible do not elect to enroll in a state college the scholarship may be granted to the next highest in scholastic rank.

Dr. Kleinpell said he is pleased with the Foundation board's decision to increase the amount allocated for scholarships and pointed out that, over the years, there has been a steady increase in educational costs which must be paid for by the student or his parents.

Band, Choir and Brass Ensemble To Leave March 19 for Winnipeg

Three chartered Greyhound buses will provide transportation for the River Falls State College band, choir and brass ensemble on their spring tour to Winnipeg, Manitoba, Canada, leaving Monday, March 19, and returning late Friday, March 23, or early Saturday, March 24.

Four directors and 109 students are expected to be included in the group, which will perform while in Winnipeg as well as give various concerts along the way.

The musical assemblage expects to arrive in Winnipeg late Wednesday, March 21. They will give a concert at the Provincial Capitol Building on Thursday. Also, on Thursday, the band and the brass ensemble will compete in the Manitoba spring music festival.

Monday, March 19, the touring organizations will give an afternoon performance at Verdale, Minn., and will spend the night in

Fargo, N. D.

Tuesday, March 20, they will give an afternoon concert at Finley, Minn., and an evening concert at Mayville State Teachers College at Mayville, N. D. Dr. William Abbott, one of the directors to accompany the group, formerly taught at this college. The performance by our students there, he says, is a return favor for the concert given at River Falls last spring by the Mayville music department.

Minto and Neche, N. D., will be the stops for the afternoon and evening concerts, respectively, on Wednesday, March 21.

Thursday will be spent in Winnipeg, and Friday, March 23, will see the musicians head for home. They will give a late morning concert at Kennedy, Minn., on the return trip.

Dr. Abbott stated that the reason for making stops at Finley, Minto, Neche and Kennedy is because the individuals who are teaching at these four locations are

former students of his when he was a member of the faculty at Mayville State Teachers College. He also stated that the students and their directors will be entertained at lunch or dinner, depending on what time they are there, by these schools.

In addition to giving various performances along the way, the members of the tour will be taken on guided tours of Fargo and of Grand Forks, N. D., and also of Winnipeg.

Dr. Abbott concluded that the three Greyhound buses will have signs painted on them possibly reading: "Touring Music Organizations of Wisconsin State College at River Falls."

Polsfoot Gets Job Offer From Football Cardinals

Fran Polsfoot, athletic director and head football and track coach at Wisconsin State College at River Falls, is seriously considering a contract offered him by Wally Lemm, head coach of the St. Louis Cardinals, a member of the National Football League.

Polsfoot has been offered the position of end coach. He said it would be a tremendous opportunity.

The likeable football mentor graduated from Washington State College at Pullman in 1950 and later played three years professional football with these same Cardinals. He was with the Washington Redskins for one season.

His 1958 football team at River Falls won the Wisconsin State College Conference title. His five year record at River Falls is 22-20-2. The first year at the college, Polsfoot served as basketball coach and his 1957-58 team compiled a 10-10 mark.

Earlier rumors that he was going to sign a contract with the Houston Oilers in the American League (Lemm was head coach of the Oilers last year) were consistently denied.

Lemm was released by the Oilers after this past season and took a head coaching job with the Cardinals. He now offers a contract (money plus stable league) that Polsfoot finds difficult to decline.

Staff Meeting

There will be a Student Voice staff meeting Monday, March 12, at 4 p.m. in the Publications Office to make plans for the spring publication of the Voice. All members are required to attend.

Faculty Planning Musical Recital For March 18

Several faculty members of River Falls State College will give a recital Sunday, March 18, at 8 p. m., in the Little Theatre.

The performers included in the recital will be Mrs. Conrad DeJong, piano; Dr. Jay Gossner, viola; Dr. William Abbott, clarinet and piano; Conrad DeJong, trumpet; and Daniel Lehman, flute.

