VOLUME XXII

RIVER FALLS, WISCONSIN, WEDNESDAY, OCTOBER 6, 1937

NUMBER 3

## Important Election Scheduled For Thursday's Assembly Hour

### Homecoming Queen and Senate Member Will Be Chosen By Student Vote

Election of Homecoming queen and a Student Senate member to take the place of the former Elizabeth Mason will occupy the first part of the Thursday assembly hour.

The nominations for queen as made by the Student Senate are not final. Opportunity will be afforded on the ballot to vote for any other woman student regardless of class. This change in the election rules has been made since the last issue of the *Voice*.

Names of four juniors and one senior will appear on the ballot Thursday. The lone senior is Miss Lauraine Isaacson of Spring Valley. Miss Isaacson has been a member of the G.O.P. for three years, the YWCA for two years, chorus for two years, and the *Student Voice* for three years, serving last year as executive editor.

Miss Harriet Campbell of River Falls is a member of the orchestra, string ensemble, YWCA, a cappella, GOP, and Masquers, serving in the capacity of Masquers secretary at present.

Miss Ruth Phillips, another River Falls candidate, is a member of the Masquers, a cappella, GOP, French club, Honor Society, and YWCA.

Miss Ruth Moen, Ellsworth's contribution to the "eligibles," is a member of a cappella, Palette club, and Party Committee.

Miss Helen Hickox, Hudson's fair daughter, is the debater of the group. She is a member of Pi Kappa Delta, national forensics fraternity, and the Honor Society.

Nominations for a Student Senate members will be made from the floor. The election will immediately follow.

The last half of the period will be devoted to class and organization meetings.

The seniors will hold election of officers at this time. Freshmen will meet at the same time.

### Boarding Club Is Organized

"The Lassies" was chosen as the title for the new boarding club organized under the direction of Mrs. William Griffith. Joyce Leonard will act as president of the club, Frona Nelson as treasurer, and Mary Griffith as social secretary.

Each of the twenty girls who comprise the club works an hour a day.

### Bi-County Conference Program Is Announced

Completion of the program for the conference to be held here October 9 by the teachers of Pierce and St. Croix counties was announced this week. Following is the program for the morning session:

9:15 Music by the training school  
Address—"Public School Music"  
Prof. B. J. Rozehnal, director of band and orchestra

10:00 Address—"The Progress of Rural Education in Minnesota,"  
Prof. C. T. Engum, director of rural education in Minnesota

11:00 Inspection of the teachers college plant conducted by the seniors in the rural department

12:15 Luncheon at Lutheran church.  
Address—"The Trend of Rural Education," Prof. R. S. Ihlenfeldt, state supervisor of rural schools in Wisconsin

The afternoon session will be conducted by the county superintendents. St. Croix county delegates will meet in the college auditorium. The Pierce county representatives will confer in the junior high school auditorium.

## Annual Health Service Report Is Published

### College Students Make Over Seventeen Hundred Calls on Doctor and Nurse

In a bulletin released by the Health Service, the activities of this department for the past year are announced.

The campus health cottage, located back of South Hall is the headquarters of this service. Miss Irene McCourt, college nurse, has her office in the building, and at regular times, Dr. L. H. Nash meets students there. Following is the report.

#### Work in College

Downtown office calls ..... 144  
Cottage office calls ..... 1671  
House calls by doctor ..... 84  
House calls by nurse ..... 104

#### Work in Training School

Cottage office calls ..... 23  
Downtown office calls ..... 7  
Diphtheria immunizations ..... 96  
Office calls North Hall ..... 584  
Physical inspections ..... 126  
Talks to children ..... 35  
Room visits ..... 147  
Room inspections ..... 83  
Home calls ..... 9  
Vision tests ..... 3  
All grades weighed and measured twice. The first and second grades weighed and measured a third time.

#### Work not Tabulated

All freshmen were given physical examinations.

Follow-up checks were given to a number of freshmen.

Part of the graduating class was given physical examinations.

All freshmen, and a number of others, were given vision tests by the nurse.

Several students were given the tuberculosis test by the doctor.

In several cases, the nurse cared for students at their rooming places.

(Continued on page four)

### Dance Saturday Night

An all-school dance will be sponsored by the Student Senate on Saturday evening, October 9, in the North Hall gymnasium. Harold Hunter's orchestra will furnish the music. Dancing will begin at 8:30. An admission charge of 10c per person will be made.

