MONDAY, SEPTEMBER 26, 1960

**DISTINGUISHED GUESTS** at the dedication ceremonies last week, were R. A. Karges, Mrs. Herman Hagestad, and Lt. Gov. Philleo Nash. On the left is President E. H. Kleinpell.

## Friday Dedication Includes Telegram From Washington

by Gail Vollert

Friday, Sept. 23, marked an important milestone in the history of River Falls State College, as three new buildings on the campus were dedicated "to the renewal of faith in education." Buildings dedicated were the H. T. Hagestad Student Center, the R. A. Karges Physical Education and Recreation Center and the E. J. Prucha Residence Hall.

The principal speaker at the ceremonies, Dr. O. Meredith Wilson, new president of the University of Minnesota, encouraged the students of the college to show appropriate gratitude to the people of the state for these new buildings by "the continuous and

The first of the series of three polio shots will be administered on Wednesday, September 28, from 11:30 a.m. to 12:30 p.m. in the Student Center, rooms 101-2-3. Cost of the shot is \$1.25.

All students who have not yet had their polio shots or who are due for the fourth "booster" shot are urged to take advantage of this opportunity, according to Dr. Nancy Knaak, associate dean of students.

The second shot in the series will be given on Oct. 19.

## Woody Herman Orchestra To Present Concert Oct. 4

Woody Herman, who brings his award-winning orchestra, America's greatest entertaining unit, to Wisconsin State College at River Falls for a concert on Tuesday, Oct. 4, is often called the "youngest oldtimer in the music business."

The concert will be in the new Karges Center from 8 to 10 p.m. Tickets will be fifty cents for students with activity tickets and seventy-five cents for general admission.

Herman, who has recently signed with Capitol records, is one of the most popular bandleaders in the music business. A triple performer, he sings, plays the clarinet, and the alto saxophone. He will present his entire orchestra of seventeen world famous instrumentalists and a lovely girl vocalist.

Coming directly from successful engagements at the Blue Note in Chicago, the Palladium Ballroom in Hollywood, and Basin Street in New York, Herman will be fea-

diligent pursuit of education." He stated that the effectiveness of the school depends on how much the students invest in initiative.

President Kleinpell introduced Mrs. H. T. Hagestad and Dr. R. A. Karges, who celebrated his 79th birthday on the day of the dedication.

Also present at the dedication and taking part in the program

Vice President Richard M. Nixon sent his congratulations to the college Friday on the occasion of the triple dedication.

In a telegram received Friday afternoon by President E. H. Kleinpell, Nixon said: "It is a pleasure for me to express my congratulations to you and to all members of your college community on the dedication of three new buildings on your campus.

"I know they will be a great addition to you in your activities and this message brings to you my very best wishes."

were William D. McIntyre, President of the Board of Regents of State Colleges, Mr. Eugene R. McPhee, Director of State Colleges, and Mr. Philleo Nash, Lieutenant-Governor of the State of Wisconsin. "Students may withdraw from a class anytime within four weeks after the first day of classes," the registrar's office announced this week in an attempt to answer several questions concerning this problem.

October 6, then, would be the last day for students to drop a class this quarter. After that date, anyone wishing to drop a class must have the situation reviewed before the Academic Standards Committee for approval or disapproval.

It was also pointed out that the last day on which students could pick up another class this quarter was Thursday, Sept. 15. Thereafter, students who drop a class between now and Oct. 6 must take a reduction in credits.

# The Editor Speaks . . .

Foundation Week, a week set aside by the College in which students and faculty make a concerted drive to raise money for use in supporting some chosen goal concerned with the College, is set for the week of November 7 through 12, 1960.

The purpose of foundation week is two-fold. It is to raise money for something of need to the College and to remind students now enrolled that they will some day be alumni. It is the hope of the College that the students will assume certain obligations for the school as so many present alumni do.

In previous years various projects have been chosen. The goal for 1958-59 was a loud speaker for the Student Center. In 1959-60 additional bleachers were added to the gym in the new R. A. Karges Center.

This year the Foundation Committee is at loss as to what to make the foundation week goal, and would like hear suggestions from the student body as to what they feel the money should be spent for. It should be some addition to the campus which would be of a reasonable cost range that can be raised by the students during Foundation Week.

Suggestions will be welcomed during the week of September 26 - Oct. 3. They may be left in the Student Activities Office, room 2 of the Student Center.

Wisconsin State Attorney General John Reynolds is scheduled to appear on campus next Sunday, Oct. 2. One of the topics which will no doubt be brought up is the right of College students to vote in the River Falls city elections next November. Students have run into considerable opposition in attempting to register under the new city ordinance, and it is hoped that Reynolds may have an answer to the situation.