A partial listing of the program is as follows: "Sonata for Flute and Piano," by Bach; "Trio for Clarinet, Viola and Piano," by Mozart; "Chants d'Espagne for Piano," by Aleniz; "Unicycle for Piano," by DeJong; "Trio for Flute, Clarinet and Trumpet," by Goeb; and "Sonata for Viola and Piano," by Brahms.

Admission is free and the public is invited.

Fran Polsfoot

Dance Is Set For Beatniks

A twist party is planned for Saturday, March 10, from 8 to 12 p.m. Music will be by the Thundertones.

A beginning-of-term dance will be held Monday, March 12, from 8 to 11 p.m. The Blue Notes will provide the music.

Both dances will be held downstairs in the Student Center and will be sponsored by the Social Committee.

The Editor Speaks . . .

As this is my last issue as editor of the *Student Voice*, I will take this opportunity to present some ideas, values and judgments that have occurred to me during my service term. Some will be pure melancholia, some ideas of what I feel should be attempted in the future and some will be my ideas of what the changes have been in the last year and what I feel they mean. I will attempt to present them as rationally as possible, but am sure that they will not all be so. With this prologue, I will continue.

First, I would like to express my extreme alarm at the obvious and encroaching growth of administrative control. The phrase, "Where the free spirit prevails," will soon be a folly if this trend continues. As examples of this growing administrative control, one has only to think back to the time of the volunteer food program. Suddenly, it was no longer voluntary. The administration in Madison decided that all College frosh that lived in the dorm did not possess the maturity to decide where they should eat their meals, when they should eat them or what they should eat. Hence, the compulsory food plan for all frosh dorm residents.

Recently, two more situations have arisen that are more ridiculous than serious. One is that it seems that the administration feels the need for additional dorm space is crucial. They feel that the way that this need must be expressed is by maintaining dorm residency at a maximum. To maintain this level, they have found a lone, ambiguous clause in the College catalog which says that all contracts to live in the dorm are binding for a full school year. However, they failed to consider the next paragraph which says that anyone that does not live in the dorm for the full school year will not have his money refunded. It has been admitted by Dean Rozehnal that the supposed contract will not stand up in court. He has also made many other concessions on this issue and in the end, I am sure that more stable grounds will be necessary for the administration to maintain its position.

The other point concerning administrative control; the recent decision in a faculty meeting that too many cuts would be grounds for expulsion. This is an absolutely juvenile and absurd decision and I find it difficult to understand how a college faculty can consider imposing such a ruling on any college student body. This is the type of rule that I would expect in a high school. If a college student doesn't have enough interest in his academic achievements to attend his classes, it should not be the responsibility of a college instructor to instill this interest.

Another field that has received my attention on several occasions is the matter of student

responsibility. Many of the situations heretofore discussed could have been avoided if the student body had fulfilled its responsibilities.

One of these responsibilities, in my opinion, is to be active and interested in campus affairs. It is most important that the student body of this College maturely control as many of their activities as is possible. Only in this manner can the full rights of a college student be maintained. The students must express themselves. Verbal, written and active expression must all be part of student activities or high school discipline could prevail.

Another of these responsibilities is to consider the facilities of the College. However, another editorial on this page covers this situation and it is unnecessary for me to enlarge here.

Frats and sororities are another question I have in mind. This is not to say that I support or oppose them. I only wish to express the opinion that they should be seriously analyzed and if this analysis should provide sufficient grounds, hold a student referendum. Most of the other Wisconsin State Colleges do have such social organizations. In my visits to some of these colleges, the outward signs of fraternities and sororities are very evident. Granted, I was impressed by these outward signs. However, I also wondered by what means these signs were erected or constructed. Maybe, this is not the best thing for our small colleges. It is possible, also, that this would provide the necessary background for instilling maturity in the thoughts of this student body. I present this, once again, only for consideration, not support or opposition.

Returning to the question of campus presentability, I would like to consider this in a broader sense. This campus is, undoubtedly, one of the most scenic in the state and every student and graduate has a definite right to be proud of it as well as doing his part to keep it as such.

