VOL. 6.

RIVER FALLS, WISCONSIN, OCTOBER 14, 1921.

NUMBER 5.

NORMAL SNOWED UNDER

BY CARLETON AT THE
RATE OF 63 TO 0

The strong Carleton gridders were working in top-notch form and with all their beef and good playing defeated the Normal by nine touchdowns and goals. Carleton scored in every quarter of the game. In the third quarter Cassell made a run straight down the field, 85 yards, for a touchdown. In the last half of the game River Falls opened up and attempted several passes but were unsuccessful in completing only two out of 14. Carleton completed five passes out of 15 attempts.

Shortly after the beginning of the second quarter Morgan was injured and was forced to leave the game. Butenhoff substituted for Morgan. Just before the end of the first half Gerretson received injuries which will probably keep him out of the game for the rest of the season. L. Murphy going in for Gerretson.

River Falls kept up the old fight throughout the entire game and did not let the big score daunt their playing in the least. But for a couple of costly fumbles River Falls would have scored during the last quarter of play.

The Lineup

River Falls—		Carleton—
Clanton	LE.	Benton
Murphy (Capt.)	LT. Kitzman (Cap.)	
Moline	LG.	March
Fields	C.	Robertson
Clapp	RG.	Bowe
Lipke	RT.	Middlement
Morgan	RE.	Simms
Melvin	QB.	Montgomery
Gerretson	LH.	Cowles
Standish	RH.	Bach
Fahland	FB.	O'Brien

Each team used a large number of substitutes during the game.

Referee—McKusick.

Umpires—Foster, Indiana; Flynn, St. Cloud.

Glen Morgan, who is teaching in Cumberland spent last week-end at his home,

BIG PEP MEET THIS AFTERNOON

Everyone out this afternoon at 3:30, North Hall Gym. Let's show the team that we are with them. The coaching staff and the fellows on the squad have been working hard all week getting ready for tomorrow's game. St. Mary's College has a good team and they are sure to put up a hard fight. But if our team has your support, as it should have, there is no question as to the outcome of Saturday's game. Be out. Let's talk it up and see if we can't be in mid-season form as far as yelling goes. We can do it if everyone will make up his mind to do his part and not shirk.

Y. W. C. A.

The regular meeting of the Y. W. C. A. was held last night, Thursday, in the society room.

Miss Lomness explained the Candle Light Service for the benefit of those who are to join.

A vocal solo was then given by Mary Gallup. Ruth Heebink gave a reading.

Miss Wirt gave a talk on "Health." The meeting closed with a song and the benediction.

Y. M. C. A.

The Y. M. C. A. program Thursday night was especially interesting. The opening of the program consisted of a devotional service, which was followed by a vocal duet by the Bird brothers.

Rev. Rowe of the Baptist church gave a very uplifting and inspiring talk on the "Race Problem." This was followed by the closing song.

It is for one's own good and welfare that he attend these meetings. The turnout has been very good so far. Men who have not become members are invited to attend the meetings.

Douglas Smith, a graduate of this school, spent last week-end at his home here.

WITH THE AG. MEN

A large number of Agriculture students attended the National Dairy Show in St. Paul Thursday. This is without doubt the greatest display of livestock ever held in this part of the United States. It is a rare opportunity for the men in this vicinity to be able to attend this event. This is the first year it has been held in St. Paul and it is very doubtful if it will be there very long since the policy is to hold it in different parts of the United States. 1021 cattle from all over the United States are on exhibit. There one will see cattle from the states of Maine Washington and Texas, as well as the many states in this part of the United States.

In addition to the cattle exhibit there is a \$5,000,000 machinery display. Also the United States Department of Agriculture has a very large educational exhibit showing the methods of improving the herds of livestock, feeding and production of milk, and all other factors that have to do with successful dairying. This exhibit attracts a great deal of attention and is highly instructive. Boys' and Girls' clubs are continually putting on demonstrations showing how to use the milk and its products. In fact, there is so much to be seen and heard that one day is hardly sufficient.

Two River Falls graduates are showing cattle. Theodore Corson, 1915, and R. M. Graham, 1916, are both there with Guernseys. They have animals that are very likely to win something at the show. R. A. Peterson, 1914, county agent in Wood county, is in charge of a Boys' Calf club from his county.

