

## The Dance Is To Be Featured

### Five RF Students Sign Contracts for Teaching

River Falls students find teaching jobs even in the middle of a term. One student left school Monday to fill a vacancy, and three other students have received jobs, which will begin next fall. This sort of thing adds greatly to the prestige of a school, and also speaks volumes for the students themselves.

Richard Yanisch has been among the fortunate people to receive teaching positions recently. Mr. Eugene Brown, superintendent of Chetek high school, has contracted him to teach history, which is his minor, for the remainder of this year. Mr. Yanisch, of Ellsworth, graduated from RFSTC in 1940 and has been laboratory assistant to Mr. Setterquist from September up to the present time.

Three of the 1941 graduates of the two-year rural course have already secured jobs, according to Mr. C. L. Eggert, head of the rural department.

Walter Huber will teach the Lantz school in Pierce county next year. The Nippersink school in Dunn county will be taught by Phyllis Wurtz. Amy Lodahl will teach at the Pike Lake school in Chippewa county.

Among those who have already secured positions for the coming year is Virginia Biller, who has accepted a contract to teach at Tony, Wisconsin. She will have charge of the third and fourth grades with the exception of music work. Miss Biller is now practicing in the training school, and is the first of the elementary students specializing in intermediate grade work to sign a contract for next year.

### Gleiter, Stratton, and Brace On Math Club Program

The Mathematics club will hold its regular meeting Wednesday evening at seven o'clock.

An excellent program has been arranged. Ted Gleiter will present to the group the "Algebra of Classes" taken from *Logic*. The book *Star-Gazer*, a recent biography of Galileo, will be discussed by Bill Stratton. Neal Brace will present a few magic squares.

Tommy Kliszcz, secretary of the organization planned the programs dur-

### "Gone With the Wind" Ranked Best by Poll

Choice of more than one-fourth of the nation's college students, "Gone With the Wind" was easily ranked the collegians' No. 1 motion picture shown in 1940, a recent poll reveals.

The survey showed "GWTW" the choice of 27 per cent of the students. Only one other picture was the preference of even half that many - "Rebecca" was selected by 14 per cent.

Other national surveys of critics and editors in the motion picture field have not included "Gone With the Wind" because it has not yet been released for general distribution over the entire country. Among college students, however, David O. Selznick's production was such an overwhelming favorite, that it could not be ignored until the 1941 poll comes around. The top ten pictures of the year, according to collegiate opinion, were:

1. Gone With the Wind
2. Rebecca
3. Grapes of Wrath
4. All This and Heaven Too
5. Foreign Correspondent
6. Knute Rockne, All-American
7. Northwest Passage
8. Northwest Mounted Police
9. The Mortal Storm
10. Boom Town

Interviewers asked students to name the best picture "they had seen" during 1940; so many of the favorites mentioned were not necessarily released during last year. Often a respondent named one of the classics Hollywood has filmed in years before 1940.

Both men and women were fairly well agreed upon the No. 1 rank; men giving the picture 28 per cent and women 26 per cent. "Rebecca," though second choice of both sexes, was preferred by only 11 per cent of the men as compared to 17 per cent of the women. Men selected "The Grapes of Wrath" and "Knute Rockne" third and fourth, while women picked "All This and Heaven Too" and "The Grapes of Wrath" for the same positions.

ing the absence of Chairman Mildred Birkmose. Miss Birkmose was absent last term because of practice work in Hudson.

## Graff Ballet Will Be Featured At Assembly Monday Morning

### Aley Sisters Will Play At Assembly Thursday

Two brilliant young pianists, the Aley sisters, will entertain at assembly on Thursday. As soloists and du-pianists, they have already won the praise of many music critics. Merry Joy is only eleven; Elaine is fourteen.

Joseph Pasternak of Universal Studios, producer of Deanna Durbin pictures has said of them "These are the most accomplished girls I have ever heard. They are a great credit to the music world."