Finally, and very important, I wish to thank all those persons that have befriended me, those that have helped me and those that have put up with my many moods to continue working on this paper. Mr. Wayne Wolfe receives my special thanks for wise counsel in situations that, to me, were nearly incomprehensible.

And to the one person that I cannot possibly hope to express the full extent of my gratitude, to whom I have so often looked for aid, I will make this meagre effort to say thank you. This person is Mr. Donald Brod, advisor to the *Voice* and a true friend.

I shall close by asking that all those that have shown kindness to me, show the same interest to Shirley M. Olson, who will publish her first issue on Monday, March 19.

D. C. N.

Our Fellow Man

A gum wrapper flutters to the floor . . . a piece of crumpled paper is thrown in the general direction of the wastepaper basket . . . a cigarette is mashed out on the floor . . .

Each day these and many more instances of the same sort happen on the WSC-RF campus. Why? Why do these young people have no regard for where they dispose of their wastes? A major factor in their attitude may be the feeling: "Let the janitor pick it up, after all, that's what he's getting paid to do."

This attitude is one which is prevalent among the snobs of the world, the persons who have over-estimated their worth and importance among their fellow man. It is very sobering indeed to come to the realization that we, here on the WSC-RF campus, have such persons among us.

No matter what a person does for a living, he is still a human being, and as such, is entitled to the same respect that one would give to a good friend or relative. How much extra time does it take to make sure that crumpled piece of paper reaches its mark . . . to keep that gum wrapper with you until you find a proper place to dispose of it . . . to put out that butt in the nearest ash tray? Not too much, I'll wager. And think of how much that little extra time you took will be appreciated by the man who "is paid to keep the building clean."

True, he is paid a certain sum for his efforts in keeping the building clean, but he is not paid this money to pick up after people who are too lazy to be thoughtful.

As the familiar question goes, "Would you do that in your own home?" Think of that the next time you feel compelled to make extra work for the maintenance men of WSC-RF. We aren't on this earth for ourselves alone, we are here to help our fellow man. I think that the best way to serve this duty is constantly have the other fellow on our minds, and to think, "Why am I doing this and what extra work or trouble will my act cause someone else?" Make WSC-RF and your life something of which to be proud.

JHG

(Editor's note: This editorial was reprinted directly from the *Oshkosh Advance* with the exception that the letters OSC were removed and WSC-RF were submitted. Thanks to JHG for expressing our situation so well.)

Guest Editorial

It is humorous, though disgusting, to watch the administration in its current efforts to read retroactive meanings into the "contracts" by which fellows are living in Stratton and Prucha Halls.

As has been common in the past, several fellows have for their own reasons asked permission to move out of the dorm next quarter to commute or to live in off-campus housing which would be more desirable to their situation.

In the past, administrative resistance to such requests was at the most very passive, so long as the students were moving from the dormitory to an approved housing situation off campus.

Now, however, the administration is faced with the problem of showing a need for more on-campus housing facilities in order to get loans for new dormitories, which will admittedly be important in the future. Of course, to convince the regents and the legislature that new dorms are needed, the ones we have now must be full.

So all of a sudden drastic steps are being taken to make certain that the dorms are full.

The President and the Dean claim that every student who is now living in the dorm agreed when he moved in that he would remain there for the entire year. They maintain that by the very act of applying for a room on the little application cards one is, if accepted for a dorm room, legally binding himself to stay there and pay rent for the entire college year.

They first of all refuse to let anyone move out of the dorm and into off-campus housing. As if this isn't stretching their supposed "contract" far enough, they also have suddenly refused—even against application from parents—to let fellows move from the dorm and commute from their homes!

They base their arguments—which is at best a weak term for their position—on the vague statement in the college catalog: "Reservations are for the entire year."

The catalog is very ambiguous, however, in that the next paragraph states: "In the event that a student does not complete a full year's residence in any unit, the room deposit is not refunded."

The problem is a very recent one, as are definite attempts to cope with it. However, the President and the Dean claim that the idea of once being in the dorm you are there for all year has been an enforced policy for the past several years.