### Speaks Before Y.M.C.A.

President J. H. Ames

## President Talks At Induction of Y.M. Members

### Importance of Independent Thought Emphasized at Monday Meeting

Emphasizing the need for independent thinking President J. H. Ames addressed a meeting of the YMCA in the Men's Union last Monday evening. A ritual for the reception of members was another feature of the program.

"Perhaps," said Mr. Ames, "there is no question as to what people are thinking about. Possibly, they are not thinking at all."

Mr. Ames then pointed out that if people were thinking effectively they would be able to solve the objectionable situations which are now tolerated.

Advocating independent thought instead of blind acceptance of ideas, the speaker urged students to evaluate the theories of their professors and the opinions of the magazines which they read.

"Accepting or rejecting a practice or idea on its merits and not on the commonness of its endorsement is the basis of independent thinking," Mr. Ames stated.

He warned, however, that self-reliant thought does not mean a repudiation of everything that has been previously accepted.

(Continued on page two)

## Homecoming Events Begin With Reception for Former President

## Senate Submits Social Program For First Term

### Two Week-end Dances, School Party, and Matinee Dance On Present Schedule

At a meeting of the Party Committee of the Student Senate last Monday afternoon, a social program for the student body for the first term was formulated.

On October 9, an all school dancing party will be held in the North Hall gym. October 16 is homecoming and the evening of that day is the date for the annual homecoming dance.

A second all school party is planned for November 16, and December 6 has been set aside for a matinee dance to be held at the beginning of the second term. A small admission will be charged for these dances.

The Party Committee is working on a social program for the entire year and will have it completed soon.

The suggestion has been made that men students who come to school parties without partners should be penalized. The purpose of this proposal is to diminish the preponderance of stags, to bring larger crowds, and to promote all-around good times at school parties.

At a meeting of the entire Student Senate this week, Loell Larson was elected to the office of permanent secretary. Mr. Larson has been acting secretary since the beginning of the term.

An organization committee composed of Joseph Hyde, chairman, Roy Peterson, and Lawrence Gherty will attempt to arrange the organization schedule to eliminate conflicts as far as possible. The committee will start work as soon as definite membership rolls of each organization are submitted. At present all groups are not definitely organized.

### Date Deadline Is Set

All social organizations are requested to meet before Friday, October 8 in order to make plans for their social events of the year and decide on dates that they wish the Party Committee to set aside for them.

### Various Chairmen and Classes Receive Assignments for Work on Gala Event

"The biggest and best Homecoming ever held" is the motto of the Homecoming committee as plans are progressing to make October 16 a day to be long remembered by students and alumni of River Falls.

The Homecoming activities begin on Friday, October 15, with a reception for former President Crabtree in the social room in south hall at 3 p. m.

The next event will be the big mass meeting in the college auditorium at 8 p. m. the same day. The program will consist of an address by Mr. Crabtree, a "pep" meeting, and several stunts. The stunts at the mass meeting will be given by the different organizations in school. Niles Grunke is the general chairman of the stunts, and Dr. Owens is the faculty adviser. Prizes will be awarded for the best stunts as in former years.

Another feature of the mass meeting will be the crowning of the Homecoming queen. The queen will be elected during the assembly hour on Thursday, October 7, from the list of five nominees as announced in last week's *Voice*.

The mass meeting will be followed by the torchlight parade and the bonfire.

Saturday's activities begin at 10 a. m. with the annual Homecoming parade. This year's parade promises to be an excellent one. The YMCA under the leadership of Gilbert Mattson is again building the float on which the queen will ride in the parade. Thus far, eleven other organizations have made arrangements to enter floats. Individuals may also enter floats if they so desire.

As usual, prizes will be awarded for the best floats. There will be prizes for the two best organization floats in the parade. There will also be a prize for the best comic float. The comic float may be entered by either an individual or an organization. Frank Sirianni is the general float chairman.

The feature of the Homecoming is, of course, the football game at 2 p. m. when the Falcons and the La-Crosse Indians will clash at Ramer Field. Judging from the type of football displayed by the Falcons in their two games thus far this season, we may expect a real old-fashioned thriller at Ramer Field on October 16.

(Continued on page two)

### Pep Meeting Will Be Held Thursday Evening

Students will swing into the pre-homecoming activities at a mass meeting, sponsored by the Student Senate, to be held Thursday evening at 7 o'clock in the college auditorium.

The program will be short, but will furnish the impetus to send the team against the Eau Claire aggregation in an attempt to garner a victory on the Falcon's first conference game.

The college band will open the program followed by the presentation of the team to the students by Coach E. P. Lowery.

President J. H. Ames and Captain Tom Rendler will address the meeting.

Copies of the songs and yells will be distributed at the door and it is expected that the students will learn these before homecoming.