The Aley sisters have played in many parts of the United States. After they had been on his radio program, Rudy Valee commented, "These children are not only piano prodigies, but they can really play the piano, as proved on my broadcast."

### St. Olaf Is First in Debate Tournament

St. Olaf debaters placed first in the annual B debate tournament held at RFSTC Saturday, March 15. Both of St. Olaf's teams won all four of their debates. Second place went to Iowa Teachers College.

The schools which entered the tournament were: Augsburg, Bethel, Concordia, Eau Claire, Hamline, Iowa Teachers College, St. Olaf, St. Thomas, Superior, and River Falls. Eau Claire and River Falls each entered four teams in the tourney.

A banquet given in the cafeteria in the evening was attended by 72 people, during which the results of the tournament were announced.

Debaters who made up the River Falls teams were: Dawn Wheeler, Margaret Parrish, Herbert Boettcher, Neal Brace, Robert Riley, Albert Zahradka, LeRoy Hagemann, and Darwin Fogerty.

### Gleiter, Timmerman Top Term Honor Roll of Forty

Merton Timmerman and Theodore Gleiter head the second term honor roll with fifty-four points each. Paul Prucha is next high with fifty-one. Forty students boasted enough honor points to attain this honor roll.

### Noted Ballet Group Making School Tour

Monday the Graff Ballet will make their first appearance in River Falls during the special assembly hour. This brilliant new American company of young men and women dancers present a program of real entertainment value and have been hailed in the east on their first American tour for the freshness and originality of their ballets.

This company is directed by Grace and Kurt Graff, internationally famous dancers who represent the best of the American and European trends in the dance today.

All the members of the Graff Ballet have appeared as soloists in their own right. Their stage experiences range from the legitimate theatre and musical comedy to the Chicago Opera Ballet.

Among the most successful of the ballets to be given Monday is the stirring dance drama, "Behind This Mask," dealing with the timely theme of dictatorship. It is seasoned with humor - - one scene is danced to swing music and pokes fun at the boredom of a king and queen and satirizes the superficiality of a court society.

The Graffs have been widely acclaimed for their "Renaissance," which, richly costumed, gives the feeling of Italy in the period of the Borgias.

The "Singing Earth" is a lyrical, imaginative ballet with a catchy musical score written by the promising young American composer, Joseph Hawes, who is also one of the two pianists accompanying the entire program of the Graff Ballet.

"Viennese Fragments" depicts a gay nite in Vienna, where gay officers waltz with the ladies and intoxicated coachmen greet a servant girl to the consternation of two old maids.

One will find nothing of the sackcloth and ashes usually associated with modern dancers in the beautifully costumed Graff Ballet productions, which are emphasized by effective stage decorations.

### RFSTC Enrolls Several New Students for Spring Term

The spring term finds 600 students enrolled at RFSTC. Several new students are enrolled, and a few former students have returned to school. Ar-laine Houghsby is a sophomore from Hawkins who has previously attended this college one year and has attended Stout Institute. Douglas Adams is from Owens and is a sophomore. Gordon Gardener is a freshman from Osceola. Marjorie Ericson, a junior from Frederic, has attended Bethel Institute in St. Paul for two years. Emil Path is a senior from Clayton.

Agnes Haddow from River Falls is a freshman transfer from the University of Minnesota. Arnold Solstad from Woodville is a senior.

### Gust Zignego Visits RF On Leave from Pensacola

Gust Zignego, River Falls student in 1937-38 and 1938-39, received his "Wings" and Ensign's commission in the United States Navy Air Corps on March 12 at Miami, Florida.

Gust received his elimination flight training at Wold Chamberlain Airport in Minneapolis, his intermediate training at Pensacola, Florida, and his advanced tactical training at Miami.

After his present leave is completed he will return to Pensacola for three weeks training to qualify as an instructor in the Navy Air Corps.

## Doudna To Oppose Callahan For State Superintendent Position

Edgar G. Doudna, secretary of the board of regents of the Wisconsin State Teachers colleges, recently announce his candidacy for the position of State Superintendent of Public Instruction. Mr. Doudna will oppose John Callahan, the incumbent, in the April election.