If this is true, it seems strange that all of the dormitory vacancies of last Spring Quarter cannot be attributed to outright drop-outs. It seems strange that one of the resident counselors was not preaching the policy until very recently. And it also seems strange that of several dorm residents questioned not a single one of them realized that they were "legally bound" in such a way.

Does this suggest that the "policy" has always been enforced? It is becoming increasingly obvious that the housing situation has been bungled to the point of ridiculousness.

Last fall during the crisis, the Powers-that-Be approved and assigned students to off-campus housing which was not fit for animals to live in. Since then, several students who were stuck in these dungeons have had time to locate much better housing in the city, but the Dean insists they stay in their present burrows and refuses to approve housing since made available, some of which is by all comparison elegant. He says he is afraid to get the present housemothers down his neck. Is this a reason to make students remain in some of the pig pens they are now living in?

Pagemen Edge Indians for 9-12 Mark

Koepnick Leads Falcon Scorers; Scharfenberg, Rice, Wanish Graduate

River Falls closed the 61-62 basketball season in fine style in Karges Gym Monday night, by edging La Crosse by the score of 75-74. The win enabled the Falcons to finish in a third place tie with La Crosse, both teams finishing with conference marks of seven wins against five losses.

Gary Scharfenberg and Mike Rice, who donned the Red and White for the last time, turned sparkling performances. Scharfenberg scored 13 points, slightly below his average, but played an outstanding game both on the backboards and defensively. Rice, a gutty little guard, came off the bench in the second half and put on what must be considered his finest performance of the season, scoring 13 points and setting up many more with his fine passing.

The game was a seesaw battle with both teams having the lead and seem to have the game under control only to lose it and have to fight back.

River Falls held the lead most of the first half until, with 1:33 remaining LaCrosse scored seven straight points to leave the floor at intermission leading 39-36.

La Crosse maintained their lead through most of the second half and appeared to have the game under control. The Indians stretched the margin to nine points at 53-44 with 12:29 left in the game. River Falls then started pecking away at the lead until, with 6:38 remaining Toby Garey sank two free throws to give the Falcons their first advantage since the first half at 65-64. The teams traded baskets the rest of the way until in the waning seconds senior Gary Scharfenberg sank two free throws to give River Falls its final margin.

Don Koepnick led the Falcon scorers with 19 points followed by Toby Garey, Gary Scharfenberg, and Mike Rice all with 13. Bill Sugar and Len Hilgendorf led the Indian scoring with 14 each.

Inconsistency could, in many ways, sum up the just finished 1961-62 basketball season for the River Falls Falcons. When they seemed to jell by winning two or three games in a row, they fell apart and could do nothing right.

With seven returning lettermen, the Falcons got off to a good start by winning five of the first six ball games. After dropping the first game to Augsburg, River Falls then defeated Bethel, St. John, Stout, and Superior in succession to sport a very respectable 4-1 record going in to the Christmas holidays.

After a fourteen day layoff they took to the road for games with St. John, Eau Claire and Bethel, losing all three to even their record at 4-4. On January 13 they returned to the friendly confines of Karges Center and defeated Oshkosh and split the next two games downing UWM and losing to La Crosse. At this point in the season the inability to win on the road showed why the Falcons sported only a 6-5 record. At Karges they were undefeated with a 6-0 record while on the road they were still looking for their win with a 0-5 mark.

For the season's total of nine wins only one was away, an 85-81 victory over Stout at Menomonie. In the last half of the season, River Falls could manage only three wins while losing seven, leaving them with an over-all record of nine wins and twelve losses and a conference record of seven wins and five losses.

"Hot and Cold", "On and Off", or any other such name could be tabbed to the 1962 Falcons. At times it seemed that fans were watching a potential conference champion team, and at times it seemed as though a strong high school team could give them a run for their money.