The N. C. A. held its meeting Thursday evening in North Hall. As there was no business to be done a program was given which consisted of a piano duet, by La Verne Murphy: Talk—"Hospitality of River Falls People," by Gordon Garvoille; Reading, by Ellen Burke. After the program, games were played.

WHERE DOES YOUR
FUTURE LIE?

Elbert Hubbard said, "The cigarette smoker's future lies behind him. He is not growing into a better. He is not in the line of evolution. If you want a man who will train on, flee the cigaretteist as you would a pestilence. He will surely disappoint you." Thos. A. Edison says, "I employ no one who smokes cigarettes. The injurious agent comes principally from the burning paper wrapper. It has a violent action on the nerve center, producing degeneration of the cells of the brain, which is quite rapid among young men. Unlike most narcotics, this degeneration is permanent and uncontrollable." Luther Burbank, the great plant wizard, declares that "no boy living would commence the habit if he knew what a useless, soulless, forthless thing it would make of him."

Cigarette smoking has grown by leaps and bounds during the last few years. During the war tobacco dealers urged people to give the boys

smokes. Out of a patriotic spirit people gave millions of packs to be distributed among the boys at the training camps. As a result many a lad who had never smoked before in his life came back from the service a cigarette fiend. No doubt there are many men in school today who contracted the habit during the time they spent in the army. But it matters not where the habit was contracted. It is the effects that concern us. It requires only a small amount of observation to convince one that the use of cigarettes is a dirty, filthy, ungentlemanly habit and any young man who claims to have any amount of will power will give it up before it clutches him too strongly. The odor of cigarette smoke which a smoker carries about with him is detestable. What sort of an opinion do you suppose the faculty members will have when you ask them for a recommendation? There are hundreds of arguments against smoking, but not one good one for it. Any fellow with intelligent brains will spend his money for worth while things and leave the cigarette alone.

A WORTHY MOVE

The granting of our cheer leaders of some suitable reward for their services is a move by the Athletic Council which deserves commendation. There is no one in the student body whose services are more necessary or who shoulders more responsibility than the cheer leader, yet he very rarely gets any praise for his work. More frequently students laugh at him and hurl broadsides of criticism at every move he makes. If you, who are prone to criticize, think it is so easy to lead five hundred students, we suggest that you try it once and maybe you will change your attitude. If you must comment, don't knock, but get out and BOOST.

DO IT NOW!

Cheer leaders, or would-be cheer leaders, forget your modesty, and sign up in time for the Mass meeting this afternoon. If you can lead yells, or have the initiative to get out and try, then it's your duty to the school to sign your name on the slips posted for that purpose. The school needs

RECEPTION FOR FACULTY

Last Friday evening President and Mrs. Ames held a reception for faculty members and their wives. During the evening a program was given, consisting of several piano solos by Miss Hitchcock, and violin solos by a violinist from Minneapolis. Refreshments were served.

G. A. A.

Up to Wednesday night, seventy-five girls had signed up for the "Mixer" luncheon. This is the first all-girls' mixer of the season. Live committees are at work to prepare a good time. Besides the games and dancing, there will be a special class in rooting led by the girls' cheer-leaders.

Mr. Jacobson was in Eau Claire last week.

The houses on the north-east corner of the campus are being moved away to clear the place where the new training school will stand.

THURSDAY ASSEMBLY PROGRAM

The Thursday Assembly period being free from all but the necessary announcements, is given over to the enjoyment of a program given by members of the student body. This week's program was an especially interesting one, being as follows:

- Selection, by the Orchestra
- Song, General Assembly
- Selection, by the Orchestra
- Current Topic, "The West Virginia Labor Disturbance,"

Melvin Thomson.

Rev. Thrush, of the Congregational church, spoke on, "What Shall I Make of My Life?"

These Assembly programs are very interesting and instructive and every student should make an effort to be present.

CIVIC CLUB

Tuesday evening the Civic club held its regular meeting in the society room. The number present showed the result of the membership campaign.