All students who are interested in the school and who have any school spirit are urged to attend.

## Tour Europe by Bicycle, Say Instructors

After a summer spent in the British Isles, L. Lucille Haddow, instructor in the English department, and Miss Maud Latta, history department, are back in their classrooms with stores of interesting information gathered during their delightful vacation abroad.

In June, just as the celebrated rose season was beginning, they arrived in England on a Cunard liner out of Montreal. They spent two or three weeks in London and its vicinity, becoming re-acquainted with all the scenes and landmarks which figured prominently in early English history and literature.

As Miss Haddow has said, London is so rich in tradition, and the surrounding country so delightful, that it was almost impossible to choose any favorite spot. Some of the highlights of the English country-side --- Inns of Court, the Houses of Parliament, Westminster Abbey, with its

century-old atmosphere, St. Paul's Cathedral, Keat's Museum, Drury Lane, Hampstead Heath, Stonehedge, the sheer beauty of England's Lake District are comparable only to the Highlands of Scotland and Killarney of the Emerald Isle.

As a whole Miss Haddow and Miss Latta found Scotland more rugged than England. There was a great number of bicycle tours throughout the countryside as bicycles were the chief mode of transportation there.

Going from Glasgow to Belfast by boat, they were much impressed by the efforts toward progress being made by Ireland. They found the people of Northern Ireland more like the people of the United States than those of any other part of the British Isles.

They spent a short vacation on the continent - staying a week in Paris. They had no difficulty in being un-

derstood, as they possessed a speaking vocabulary of French, and the smaller countries through which they passed were quite Anglicised. Paris gave the impression of being more light and airy, with controlled landscaping, in contrast to the rambling charm of the English country-side. The Seine part of Paris was very interesting -- the fishermen, the book-stalls along the left bank, the flower markets and the vegetable marts. The remains of buildings destroyed during the French Revolution were especially interesting from an historical point of view.

In summing up their vacation, Miss Haddow and Miss Latta have come to several conclusions -- that England has the most beautiful roses in the world, that one who tours should leave his car at home and invest in a bicycle, and that one may prepare to practically starve to death in England.

## Homecoming Preparations Need You! Are You Ready?

Homecoming is only a week and a half away. Since this is one of the most important events of the year, let's all be ready and willing to do everything in our power to make it successful. It is certain to entail an extraordinary amount of work, for it always has and always will.

For some unaccountable reason the major part of the student body seems to feel that the chairmen and committeemen are the only ones in the school when it comes to the work of preparing for this big event. The school belongs to you as well as to them, and it is therefore your duty and privilege to aid in preparing for and presenting this great annual event. Don't be a "buck-passer."

Nearly every day we hear or see the statement that "we get out of a thing just what we put into it." Perhaps the truth of this statement has dawned upon most of us by now. Here is a chance to show how much faith we have in that adage.

What we mean in general is that when you are asked to do something, comply with alacrity and help to make this year's homecoming the biggest and best your alma mater has ever had.

## Freshman Participation In Homecoming Advised

Homecoming - the theme supreme for the ensuing three weeks - just what does it mean to you?

You, freshmen, perhaps don't know what it's all about yet, but the time to start is your freshman year. Perhaps you don't know any of the old returning grads personally, but what of it? You'll recognize many of them by pictures, descriptions, and reputations one way or another. Cars and cars of people will be pouring into River Falls, eager to see their Alma Mater again, and to renew old campus friendships. Look and learn, freshies - remember, you'll be in the midst of the excitement only too soon!

So, newcomers to our cam-

pus, make yourselves a part of this Homecoming - it's your celebration too, and remember, the old graduates look over the freshman crop very critically.

## Study Is the Password To A More Enriched Life

A month in college should have given every freshman an idea of what study means; its meaning should have been refreshed in the minds of every upper classman, too. Yet a call for an explanation of the term would result in that insipid definition, "Study is a purposeful mental activity of the work type." Is it any wonder that many students speak of study with distaste? They do not realize that study means so much more than the definition implies.

One way to come to a full realization of the meaning of study is to consider each letter of which the word is composed as symbolic of some significance in its meaning. Thus, the first letter, "s," might signify stimulation, for the urge to do great things is developed through a taste of glory, such as is derived from an insight into the lives of the ancient fathers.

The art of using devices to accomplish an end is certainly learned through study; therefore, the "t" in "study" may be said to denote tactics.

"U" stands for unity. Effective study habits result in a natural unity that is a requisite to every professional worker, but particularly to the teacher.