Members of the 1961-62 basketball team that finished with a 9-12 record are (back row) Mike Rice, Don Koepnick, Gordon Olson, Harry Wolfe, Bob Pritchard, and Vern Wanish, (front row) Toby Garey, Bill Swartz, Gary Scharfenberg, George Wolf, Dinnis Kaiser, and Roger Oestreich. (Photo by Lukowicz)

Julien, Culver Defend WSCC Titles

The River Falls wrestling squad travels to Stevens Point Friday and Saturday, March 9 and 10, in an attempt to win back the Wisconsin State College wrestling crown. The 1960 tournament, also held at Stevens Point, proved to be to the Falcons likings as they won the crown, scoring 67 points. Last year at River Falls the Superior Yellowjackets edged the Red and White 66-63.

The Falcons have two defending individual champions this year in heavyweight Larry Julien and 137 pound Dick Culver. Dave Garlie won the 167 pound division last year but transferred.

Two other returning Falcons placed in the tournament last year. Jerry Fehlan placed second in the 123 pound class and Jerry Halverson was third in the 177 pound division.

Defending champions Superior won the title last year by placing four men as individual champions. These four, who wrestled for Coach Mertz Mortelli's team this year, are 123 pound Bill McCreary, 147 pound Glen Geten, 157 pound Terry Cole and 177 pound Timm Stauffer.

LEADING SCORERS

Dean Austin of Oshkosh lead the 1961-62 Wisconsin State Conference scorers with 282 points coming on 109 field goals and 64 free throws. Eau Claire's Bob Blizzard was second with 257 points followed by J. P. Fisher of Whitewater with 250, Fred Seggelink of Stout with 242, Jim Jaeger of Oshkosh with 204, and Ed Markanus of UW-M with 202 points.

Earlier this season the Falcons and Yellowjackets tangled in a dual meet that ended in a 14-14 tie. Stauffer handed Larry Julien his only loss of the year thus far.

Conference foes that have fallen to the Falcon onslaught include Stout 23-5, Stevens Point 19-7 and LaCrosse 26-4.

The Stout Bluedevils will be relying on 177 pound Leon Stephenson, who placed second behind Stauffer last year. Other dark-horse grapplers for Stout could include heavyweight Jim Keeler, Dennis Lerum and Dale Dix.

Heavyweight Chuck Stusek, 137 pound Andy Fenderson, and Roger Kussman form the nucleus for the LaCrosse Indian squad.

Fenderson placed second in the 147 pound division last year behind Getgen of Superior.

Stevens Point behind the efforts of Art Rouse, Wise, and Heurman will attempt to use the home mat to their advantage.

Not much is known about the southern teams, and it is doubtful that Eau Claire will send a team as they were having some difficulties earlier in the season.

If there are any favorites in the tournament it probably would be the Superior Yellowjackets on the grounds that they are defending champs. The Falcons should run a very close second if not coming home with the second trophy in three years.

Wrestlers Dump St. Cloud In Final Dual Match of Season

The River Falls wrestling squad defeated the St. Cloud grapplers 19 - 8 Tuesday night at Karges Gymnasium. This leaves Coach Byron James and his matmen with seven dual match wins in nine attempts. The Falcons have lost one match and tied one.

Jerry Fehlan of the Falcons and 123 pound Jim Jerek started the evening wrestling by battling to a 4-4 tie; Jerek scored on an escape in the second period while Fehlan scored on a takedown just as the period ended. The Red and White wrestler escaped from the St. Cloud grappler with about 10 seconds left in the match to take a 4-3 lead. Jerek was awarded a point for riding time to tie the match.

St. Cloud forfeited the 130 pound class and Pat Mrotek, wrestling at 137 pounds, was never in trouble as he decisioned Jerry Jacobson 4-1. Jacobson did not score until the closing seconds of the match.

In the 147 pound division the Falcon's Dick Culver easily handled St. Cloud's Rich Peterson 5-2. Culver scored on two takedowns and a reversal while Peterson managed only two escapes.

The 157 pound match started at a fast and furious pace as ten points were scored by the Falcons L. J. Nordahl and St. Cloud's Grant Nelson in about 30 seconds. Nordahl was behind in the first period with about 1:50 left in the period and with 1:20 left he was behind 4-8. In the 30 seconds four reversals and a predicament was scored. Nelson continued to score and won the match 17-5.