If the straw vote recently in the Student Center gives any indication of what the general elections of November will be like, the candidates of both major parties had best do some serious campaigning.

Kennedy won the presidential tilt over Nixon by a margin of twelve votes, 245 to 233.

On the other hand, Gov. Nelson left his Republican opponent at the starting gate and ran off with a 313 to 143 victory.

One interesting aspect of the straw vote was that there were several voters who went for a Kennedy-Kuehn combination, and vice versa. The party preference balloting was about equal for both parties.

## LITTLE MAN ON CAMPUS

## Student Senate Minutes

President Ron Skone called the Sept. 19 meeting to order at 6:30 p.m. The secretary's minutes of the Sept. meeting were approved as read. Treasurer Smith lists the present balance in the Student Senate account as \$460.31.

Reports were given from the cape, typewriter, and directory committees.

Harland Carlson and Ray Metzger presented further plans for Homecoming.

Allen Flygstad was appointed to the Governing Board.

The Union Governing Board convention was the next item of business. It was moved by Karl Schmid, seconded by Scotty Smith, that this order of business be tabled until next week; motion carried.

Becky Heiting was chosen to the Social Committee by unanimous ballot.

Increasing membership on the Social Committee from the present seven members to nine members was then discussed. Seefeldt moved and Rogers seconded a motion amending Article V Section II of the Student Senate Constitution to read: with two additional members being appointed during the fall quarter from the freshman class. This addition will be placed at the close of sentence one of Article V, Section II. The vote was unanimously in favor of said amendment. This amendment will be presented to the student body for vote on the day of Homecoming elections, October 7.

Dean Rozehnal will be given full power to order flowers, etc., in all emergencies and not only at times when school is not regularly in session, as was the practice previously.

The Student Senate is extended an invitation to the banquet held for regents and Presidents of Wisconsin State Colleges. That will be Thursday, Sept. 22 at 7:30 p.m. in the Student Center.

The budget for the 1960-61 school year was then brought up. This will be further discussed next week.

Meeting adjourned.  
Carol Hanson,  
Secretary

The Woman Activity

U. S. A.

Hellow Woman Students:

I do not know whether I can receive a letter from one of you or not, but will be most happy to receive. I ask your forgiveness that I write to a woman activity of Wisconsin State College at River Falls, Wisconsin today.

I would like to correspond with a woman student of that college to exchange each of our personality, school system and country's custom for friendship.

Now I am going to introduce myself to you. I am a 24 year old Korean, called Sung Hee Hong, 5.7 feet tall, weight about 60 k.g. I have black hair and brown eyes. I am living now at a beautiful city of southern part of Korea with my two parents. I have an elder sister who had married thirteen years ago and an elder brother who is attending in the Theological Seminary in Pusan. He plans to marry a bride of about five years younger than him. Chinhae is surrounded by a long mountain and a beautiful sea. I think I like this place very much. There are 70,000 populations here in Chinhae. I finished the Elementary School and the Senior High School here. However, the college I went to in Pusan.

I attended the Pusan National University from April, 1957 to on March, 1959 because we did not have a college at Chinhae, except the Naval Academy and Marine Corps Officer School. Pusan is located on Center bases in Chinhae, so most of the majority work for inhabitants is at the four Armed

### COLLEGE CALIBER

Two men, neither very bright, were helping to build a house. One kept picking up nails, looking at them, keeping some and throwing other away.

"Why are you throwing away so many nails?" asked his companion.

"Because they are pointed the wrong way and have the head on the wrong end."

"You fool," said the other. "Those are for the other side of the house."

I am anxious to get a letter from one of you and to know all about yourself, your family, school and country. From my study of the Colleges and Universities of the United States I am sure your school facilities are located in a real beautiful creature, although it is a small college. Even though I went to college only two years college life was very fun and important to me, as you think so yourself. I will keep on schooling sometime. In fact, it is the reason why I am earnestly willing to be your good friends as a foreigner, which will be exchanged letter, tape record and picture. I believe we can become a helper of learning customs, curriculums and way of acting in campus society.

Please forgive many mistakes in my letter, which I am sure I made. I look forward to hearing an answer from you and will appreciate you a lot.

Well, extending my best regard to you and Wisconsin State College until I hear you, I remain

Yours new friend

Mr. Sung Hee Hong

# Falcons, Yellowjackets Battle to 13-13 Tie

## Gridders Travel to Eau Claire Saturday

by Ed Schlumpf

"A pass interception, a frantic huddle, and a perfect last-second field goal left nearly 3,500 fans murmuring in stunned amazement Saturday at Ramer Field as Eau Claire's never-say-die Blugolds pulled out a come from behind upset 9-6 victory over River Falls' Falcons."