Since "degree" begins with a "d", that term might be accepted as the most suitable of these suggested meanings for study. It is true that the college student's efforts are very directly aimed toward that end, the bachelor of education degree. But, when that degree is awarded, the graduate will find that he possesses more than the rank; he has a storehouse of knowledge that can never be taken away. Thus, "d" might mean "depository."

Beginning with the letter "y" is one word which sums up all these words. It is "yield." The yield from a full realization of the meaning of effective study habits is a lease on life and its benefits.

## Rhapsodies IN BLACK AND WHITE

After naming this column as we did, we thought it might be wise to find out the exact meaning of the word "rhapsody." We consulted Mr. Webster, and to our intense chagrin we found rhapsody to be described as "a miscellaneous collection; a disconnected series; a jumble; a string; effusively incoherent and extravagant discourse." Not content with that, Webster continued by adding insult to injury and characterized a rhapsodist as "one who writes or speaks disconnectedly or without sound argument." Since that time we have decided to leave Webster alone.

Regardless of what the dictionary thinks of us, we think that the marching band gave us a pretty fair exhibition at the Mankato game. The band is planning to accompany the team to Eau Claire and give them moral if not musical support. After all, Eau Claire is only seventy miles away so why not start an "On to Eau Claire" movement and have more students at that game?

We watched the marching band practice the other night and saw something new in maneuvers in addition to their cart-wheels and cog-wheels and counter-marches. For instance, there was a gargantuan football that tried to roll down the field but succeeded only in looking like a lop-sided punching bag, and a falcon that flapped its wings while marching down the field. But you will have to wait until Homecoming to see all that, and in the meantime we shall see you in Eau Claire.

## President Talks At YMCA

(Continued from first page)

This meeting was the climax of the membership drive conducted under the leadership of Russell Gettinger. Ninety men were present and received membership cards at this meeting. One hundred twenty men have already signed membership blanks, but the drive will be continued one more week in order to give others an opportunity to join.

The address by President J. H. Ames was the second of a series of discussions of the topic, "What College People Should Be Thinking About."

Next Monday the Rev. Ernest Boerb, the new minister at the First Lutheran church, will speak on the same subject. At the meeting on October 18 J. H. Grimm will discuss a similar topic.

## THE LOUDSPEAKER

So the theme for Homecoming is going to be "Scalp The Indians." We pity the poor float chairmen who are going to have to evolve sure-fire ideas from that slogan. I imagine we will see everything in the parade from rolling war bonnets to GOP gals covered with war paint and brandishing bloody tomahawks! We ought to make all the freshmen wear easily-scalped toupees - just for the effect, you know.

More people have visited the third floor of South Hall, during the past week than at any time in the school's history. What with tryouts going on night and day for both Masquers and a cappella chorus the upper halls are alive with arpeggios and pantomimes.

Folks who are worried about the foreign situation can calm down. If other National Guards units can mobilize as quickly as our local organization did the other evening when the safety of one of its more greenish members was threatened by a mob of potential ride-givers, then our sacred shores will never be conquered by foreign despoilers.

From what the college youth saw this week end, we predict that during the next war there won't be much trouble getting enough men to fight the foe. Why, they'll join by the millions just for the extra privileges they will be accorded when and if they get back home again. Then they can imbibe and imbibe!

One of the last vestiges of slavery on the campus vanished when the Masquer authorities voted against continuing the hated apprentice system, at a vigorously debated meeting held just recently. New members are to be chosen a short time after the conclusion of the tryouts, which seems much fairer all around.

Under no circumstances, say the librarians, will livestock of any description be furnished housing and protection within the four walls of their sacred domain. There has been entirely too much of this sort of thing going on of late and it is time it was stopped. Although your dog may enjoy himself greatly amid the bookstalls, proper training should cure him.

## Homecoming Events Begin with Reception

(Continued from first page)

After the game the faculty will be at home to alumni and friends in the social room in south hall.

At 6 p. m. will be held the annual football dinner to which all lettermen of President Crabtree's time are invited as guests of the school.

The homecoming activities will end on Saturday night with the annual Homecoming dance to be held in the North Hall gymnasium at 8:30. The arrangements for this event are being taken care of by the Party Committee of the Student Senate.

In order to make Homecoming successful, the cooperation of all students is needed. Each class has been given some responsibility. The Freshmen will lime the "R" on the mound, and they will also decorate Main Street. The Sophomores will put up all "Welcome" signs, and will decorate the campus. The Juniors will decorate Ramer Field. The Seniors are to assist in decorating the store windows. A circulating cup is awarded each year to the store having the most attractively decorated window.