Jerry Halverson scored a reversal on 167 pound Jim Hanson in the second period and held his 2-0 advantage when the match ended.

St. Cloud's Ken Ever decisioned River Falls' Dean Dix 3-1, scoring a takedown in the closing seconds of the match.

Heavyweight Larry Julien continued his winning ways by decisioning Jerry Hanson 3-1. Julien scored on an escape and a takedown.

Spring Sport Notice

All persons interested in trying out for baseball and track should report to Karges Gymnasium March 12 at 3:30 p.m. Candidates must furnish their own equipment. If classes conflict, track men should contact Fran Poltfoot and baseballers should contact Don Page.

Sophomores Give Funds, Call For Reconsideration

Last week at a meeting of the sophomore class, it was decided to donate part of the class funds to the Foundation Committee. There were approximately 20 persons at this class meeting. Since the meeting, several class members not present have expressed the opinion that the issue should be reconsidered. Much informal debate and name-calling has developed in this issue and the check for the Foundation Committee was torn up with the understanding that another class meeting will be held on Wednesday, March 21, at 1:25 p.m. in the Little Theatre.

The protestants have expressed a desire to see this (March 21) class meeting far better attended.

Several members of the group protesting the decision have urged that all class members be there to decide, finally, whether the money should be donated. They have stated, "We believe that it is up to the class as a whole to decide what is to be done with our money. The desirability of the bronze falcon is not the issue involved here. We do not question its value. However, we do question the validity of 20 persons representing a class of 400."

The protesting group has claimed that the leaders of the resolution have admitted "railroading" the measure and of not publicizing the meeting sufficiently in order that more persons could attend.

In further questioning the validity of the move, the group said: "The sophomore class had \$524.40 in its treasury at the beginning

of the school year. Through poor judgement, the class lost approximately \$80 at the freshman picnic. To counter this loss, the class took upon itself the sponsorship of the Sno-Ball (Christmas dance.) This netted the sophomore class another loss, this time \$160. Along with incidental expenses incurred during the year, our class can boast a net loss of over \$380.

"Without informing the rest of the class as to the financial situation, certain members have admittedly railroaded through the resolution to donate a considerable amount of this money to the Foundation Committee."

"Also," they have pointed out, "at the meeting the treasurer made a miscalculation and reported approximately \$300 in the treasury. It has been discovered since then that there is only \$142.63."

In summarizing their thoughts, the protestants said, "In this College (where the 'free spirit prevails'), should the sophomore class be required to stumble blindly on, following the reported dictates of the administration and its disciples? 'Could it be that the administration fears the will of the majority?' they asked.

Dr. Stone To Attend Conference

Dr. Gordon Stone, dean of the School of Education at River Falls State College, will participate on the program of the North Central Association of Colleges and Secondary Schools at the annual meeting March 26-29 in Chicago.

The theme of this year's meeting is "The Role of the North Central Association in Improving Education Through the Accrediting Process."

The organization's commission on research and service will sponsor a joint workshop meeting of the college presidents and deans on March 26. This combined group will hear Earl W. Armstrong, director of the National Council for Accrediting Teacher Education. Following this talk, the two groups will meet separately. Dr. Stone will be chairman of the college deans in their discussion of Dr. Armstrong's presentation.

President J. R. Eman of Ball State Teachers College will lead the discussion in the meeting of the college presidents.

2 From College To Take Part in Stout Installation

Two members of the River Falls State College faculty will take part in the installation of William J. Michaels, new president of Stout State College, at ceremonies on March 13 in Menomonie.

The River Falls men will represent the institutions which granted them their bachelors' degrees.

Dr. J. J. McLaughlin, registrar and dean of the School of Arts and Sciences, will represent Eastern Michigan University; and Dr. Francis P. Chisholm, chairman of the English department, will represent Cornell University.

Students Alerted To Positions in Language Field

Dr. Ernest F. Jurgens, German professor on campus, has called to the attention of the students an article in February's *Modern Language Journal* concerning the opportunities available to those prepared to teach in the field of foreign languages.