### Several Dances Are Scheduled On Spring Term Social Program

Those temporary flashes of spring-fever inspired the Social committee to enliven the forthcoming weekends, resulting in the promise of a gay month for prespiring socialites.

Something new and different will be on trial March 21, when the Social Room will be open to all students from three to five o'clock for games or indulging in favorite recordings. The South Hall gym will also be open for ping-pong and badminton fans. If we all cooperate, this will be repeated March 28.

Several dances are slated for the romantic pre-prom season, all being held in North Hayy. On March 21 Harold Hunter will play, followed by the NYA orchestra on March 29. Gene Kay will be on the stand for the big masquerade scheduled for April 5. Prizes for the best costume will be awarded.

April 18 the *Student Voice* will sponsor an all-school party, celebrating the twenty-fifth anniversary of the paper. The men's union will be open for all these dances, where students may pause and refresh with a "coke."

Edgar G. Doudna

### Masquers Will Present Three One-Act Plays on March 27

Masquers will present three one-act plays in the college auditorium on Thursday evening, March 27. This is the spring entertainment of the college dramatic organization.

A program of between-acts entertainment has been planned in order that there be no pause in the evening.

The plays, tragedy, comedy, and dramatic comedy, are being coached by Masquer members. Tickets will be on sale soon.

## Students Should Have Chance To Take Aptitude Tests

In high schools of larger cities, in vocational schools, and the like, aptitude tests are available to students who wish to find out what particular vocation their minds are capable of following, whether or not with their mental attitude they could follow the fields of endeavor they wish to pursue, or whether they are otherwise suited to a particular work.

Most students at RFSTC come from smaller towns and schools. Consequently, few have had an opportunity to find out whether they should follow one of the various "cultured" vocations, whether they should spend their school days preparing to enter one of the various skilled trades, whether they should prepare to be teachers in any of the many fields, whether they should be research scientists, whether they should be farmers, or whether they should shouldn't be in school at all.

A program instituted by the school or by the state designed solely for this purpose would find a number of students in this or any school who are totally incapable mentally or physically, or both, of following the profession for which they are preparing. Any number of students, who might make good mechanics or cooks, but will make poor teachers, are planning to be teachers simply because they never think of being a mechanic or a cook.

## Students Fail to Show Proper Responsibility With Programs

After each term begins it becomes more and more evident that many students have made out poor programs, allowing themselves to be in the wrong courses. Freshmen and sophomores are found sprinkled in senior college courses too advanced for their background. Other students take just anything to fill out a 16-hour program. Still others waste hours, while some drive themselves to nervousness by insisting upon 21 and 22 hour programs.

Program making should be an individual student responsibility. Each person should plan his course of study for the entire year and stick to it as nearly as possible, making allowances if necessary. Faculty members making programs often times have a tendency to push students into courses in other departments, the set-up of which they know nothing about.

The keynote of program making is common sense and plenty of it. Don't be a fool; moreover, don't always be looking for the easiest way out, because you can't do it for four years and expect to graduate.

## Are You Listening?

## Radio Gives Most College Students Pleasant Leisure Time Activity

What does the average college student do with his leisure time? Does he read, take walks, or go to bed? Does he go to many movies, dances, or does he play cards? Well — the answer is yes, he does, but more than all of these, he listens to the radio. Many students try to listen to the radio and study, too, but the wiser ones know it's best to do either one or the other. These same students are the ones who have developed discriminate tastes as to radio programs. They don't merely turn on the radio and listen, they turn it on because they have a particular program in mind to which they want to listen.

Outside of the weaklings who turn on the radio while taking their bath in the morning (instead of singing), or the ones who haven't courage or ambition enough to shut it off after a program they liked is finished, the majority of the students on this campus know just to what they want to listen.