A football will be awarded as a prize for the best decorated rooming-house.

The F.F.A. has assumed the responsibility of securing the torches for the parade and the wood for the bonfire.

The theme, "Scalp the Indians," will be carried out in the Homecoming activities.

### Falcons Defeat St. Johns 12-6 for Second Victory

#### Local Team Outgains Johnnies and Looks Much Improved in Saturday's Game

River Falls waited until the last quarter to score against St. Johns at Collegeville, Minnesota, last Saturday, and then they crossed the final chalk line twice to come home with a 12-6 victory. The Falcons outplayed the Johnnies in all departments except the total first downs, where St. John's held a 12 to 11 advantage. Coach Lowery's men turned loose a barrage of nineteen passes and completed nine for a total of 197 yards gained.

Johnny O'Brien and Mert Wulf scored the two tallies for the Red and White eleven. O'Brien's came on a beautifully executed end around play, and Wulf scored his on a pass from the hands of Walt Herkal. On the try for points Cudney's first kick was wide and the second one was blocked. Blank and Cudney starred in the backfield, while Staley and O'Brien starred in the line.

#### ST. JOHNS SCORES

Late in the second quarter St. Johns took the ball on the 43-yard line and opened up with three completed passes. The final one netted them a touchdown. This pass was from Jim Boyd to Schneider. Callanan's place kick was wide.

In the first half St. John's scored eight first downs to three for the Falcons. Two of River Falls' first downs during the first half came in the few remaining minutes after the Johnnies had scored. The second half was all in favor of River Falls. They scored two touchdowns on seven first downs while holding St. Johns to just three first downs.

#### WIN ON 59-YARD PASS

Early in the fourth period River Falls held the ball on the five-yard line, but on the next play Cudney fumbled and St. Johns recovered. The Johnnies then punted out to the 28-yard line and after an eleven yard crash by Torgerson, O'Brien raced around for his counter.

The final Falcon score came on a 59-yard pass and run, Herkal to Wulf. St. Johns played without Carlin, Himsl, and McGree. The Falcons could not use Bartz, and Rendler saw but little action. Outstanding in the Johnny line-up were Schnieder, Boyd, Roche, Seiben, and Rath.

The line-ups: River Falls—ends, O'Brien and Wulf; tackles, Staley and Schlomann; guards, Frank and Cass; center, Larson; quarter, Herkal; halfbacks, Blank and Cudney; fullback, Torgerson. Substitutions: Gille, Lystad, Rendler, Dubbe, and Leadholm.

St. Johns—ends, Schneider and Van Hoff; tackles, Rath and Tandberg; guards, Stoffel and Johnston; center, Uberecker; halfbacks, Roche and Boyd; quarter, Hurd; fullback, Callanan. Substitutions: Seiben, Truedelle, Ryan, and Born.

#### Last Church Mixer Is Held

Approximately eighty-five Catholic students were entertained at a mixer Thursday, Sept. 29, in the church basement. Games were played during the early evening, and a lunch was served about 10:30 o'clock. Group singing concluded the evening's entertainment.

### Jorgenson Wins From Peterson

#### Branstad, Vruwink, and Manske Also Play in Semi-Finals

Playing a scorching brand of tennis that kept her opponent on the defensive throughout, LaVerna Jorgenson defeated Gertrude Peterson in straight sets 6-2, 6-0, to advance to the second round of tournament play. Her superior drives and cutting serves had her opponent out of position most of the time. Miss Peterson was off her game; consequently the match was not as close as had been expected. Miss Jorgenson's game showed the polish of a summer of competition.

The second match of the first round sent Louis Branstad against Gwen Noyes whom she easily defeated 6-1, 6-0. Miss Noyes' inexperienced play was not match for that of her more experienced opponent. This victory sends Miss Branstad against Miss Jorgenson in the semi-finals. This match should be one of the best in the tournament.

In a match whose outcome was doubtful until the last point was scored, LaVerne Jensen came from behind to defeat Eunice Manske 6-4, 7-5. Miss Manske had a lead of 4-1 in the first set and was prepared to take it, when Miss Jensen showed a sudden reversal of form, overcame Miss Manske's big lead, and went on to take the first set 6-4. The second set was a see-saw affair that threatened to last indefinitely. Each player won her own service until the eleventh game when Miss Jensen broke through Miss Manske's service to take the game and ultimately the set. This victory sends Miss Jensen into the semi-finals.

Miss Phyllis Hawn forfeited her match to Elva Vruwink. Thus Miss Vruwink advances to the semi-finals where she will meet Miss Jensen.