This particular article refers to the Beverly Hills Unified School District but it is typical of the opportunities available elsewhere says Dr. Jurgens.

This individual school district is willing to pay maximum salary within two years time to teachers with excellent qualifications and appropriate experience. For a Master's Degree and 45 units they offer \$11,000 (10 years experience); Master's Degree, \$9,725 (10 years experience); and Bachelor's Degree, \$8,875 (10 years experience).

The article also states that "teachers elected for employment shall be given credit for experience to the extent of five salary levels for the first year of employment, and those reemployed for the second year shall be given full credit on the salary schedule for all previous experience."

Dr. Jurgens reminds students that the facilities are available at River Falls for preparation to teach in the increasingly important field of foreign languages.

Social Committee Sets 2 Future Dance Dates

There will be a beatnik dance in the basement of the Student Center on March 17 at 8 p. m. According to the dance's promoters, this is "one day to really let down your hair! and the best place to do it will be at the dance. We can all pull up a 'piece of the floor' and listen to a progressive jazz band or, if you would rather, some 'real gone' poetry, and for those who really like to go 'way out' there will be some 'beat' art to focus your 'beat' attentions upon," they said.

"As for dress," they said, "well, down with conformity!"

Student Senate Minutes

The Feb. 26 meeting of the Student Senate was called to order by President Wayne Hendrickson at 6:30 p. m. in the Senate Office.

The secretary's report was approved as read. Treasurer Jim Norrish indicated that there is a deficit of \$650.65 in the Student Senate funds.

O'Connell, on behalf of the Governing Board, presented the question as to whether the Senate would be interested in sponsoring or helping to sponsor a leadership conference in the Spring. It was decided to see if the Governing Board would take care of this event.

Julien moved, Hanson seconded, that campaigning for the Senate

election begin on Monday, March 28. Norrish moved, Swan seconded that the motion be amended to read March 26. The amendment was carried. The motion was then passed as amended.

The Constitution Committee will meet to decide whether any revisions to the Senate Constitution need to be brought up at the Spring elections.

Richardson moved, Norrish seconded that the meeting be adjourned. The meeting was adjourned at 7:40.

Respectfully submitted

Linda L. Kirk
Secretary

Excused: Koepnick, Wilmot.

Local Red Cross Thanks Students For Their Help

The River Falls chapter of the American Red Cross wishes to thank all who participated in the recent visit of the bloodmobile. The classes who took charge of registration, the students who appeared for their appointments, and the 20 who just walked in. There were 92 signed up, 50 of those appeared and 20 came on their own. We sincerely appreciate the effort. A total of 156 pints were collected and we had 21 rejects due to colds, etc.

Sincerely—Mrs. Bert Foster, chapter chairman

Registrar's Notice

Senior students are not excused for examinations except at the end of the Spring quarter when they are completing all of their work towards their degree. Seniors continuing on for summer school but participating in graduation ceremonies in June are not excused from final examinations.

HELP WANTED—Permanent typist and office girl. Must be able to type well enough to pass state civil service exam, and must be able to stay on the job for at least two years. Apply to Mr. Henriksen in college business office.

Draft Boards Have Blanks For CQT's

Applications for the April 17, 1962, administration of the College Qualification Test are now available at Selective Service System local boards throughout the country.

Eligible students who intend to take this test should apply at once to the nearest Selective Service local board for an application and a bulletin of information.

Following instructions in the bulletin, the student should fill out his application and mail it immediately in the envelope provided to SELECTIVE SERVICE EXAMINING SECTION, Educational Testing Service, P. O. Box 586, Princeton, New Jersey. Applications for the April 17 test must be postmarked no later than midnight, March 27, 1962.

According to Educational Testing Service, which prepares and administers the College Qualification Test for the Selective Service System, it will be greatly to the student's advantage to file his application at once. Test results will be reported to the student's Selective Service local board of jurisdiction for use in considering his deferment.