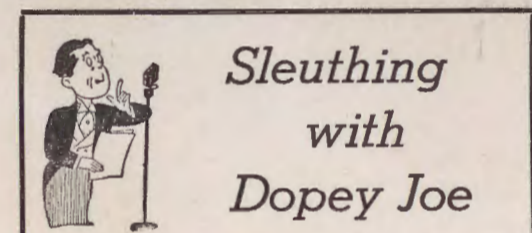

## Lend-Lease Bill Places New Responsibility on Americans

Just how the United States as a nation really feels about the recently passed British Lend Lease Bill is not hard to determine. When we get down at the basic aim which this bill represents, we can see that America is using this means to fight the Axis Powers "to the last Englishman." We Americans look upon the Lend Lease Bill as perhaps the cheapest means of concluding the War in our (Democracy's) favor.

The passage of the Lend Lease Bill merely confirmed the fact that the War is our "baby" from now on. This is a fearful responsibility to take on, one which most Americans rather dreaded; but that step has been taken now, and America must bend all efforts toward accomplishing the task before it.

Action must, of necessity be the important thing under present circumstances, since spring is so near at hand, and some major military offensive by Germany is in immediate prospect. Therefore, it is pleasant news to hear that the United States plans to transfer at least ninety-nine naval ships to Great Britain during 1941. Among those tentatively scheduled for release by the president include 18 mosquito torpedo boats, 17 destroyers, 55 submarine chasing patrol boats, and nine submarines. The transfers will be timed so that only a short period elapses before replacement.

Americans can be sure that their government will give Britain a maximum of aid with a minimum of danger to our own defense program. Only trouble in the Far East could possibly disrupt the steady flow of war materials from America to Britain under the new Lend Lease Bill - and our state department in not asleep to this possibility.

## Sleuthing with Dopey Joe

Gee, this week end was a busy one and Dopey Joe had a hard time covering all the assignments. RUPERT ISAACSON engaged in a dog fight Friday night and emerged victorious but only after he nipped the hound a couple of times. This storm left many students with their hometown "sweeties." LEE DOSCH enjoyed the extra day in Amery. CECIL ECKENSTEDT spends her spare moments with her one big moment. LOIS WEBB had her eyes peeled Saturday for any good looking debaters. St. Thomas brought along several.

We missed that ORVILLE PETERSON and KAY GUANELLA affair last week. PETE says

## Names Make News Gleiter Exemplifies "Mightiest" of "Big Shots"

Hold your hats! Here comes Gleiter. What person is more interesting than the all-dominating Ted Gleiter? Few are the people in our school who have not seen or heard of Ted, whose boisterous voice and laugh are familiar to South Hall's aged corridors.

Hammond is the home scene of this honor roll student who rakes down the A's in such swift succession that his colleagues are amazed. A glutton for work, Ted studies Saturday night, between terms, and on holidays.

His local abode is Seldom Inn where he aptly fills brother Werner's shoes. His food consumption is said to hit all records — his ambition requiring that he burn all calories available. Three or four pieces of cake just nicely tops off a meal for Ted.

Ted Gleiter

He transferred to River Falls from Eau Claire where his "oomph" is reported to have left the Eau Claire student body all in a dither.

He plays a trombone, typically enough, and he takes scads of pictures. In order to maintain his esteem in the math department, Ted studies all the math available and dresses respectfully, in accordance with his scholarship.

Like previous folks discussed here, he laughs a lot and pulls wise jokes for people to laugh at. And, a typical characteristic of his robustness is that he is always in a hurry.

Ted Gleiter is one more of those interesting personalities which make RFSTC a more fascinating place to go to school.

winter is here to stay. We are hoping April Fools' Day will produce plenty of news. We have a good barber shop quartet in our midst. PETERSON, MRAZ, REYNOLDS, and ISAACSON would make Gene Autry feel like a deaf mute. They start together but never end on the same song.

NORMAN LARSON had a hard time getting back after visiting the boss of the family, his wife. ED JACOBSON is bargaining with a local gal to go with him to the prom. Money involved, no doubt.