The program consisted of a piano solo by Esther Chronquist. Mr. Hunt gave a very interesting and helpful talk on, "The Purpose of the Organization." One could not help but feel impressed by the importance and benefit of such a society. All Normal students will be expected to participate or lead in some kind of meetings in their after school life. Why not gain that experience here?

The following members were elected as officers of the club:

- President—Ruth Hinman
- Vice-President—Mae Hickey
- Secretary-Treasurer—Lila Fleming
- Reporter—Willis Davis.

Pres. Ames was in St. Paul Wednesday.

Mrs. Hollister left Thursday to attend the Story County Teachers' Institute in Nevada, on Oct. 13 and 14.

Mildred Heidbrink has been out of school all week, following the removal of her tonsils.

Miss Laura Keller of the High School entertained the Normal students from Washburn county, at her home on Spring Street, Tuesday evening.

The new Student Directory is nearly ready for distribution.

David Hubert, 1920, who is now teaching at Argon, Wis., visited here Friday of last week.

G. O. P.

The first regular meeting of the G. O. P. was held last Wednesday night. The girls decided upon the new members that would be taken into their society at this time. Others will be admitted later. The girls are planning this week to make this organization one of the most liveliest of its history. With their new advisor, Miss Tilton, we are all sure that it will prove to be a big success. All members are urged to be present at these meetings and bring all their pep with them.

NOTICE!

Miss Hathorn is looking for some Junior and Senior girls who are qualified to act as Campfire Guardians. Anyone who will take a group of young girls, please call at the Dean of Women's office.

GIRLS' GLEE CLUB

The new officers for this year were chosen last Tuesday by the Girls' Glee Club. Joyce Taylor was elected president, Verna Webster, vice-president, and Lois Mitchell, secretary. The election of the librarian was postponed until the next meeting.

The Northwestern Wisconsin Teachers' Association will meet in Eau Claire Oct. 20-21. River Falls Normal will send several delegates, including Mr. Davison, Mr. Stratton, Miss Fleming, Miss Weberg, Mr. Powers, Mr. Prucha, Mr. Junkman, and Mr. Hunt. Pres. Ames will be a speaker of the convention. Mr. Hunt is president of the association. The River Falls delegates will have a banquet for the teachers from the Normal.

LINCOLNIAN

At a meeting of the Lincolnian Debating society held last Wednesday evening, eleven new members were initiated and formally taken into the society. Judging from the various demonstrations of rare talent by these new men, we may conclude, without a doubt, that the Lincolnian society will set a high standard in forensics this year.

After the initiation, officers for this semester were elected as follows:

- President—Ed. Casey
- Vice-President—Earl Fahland
- Secretary-Treasurer—F. W. Allbee.

All, who have not already done so, may pay their regular semester fees to Mr. Allbee.

Miss Laura Conway spent last week-end at her home in Stillwater. The Misses Ruth Heebink, Alice Hagenson, Sophia De Mille and Francis Te Hennepe spent Saturday and Sunday at their home in Baldwin.

Professor Prucha attended the stock show in St. Paul Wednesday and Thursday.

Quite a number of the faculty and students motored to Northfield Saturday to be spectators at the football game played there.

ENROLLMENT STATISTICS

1921-1922

Forty-three counties are represented in the enrollment of 529 students of the River Falls Normal school:

Pierce	- - - - -	224
St. Croix	- - - - -	83
Polk	- - - - -	35
Washburn	- - - - -	14
Dunn	- - - - -	13

Jefferson	- - - - -	3

Two each from Columbia, Forest, Dane, Richland, Clark, Iowa, Winnebago, Outagamie, Eau Claire and Shawano.

Black Cover Paper for sale at the Times office.

CAMERA CLUB

The Camera Club met Monday, Oct. 10, for the third meeting of the year. Work is now well under way and some exceptionally fine work is being done.

An enlargement of South Hall made by Mr. Duxbury excited the admiration of everyone present.

Mr. Karges is out of town on business.

Sophia De Mille has been out of school this week on account of illness.

J. Henrietta Webb was called home Saturday, on account of the serious illness of her brother, who died Sunday. The students here extend their deepest sympathy to her in the sorrow of her bereavement.