That's the way the story started last October following River Falls' Homecoming defeat at the hands of Eau Claire. That was scarcely a year ago — hardly time enough

Thus this Saturday's battle with the Blugolds at Eau Claire that found the Blugolds smashing River Falls 35-21 before an overflow throng of nearly 5,000.

Coach Jim Rice has a small team this season that has had trouble getting started. They dropped a 13-6 decision to Stevens Point in the conference opener two weeks ago and bowed to Winona 14-0 last week. Results of Saturday's game with UWM were not available at press time.

Brightest spot on the horizon has been the play of freshman end Steve Madsen of Spring Valley. He pushed lettermen Don Hagen, and John Wyatt out of starting positions and scored Eau Claire's lone touchdown this year on a pass from Steve Liekteig.

Rice has Russ Knutson returning to head a power-packed back-

field that has the potential to explode but as yet the fuse hasn't been ignited. Pearly Johnson is Knutson's running mate at half-to say, recalling the title game in 1956 played at Eau Claire could develop into the most bitterly contested of a long and brilliant series. And that's hard back with John Kees and freshman Bob Ganka filling in capably as reserves. Don Lee, the stocky end that booted the winning field goal, has been shifted to fullback. (An interesting angle on that play shows that Eau Claire has not kicked a successful PAT attempt in their last nine games. In fact they attempted passes for the PAT in nearly every instance last year.)

Veterans return to bolster the Blugold tackle corps with Ron Ganong and Dean Huggahl getting the starting nod. Dick Loof-boro and Dave Shea will open at the guards and Brian Allen has ousted Steve Kurth from the center position. Mike Friedman is the other end.

Liekteig and Dave Ruder have been alternating at quarterback, running Blugold plays strictly from the "T". Both signal callers like to throw the ball but have had limited success thus far this season.

Spirited activity will undoubtedly get under way early this week with the actual game set for 7:30 p.m. Saturday night at Carson Park in Eau Claire.

by Ed Schlumpf  
The Falcons made one mistake and it cost them the ball game Saturday night at Ramer Field. Clinging to a hard-earned 13-7 lead midway in the fourth period, the Falcons seemed headed to a sure win, but Dan Conway got behind Howie Hofschild and grabbed a 45-yard scoring pass from

Don Ferkovich that produced a 13-13 tie for the second year in a row.

River Falls dominated play right from the start in an effort to keep alive a record that shows no football defeats to Superior since 1951. The streak remains intact with the game ending in a tie however.

Fullback Duane Jensen and half back Larry Lloyd didn't seem to mind the wet turf as they ripped chunks of yardage in the first period. But each time the Falcons threatened the Superior defense tightened. As a result, the initial stanza developed into a tremendous punting duel between RF's Ken "Moose" Mouw and Superior's Dick Dickie.

The Falcons got their first scoring drive going when Mick Lauber gathered in one of Dickie's kicks on the River Falls 23-yard line and zigzagged his way 42 yards to the Superior 34. Two plays failed to gain before Mouw faked a third down kick and passed to Jensen for a first down on the 19.

The Phillipps blockbuster bulled his way to the 10 before the Falcons were confronted with a 4th and 2 situation at that point. Quarterback Bob Dawson dropped back to pass but couldn't spot a receiver so he slithered his way to the five yard line and a first down. Jensen banged into the end zone on the next play and Lauber's perfect placement made it 7-0.

The Yellowjackets wasted little time in retaliating, knotting it 7-7 early in the second quarter on Conway's four yard plunge following a sustained 64-yard march.

Coach Fran Polsfoot's squad employed weird huddle-formation play on the ensuing kickoff but Mick Rogers got only to the 20. A few plays later Mouw boomed one of his patented distance kicks 51 yards and Hubin dropped the ballcarrier with a resounding head-on tackle that could be heard all over the field.

Superior had to give up the ball three plays later, however as Tom Overman dumped Ferkovich for a 10-yard loss on third down. The Red and White then started their second scoring drive from their own 54. Lloyd swept around end for nine with the aid of John Lynch's crushing block to get it started. Dawson mixed passes with running plays to move the ball to the Superior 35. Then with only 45 seconds remaining in the first half, Dawson faded back and fired a perfect strike that caught Lauber in mid-stride on the five and his momentum carried him into the end zone for the go-ahead TD. His PAT attempt was wide and the halftime score read 13-7.

The rain came in the second-half and with it plenty of fumbling and dropped passes: It looked like River Falls lead was going to stand up however but Dickie picked off a stray Dawson aerial and returned it to the RF 45. On the very next play, Conway sped downfield, reached up for Ferkovich's looping pass, and galloped into the end zone untouched for a 13-13 tie. Larry Julien and John Rassbach preserved the tie by knocking Ferkovich out of bounds after he had tried to run for the PAT following a muffed pass from center on the conversion attempt.