### Gophers, Badger Hockey Team Line-ups Chosen

Two teams, the Badgers and the Gophers captained by Helen Pedersen and Lucile Creswell respectively, have been lined up for the regular hockey season.

In a practice game on Thursday night, the Gophers took the Badgers into camp by a 5-1 count. Jorgenson, Creswell, and Stewart were the big guns for the Gophers; Jorgenson scoring three goals, Stewart and Creswell one apiece. Svaboda scored the losers only tally.

The spirit and enthusiasm shown was probably the cause of the ragged play. The drive and concerted rushing of the Gophers gave the Badgers plenty to worry about. The Badgers big job is to work out a defense that will hold against the Gophers forward line.

Next week the regular tournament opens.

#### Line-ups

### Dan's Dope

It looks as though Bierman was right when he said the 1937 Minnesota squad did not compare with the Golden Gophers of 1936. The dopsters (including Brandt) are still trying to recover from last Saturday's upset.

*Northern conference squads gave a good account of themselves in outside competition last week by winning four games and dropping one. The Falcons took St. John's 12-6; Eau Claire nosed out Oshkosh 7-6; La-Crosse beat Dubuque by the same margin, and Superior tripped Duluth 12-0. Stout, meanwhile, lost a closely contested game to a highly-touted Stevens Point squad 7-0. Although reports are that Stout looked weak offensively, the Menomonic Blue Devils played a top notch game from a defensive standpoint and will be able to take care of their own backyard as well as any team in the conference.*

La Crosse at present is riddled with injuries. Johnny Nevers, all-conference end, injured two weeks ago in the Moorehead contest, is expected to be out for another week. Besides this loss, Coach Johnson is missing the services of a center, tackle, and another end. Most of these boys will be in shape for the Falcon game, however, and the Indians will be tough.

*Come to think of it, the Falcons have also been seriously handicapped by injuries. Rendler, Lucente, Bartz, Schlomann, and Blank are some of the boys who have either been unable to play or who have had to take it easy because of injuries sustained during the present gridiron campaign.*

This is the week conference competition begins. The Falcons, pitted against Eau Claire, will have an opportunity to avenge the 26-6 defeat the Zornmen administered them last season. It will be homecoming for the Eau Claire team, and naturally they will be in fighting trim.

*The present plans are to hold a pep meeting Thursday night and give the boys a good send-off for their conference schedule. Let's see everyone out, and let's have some enthusiasm.*

River Falls now lays claim to a satellite in the national sports world in the personage of Lowell "Red" Dawson of Tulane. Coach Dawson has recently endorsed Wheaties as "The Breakfast Food of Champions" His smiling countenance now adorns the back panel of that famous blue and orange package.

### Colfax Upsets New Richmond

#### Boys Coached by Brickner Win Before Crowd of 3000

Friday, October 1 was a big day for Ernie Brickner, River Falls graduate, when as coach of the Colfax high school, he sent his football team into action on the new Colfax athletic field with some 3,000 Colfax grid fans and former grads, back for homecoming, looking on. The team romped to a 24-0 victory over New Richmond in one of the major upsets in high school football of the year.

Ernest Brickner, who played three years of football with the Falcons, coached a winning basket ball team last year at Independence, this state, and began his grid coaching career this fall at Colfax.

His first victory of the year came in a decisive win over the fast Lady-smith aggregation. The least favored team in Friday's contest, Brickner's team came through to win for him in a brilliant second half performance when the backs romped for four touchdowns through a bewildered New Richmond team.

The contest was played on the new Colfax \$9,000 athletic field, and it was the first opportunity of Colfax fans to watch a Brickner coached team in action. Before game time, Brickner was honored by several short speeches by members of citizens' committees and officials of the school board.

After the contest, Kurt Wennerberg, former Falcon guard on three all-state teams and now connected with the Menomonic Gas and Electric Company, expressed the opinion that Coach Brickner's squad was one of the smoothest running and best coached teams he had seen in action in this part of the Northwest.

Coach Emmett P. Lowery, scheduled to speak at the dedication of the new field, was not present.

Stanley H. Halls broadcasted Friday's game over the public address system.

### River Falls Freshmen Overpower Red Wing

The River Falls freshmen defeated the Red Wing Training School Tuesday at Ramer Field by a score of 26 to 7.

Red Wing scored first by a pass early in the opening quarter. Their extra point was made on a trick play through the Falcon line.

After the first quarter the Falcon frosh offensive began to function properly. Successive line smashes and end runs by Jackman, Maki, and Wenberg, resulted in four touchdowns for the first year men.