A fixture anywhere is MARY STUNNER and DON GRIFFEY romance. It has weathered almost every storm. ORVILLE THOMPSON motors to the Twin Cities every week end to entertain his beautiful number.

BOB WILLS spends his lonely evenings thinking of JUNE TWEED. They are separated by 12 fateful miles. DOC PALON has cast his spell over a junior brunette. Nice going DOC.

stone Concert on Monday night. But the music that really rates high on our listening list is the popular variety, "boogie woogie" and all. Glenn Miller and his hot, hot rhythms

## Behind the Eight Ball with the editor

All peoples primitive and modern have used dancing as a mode of expression. As literature uses words and music uses sound, the dance uses music to interpret the world around it. Since movement, common to us all, is the dancers vocabulary, the dance should be universally understood.

Grace and Kurt Graff, who are bringing their company to River Falls Monday have recently dance in Europe making several crown performances.

The Graffs tell an amusing story of their court performances in Torino before the King and Crown Prince of Italy. The curtains descended upon their first dance and not a sound of applause was heard. To the Graffs' amazement the Italian wardrobe lady backstage congratulated them on their tremendous success. At their look of astonishment she explained that it was not customary for the court to applaud in the presence of the King.

The "Renaissance" which was performed on that occasion will be included in the performance here.

Dick Yanisch goes school teaching this week in Chetek, where he will complete the year, directly after which he will jump into one of Uncle Sam's brand new army suits.

Joyce Beardsley, having just received a diamond from Floyd Hendrickson, former student here, received a phone call from him, a few minutes before he left with the army for Fort Sill in the South. "Mose", temporarily stationed in the Twin Cities did not know until the last minute just where he would go.

Al Chelgren another student of a few years back has been drafted and is located in Wyoming. Strange places, this draft takes us!

Ag seniors make themselves conspicuous by their absence. The boys, gone for two weeks on a practice teaching lark, will be back this week, occupying their usual predominant position on the campus.

## All Star Quintet Selections Give King, Kroeger, Rasmussen Positions

On March 13, 14, and 15 the coaches in the Northern Wisconsin conference assembled at Madison to choose the all-star basketball players of this season and to schedule athletic events for this spring. Coach Lowery, representing River Falls, was chosen president of the conference athletic association for the coming year.

Of the men chosen as all stars on the first and second teams, three River Falls men were placed, King, Rasmussen, and Kroeger.

### First Team

E. Rehnstrand, Superior .. Forward  
Lupie, LaCrosse ..... Forward  
Krenz, Eau Claire ..... Eau Claire  
Ed. Rehnstand, Superior .... Center  
Wulk, La Crosse ..... Center  
Engdahl, Superior ..... Guard  
King, River Falls ..... Guard  
Mueller, Superior ..... Guard  
DeVoll, La Crosse ..... Guard

### Second Team

Kroeger, River Falls ..... Forward  
Welch, Superior ..... Forward  
Hammond, Stout ..... Forward  
Kenny, La Crosse ..... Forward  
Rasmussen, River Falls ..... Center  
H. Hesselman, Stout ..... Center  
J. Hesselman, Stout ..... Guard  
Sequin, Eau Claire ..... Guard  
Bochart, La Crosse ..... Guard  
Peterson, Stout ..... Guard

Scheduled athletic events to be announced by the coaches are the state swim meet at Stout, March 22, the state track meet at Milwaukee, May 24, and the state tennis and golf tournament at La Crosse, May 29. The athletic department plans to send men to participate in all three of these tournaments.

Coach Juedes announces that he will take a relay team, plus a few other male aquatic stars, to the swim meet next Saturday at Stout. Last year the meet was won by an outstanding Milwaukee squad. Milwaukee, La Crosse, River Falls, Stout, and Eau Claire colleges will be represented at Stout Saturday.

Coach Lowery has made tentative plans for a spring football game to be played with St. Olaf, April 24 on the Falcon gridiron. Last spring the Norsemen downed the Red and White at Northfield in a close game.