A desperate passing attack by River Falls and a messed up field goal attempt by Superior netted each team nothing in the final waning minutes.

## Falcon Fanfare

by Warren Rogers

Lynch

A shoo-in for a Falcons' "most improved football player" award would be this year's co-captain and two-year letterman at tackle, John Lynch of Menomonie. Prior to enrolling at River Falls three years ago Lynch had not played a minute of competitive football. His high school alma mater, Dunn County Agriculture School, did not field a grid team.

The first week at school as a freshman John ran into one of River Falls' great tackles, Bob Koplin, who did enough talking to get his future understudy out to practice.

In describing this first encounter with his fall pastime John comments, "I didn't even know how to put the pads on, but once out on the field you sure learn to defend yourself in a hurry—especially if you are looking across the line at somebody like Koplin."

In three years he had developed into a valuable asset in the Falcons' line, earning letters as a sophomore and junior.

One of the elders on the football squad, he believes the one thing the team needs is experience and that with the development of key players River Falls will be tough to beat. He also said that the defense has come along terrifically since the Augsburg opener.

Majoring in secondary education, John has a major in chemistry and minors in physical education and health. One of his proudest possessions is his two-year old girl. Falcon football fans and the opposition will see a lot of hard action from this senior tackle.

by Darlene Erickson  
An active little girl around campus is Francine Cockett, a seventeen year old freshman from Wailuku, on the island of Maui in Hawaii.  
Francine attended Henry Perine high school in Maui and was an active member of many organizations as well as a cheerleader and section editor of their yearbook.  
"Frankie," as she prefers to be called, is of Hawaiian and Japanese descent. Her father, a World War II hero in Italy, is at present the assistant treasurer of the county of Maui, which includes many smaller islands along with the mainland. He toured the states as an all-star basketball and football player from the University of Hawaii. Frankie has relations in all parts of the world, including Los Angeles Japan, and Chile.  
During summer vacations from high school, Frankie was a pro-

fessional hula dancer at the Maui Palms, a tourist hotel. She was part of a troupe who entertained on the lawn to welcome guests. This past summer she was selected to accompany the Kiwanis All-Star Little League baseball team as a hula dancer during a goodwill tour of the West Coast.  
Frankie came to River Falls because she liked Wisconsin. During her grade school years she did several civics projects on our state. When she arrived here, she expected it to be quite cold compared to Hawaii, but our 90 degree weather rather dispelled that idea. The first hard rain we had found her at a Student Center window telling friends it reminded her so much of Hawaii.  
The only thing Frankie finds very different is that one wears muu muus as in Hawaii, as a substitution for most sport clothes.

**Final Enrollment Figure Hits 1,441**

A record of 1,441 students, including new students, re-entrants, transfers, and post-graduates, have registered at Wisconsin State College at River Falls, according to Registrar J. J. McLaughlin.  
This number marks an increase of 205 students over the enrollment of 1236 seen last year, and an increase of 156 over the 1285 who registered in the fall of 1958.  
Broken down, the figures show 548 freshmen, 333 sophomores, 309 juniors, and 229 seniors. There are 13 post-graduate and 9 special students.  
Statistics show that there are 1,058 male and 382 female students. There are 487 new entrants (first-quarter freshmen), 77 re-entrants, 81 transfers, and 796 returning students.

The next meeting of the Chess Club will be at 7 p.m. on Wednesday Sept. 28, in the Student Center. Officers announced that students who were unable to attend the first meeting last week are still invited to join the club.

**COLLEGE OFFICES MAY FULFILL LOCAL DRAFT REGULATIONS**

Students may request the registrar's office to notify their local draft boards of their change of address and attendance at Wisconsin State College at River Falls.

Students who have recently turned eighteen years of age may also sign up for their local draft and fill other requirements through the dean's office, thus saving a trip to their locality to do so.

"FAITH IN EDUCATION" was stressed by University of Minnesota President O. Meredith Wilson, principal speaker at the dedication of three new buildings on the River Falls campus last week.

**AWS Group Elects New Board Members**

**Dedication . . .**

(Continued from page 1) and students of River Falls will go ahead and serve its community in an ever-satisfying manner.  
Dr. Nash stated that this was a "dedication of human relationships rather than the dedication of a physical plant." He also encouraged the students to keep on making sacrifices for the school and to encourage the residents of the state to do likewise.  
Director of State Colleges, Mr. E. R. McPhee, remarked that "the state of Wisconsin has never built a structure that was big enough," in commenting on the importance of expanding College facilities.  
The formal dedication came when President Kleinpell dedicated the buildings "to the welfare of youth."