Outstanding for the River Falls freshmen were Maki, Jackman, and Wenberg in the backfield, while Rivard and Heindl showed good form in the line.

Coach Ted Setterquist used about twenty-five men throughout the game.

The Training School boys are coached by "Bosco" Farrell, former Falcon star.

### River Falls and Zornmen Will Meet on Friday

#### Falcons May Play Without The Services of Nooky Blank and Captain Rendler

Coach Lowery's victory-minded Falcons will go out after a third triumph in the first conference game of the season Friday night, October 8 at Eau Claire.

Eau Claire has a strong team with a large number of returning lettermen headed by co-captains Tomashek and Korrisson.

The Zornmen have already played two non-conference games with St. Cloud Teachers and Oshkosh Teachers. They were defeated by St. Cloud, last year's Minnesota Teachers College champions, by a 7 to 6 score. Last Friday they reversed this procedure by beating Oshkosh 7 to 6. In the Oshkosh struggle, however, two Eau Claire touchdowns were nullified due to penalties. Tomashek scored Eau Claire's touchdown and Rudel made the conversion.

The dope from Eau Claire is that the Zornmen are out to repeat last year's 27 to 0 shellacking over the Falcons.

According to Coach Lowery, Blank and Rendler will probably not see much action due to injuries, but Bartz, who was held out of the St. John's contest, should be in shape to play.

### You'll like this Smart Double Breasted

### \$16.95 to \$35.00

Again Double Breasted are the preference of most men. We show them in outstanding checks, plaids and in stripes - - also in the very dressy plain fabrics. We bought our Fall Suits before the recent advances - - we've trimmed our own margins - - and offer them at prices considerably below today's market.

### G.O.P. Plans Events For Homecoming

G. O. P. members began definite plans for homecoming at their first meeting of the year held last Wednesday afternoon, September 29.

The organization voted to sponsor a stunt for the all-school mass meeting and a stunt committee composed of Lauraine Isaacson, chairman, Ruth Ames, and Helen Marie Arnquist was appointed.

A G. O. P. luncheon in honor of returning alumni of the society will be held Saturday, October 16, at 6:30. The committee to plan the luncheon consists of Joyce Alton, chairman, and Ruth Milbrath.

Miss Alberta Greene, the adviser of the group, entertained the G. O. P. members at a 6:30 dinner held at her apartment, Wednesday evening, October 6.

### Several Features Mark Opening of Rural Club

The Rural Life club will hold its first regular evening meeting Thursday evening. A new program for competitive attendance will be introduced, so all members are urged to attend.

Features of the program will be a talk on England and France by Miss Maud Latta, a discussion of the toy orchestra by Prof. M. D. Geere, and a group of songs discussed and led by Miss Stella Hendrickson, music director of St. Croix county.

Refreshments will be served. Each member is asked to bring a spoon.

The float committee, consisting of Stella Tobiassen, chairman, Velma Livingston, Marian Anderson, Margaret Erickson, Ellwood Linder, and Russell Larson, will report on its work.

### Voice Staff To Be Enlarged

At a meeting of the *Student Voice* staff held last week, approximately 20 new candidates applied for admission.

While the staff will be enlarged this year, it will be impossible to accommodate this number. Each news-writing candidate will be put on a trial period of one month. If his submitted article compares favorably with the printed article in three of the four issues, he will automatically become a staff member. Some of the candidates will be absorbed by the business staff.

### Health Service Report

(Continued from first page)

The doctor gave two talks to freshmen men.

The nurse checked the absence reports each day and inquired after those who were absent from all their classes.

#### Distribution of Expenditures

Telephone	7.48
Ice	9.46
Ambulance	2.50
Note to First National Bank	92.40
Furniture, office equipment	174.19
Supplies	17.88
Total	\$1564.47

### New Members To Be Admitted to Art Club

Attention of those interested in art is called to the Palette Club meeting Wednesday evening, October 6, at 7 o'clock in the art room of South Hall. At this meeting new members will be admitted and introduced to the aims and work of the organization. Definite plans and orders for materials for the various projects will also be made at this meeting.

The Palette Club is the art organization of our college with the faculty adviser, Miss Alberta Greene. The purpose of the club is to give students of artistic talent and interest an opportunity to work together, to provide much pleasure, and to enrich their appreciation of art. Because of a limited amount of equipment in the art department, the membership must be limited to twenty-five. The fee for membership is fifty cents a year, besides furnishing the materials for the various individual projects.

Throughout the school year the Palette Club affords an opportunity to engage in many attractive activities such as clay modeling, sketching, leather work, wood-carving, and discussions on contemporary art and tendencies. It is the hope of the club that it might have access to various exhibits of modern art as it was privileged last year.