## Intramural Sports

With the advent of spring, college students are once more taking a new interest in all intramural sports. Large groups have indicated their desire to participate in volleyball, diamond ball, and swimming during the coming months.

The contests held during the winter term have been completed and the winners decided. Charles Rohr established himself as the champion during the cribbage tourney just completed; second place honors went to Collier. The present standings of the men's bowling league indicate that Ott's team is in front. G. Drehmel won first place honors in the checker tournament while Reynolds received second place. Thompson won the free-throw contest held several weeks ago by sinking 36 out of 50 chances; Diermeier and Brookes tied for second.

Ten teams signed up for volleyball and play has already begun in that field. A final all school table-tennis tourney will soon be run off to determine the ace player of the school.

result. Make your appointment today!  
**Shepard's Photo Service**

**FOLLOWERS** of the Superior Yellowjackets were disappointed as their team was beaten by a quintet from Delta, Mississippi at the Kansas City meet. Superior held an early advantage, but the Badger state representatives were finally nosed out.

**LSO**, the spirited Ellsworth squad that dumped St. Croix Falls to earn the chance of representing this district at Madison, was downed by Kenosha high 34-17.

**ONE** holdout and star right hander for the Chicago Cubs, Bill Lee, still has not returned a signed contract. Big Bill says he will stick to farming rather than take further salary slashes.

**LINCHING** the National League hockey championship with an 8-3 victory over the New York American Giants, were the powerful Boston Bruins. This is the third straight year that the Hub City pucksters have taken this honor.

**OTHER** National League baseball mentors are worrying about the surprising play of Durocher's Brooklyn Dodgers. The boys from Flatbush have claimed the Grapefruit League title with six victories and only one defeat.

**NEW** alleys, forty in all, were installed in the St. Paul auditorium to take care of the 30,000 bowlers who are taking part in the ABC annual affair at St. Paul. Bowling is a skyrocketing sport, claiming 15 million aspirants in the United States.

**STEEL**, heavyweight wrestling champion of the world, was dethroned last week by Nagurski, former Minnesota football darling.

## Council Grants Major Letters to Falconmen

At a meeting last week, the athletic council voted major letters to nine Falcon basketballers. Two minor letters were voted to George Noyes and Charles Chapman.

The major awards went to Schwartz, King, Kroeger, Palm, Pelouquin, Olson, Schmidt, Henry, and Rasmussen. The first four men are the seniors to be lost to the squad though graduation.

Also recognized for outstanding playing were the 14 members of the frosh squad. These men are forwards Ted Miller, David Hanson, McCardle, Lundmark, and Meehan; guards Pop-

py, Dosch, Orin Boettcher, Morrow, Brandon, and Ubbelohde; centers Mattson, Babbitt, and Ringstad. Next year Falcon fans will probably see many of these men on the varsity due to the many openings left through graduation.

The voting of awards and recognition to all hardcourt aspirants definitely put the lid on this activity for the season. Though the won and lost records may not show it, the season was a highly successful and active one.

### Rural Life Observes St. Patrick's Day

The regular meeting of the Rural Life club was held in Mr. M. D. Geere's room in South Hall on Thursday, Mar. 13. Mr. C. L. Eggert was the chief speaker of the evening, discussing the Wisconsin Rural Life conference which will be held in Madison on May 2 and 3. The theme of the conference will be "The Role of the Rural Community in Strengthening Democracy." Approximate expenditures for the conference were cited and many members, both freshmen and sophomores, plan to attend. Mr. Eggert also proposed affiliation with the National Rural Life club.

In keeping with the season, Anita Hutton conducted a St. Patrick's quiz and tiny shamrocks and clay pipes were distributed as prizes. Elvira Warner led the singing of old Irish songs, and Dorothy Lovell accompanied her on the piano. The highlight of the evening was a game to test the superiority of the blondes or brunettes. Even with Mr. Eggert's able assistance, the brunettes fought a losing battle. Refreshments, also in keeping with the St. Patrick's season, consisted of punch and cookies.

A double quartet, under the direction of Dorothy Lovell, was formed last week for participation in PTA, Rural Life programs, and the Wisconsin Rural Life conference to be held in Madison on May 2 and 3. From the number who tried out, Marie Tschumperlin, Helen Siem, Alice Guerin, Mureil Leisz, Constance Kerg, Bertha Wilhelm and Elvira Warner were selected to compose the double quartet.

### RF 1941 Meletean To Be Discussed by Senate Members

An important meeting of the Student Senate will be held on Tuesday, March 25. At this time the 1941 Meletean will be discussed.

The Student Senate members and the Meletean staff have asked that all students interested in the Annual be present.

The purpose of the meeting is to give students a chance to offer suggestions on improving the contents and appearance of the year book. Students are asked to bring in any information that can be used in comparing our annual with those of other schools.

This is an opportunity for students to help make the 1941 Meletean a success; so if any have criticisms, or suggestions, they are requested to be present at this meeting.

Further notices will be posted on the bulletin board as to the time and place of the meeting.

### Club Samples Roman Food

Last Wednesday, March 21, the Latin club imagined themselves living during the "good old days" of Cicero. Silver Star LaRa was leader of the Roman tribe and provided Roman games for them to play.

The "Latiners" agreed that the Romans would have to be hale and hearty athletes to eat and enjoy the cheese cakes made from the ancient recipe. The modernly made hot chocolate was enjoyed by all.

### ACE Discusses Parent-Teacher Relationship Tuesday Evening

The RFSTC Association for Childhood Education held its regular monthly meeting Tuesday evening, March 11, in Miss Gladys Zak's room. The program consisted of a discussion of parent and teacher relationships and problems that arise between parents and teachers. This discussion was led by Dola Schwartz, Millicent Leadholm, and Ellen Kessler. The next executive meeting of the ACE will be on Tuesday evening, March 25. The next regular meeting will be held on Tuesday, April 8.

On the evening of April 3, the ACE together with the Midguardians are to be the guests of the PEO in the Social Room. The guest speaker will be Miss Stella Woods, Principal of Miss Wood's Kindergarten and Primary Training School of Minneapolis. Only the primary girls who are members of the ACE will be included in this meeting.

### European Situation Discussed By Dr. W. D. Wyman at YM

An interesting discussion by Dr. Walker D. Wyman Monday evening before the YMCA clarified many points concerning the friction which has existed between democracies and the totalitarian states of Europe. Mr. Wyman stated that perhaps the totalitarian powers were justified in their accusations that we of a democracy have physically weak bodies and never seem to be able to make up our minds. But on the other hand, he intimated, who would want to be regimented to achieve their ideal of perfection? He did conclude that dictator nations seem to have a superior economic set-up, more stable than democracies.

Another feature of the speech was his analyzing of President Roosevelt's radio message Saturday evening, concerning the new Lease-Lend Bill.

Next week's meeting will feature a home talent program put on by the Deputation Department of the YM.

### Cement Is Topic at Science Club

The Science club will hold its regular meeting Thursday night at 7:00 in the chemistry lecture room, number 318 in North Hall. Two films will be shown, dealing with the manufacture of cement and its uses.

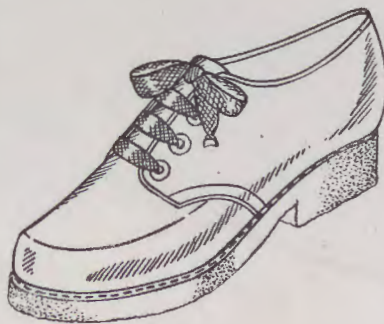

### Training School Honor Roll

The Honor Roll for the second term in the junior high department of the training school is as follows:

Eighth grade: Amy Anderson, Norris Crist, Charles Hocking, Lois Junkman, Ruth Nelson, Donna Mae Olson, Lois Ward, Charles White.

Seventh grade: Annalee Benson, Karl Jacobson, Jerry Healy, Joyce Prisk, Alene Schorn.