### Math Club Meets Wednesday

Mathematics club meetings for the year will begin next Wednesday evening, October 13, at 7:30 in Room 33, South Hall.

A novel stunt, modeled somewhat after "Professor Quiz" of radio fame, will be presented with five sophomores, Ulrich Bents, Loren Lund, Donald Monson, Willard Klugow, and Carl Miller trying to answer questions related to mathematics.

Ruth Nelson will present a short biographical sketch of the brilliant French mathematician, Galois. Following this, mathematical games will be played by the group.

Membership in the mathematics club is open to students majoring or minoring in mathematics.

### Punning With Panner

The fact that Bob Kettlekamp does not see so well is not due to the Legion Convention, but rather because he has "Dots" before his eyes.

Several of Foxes Wolves went out picking potatoes Saturday. They all managed to fox the boss and to wolf a big dinner, and acted squirrely all day long.

Did you hear of the coeds who went horseback riding and had their mounts misbehave. They didn't get angry, just plenty sore.

### Rooters Club Is Organized

To promote a livelier school spirit on the campus than has been shown in the past few years, a Rooters Club is in the process of being organized. The club, responsible to the Student Senate, is under the direction of co-chairmen Mildred Pedersen and Frank Sirianni. A call for members will be issued this week. The group will form a cheering nucleus and will occupy a definite section at all inter-collegiate athletic events.

### Film on Storage Battery Manufacture Is Shown

At the Science Club meeting Tuesday night an educational film was shown which illustrated the making of a storage battery. Just preceding the showing of the film, Dr. Karges gave a talk on storage batteries, explaining the chemical action that takes place in the cell. This helped in interpreting the procedure in the film.

The building of the battery was shown literally from the ground up. The film was presented by the U. S. Bureau of Mines in collaboration with the Willard Battery Company.

A short business meeting was held at the close of the meeting. Thenard Torgerson was elected vice president of the club and George Frier was elected treasurer. These officers take the places of Ralph Baker and Russell Gettinger, each of whom has two other offices.

At the next meeting on October 19, a film on petroleum will be shown.

### Committee Heads for Homecoming Chosen

Homecoming committees are well under way in the preparation of floats and stunts for the mass meeting and parade on October 15 and 16.

In an effort to make the mass meeting shorter and more effective, the number of organizations stunts will necessarily be limited.

Float chairmen of classes, organizations and activities are as follows:

- F. F. A. .... Cyril Lyons
- Masquers ..... John Lowe
- Rural Life Club .. Stella Tobiassen
- Y. M. C. A. .... Gilbert Mattson
- Student Voice .... Frederick Johnson
- G. O. P. .... Lauraine Isaacson
- Y. W. C. A. .... Margaret Nelson
- Sophomores ..... Eunice Manske
- Juniors .... Mary Katherine Prucha
- Freshmen ..... Marshall Johnston
- Seniors ..... Joyce Alton
- Store Windows .. Frederick Johnson
- Crowning ..... Maxine Peabody
- Main Street .... Robert Kettelkamp
- Whitewashing "R" Wendell Wilkins

### Deutsche Gesellschaft Holds First Meeting

Under its new regime the "Deutsche Gesellschaft" held its first meeting of the year in the Men's Union, Thursday evening, September 30.

During the business session it was decided to prepare a stunt for homecoming. New students were welcomed into the organization and acquainted with its aims and objectives.

Professor E. A. Whitenack gave a brief talk presenting personal recollections of his visit to the historic German city of Nurnberg, home of Albrecht Durer and headquarters of Kaiser Maximilian. Carl Miller, accompanied by Howard Elliott, played a cornet solo. The group of forty students concluded the program by singing German songs.

Charles Stratton and Dorothy House directed the games played during the social hour following the regular program.

### Chorus Drops One Practice

The woman's chorus will meet twice this week, Tuesday at 3:15 p. m. and Thursday at 10:45 a. m. on the third floor of South Hall.

This is the last week in which the chorus will meet on Tuesday. Beginning Oct 7 it will meet on Thursdays only.

Miss Cara Wharton is still looking for an accompanist. She would appreciate having those interested call at her studio.

### W. D. Wyman Reviews Book

Appearing in the July issue of *Social Science*, was a book review written by Dr. Walker D. Wyman, associate professor of history and political science at this college. The book reviewed by Dr. Wyman was *Audubon* (New York: Harcourt, Brace and Company, 1936) by Constance Rourke, a biography of America's great naturalist.
