RIVER FALLS, WISCONSIN, TUESDAY, SEPTEMBER 30, 1930

NUMBER 2

Legislative Committee Is Pleased

Finds River Falls College Rates High in its Standards

The College was inspected by the Legislative Interim Committee on Education on Wednesday, September 24. Members of the Legislature present were: Senator E. J. Roethel, Senator Walter J. Rush, Assemblyman E. G. Smith, Assemblyman J. D. Millar; Superintendent John Callahan and Assistant State Superintendent O. H. Plenzke were also present.

The Committee spent the first part of the morning inspecting the plant and from 10 to 12 o'clock held a hearing at which various matters connected with the College were discussed.

Members of the Committee expressed themselves as very highly pleased with the appearance of the school plant and pronounced it one of the best teacher college plants they had visited.

At the hearing, the service which the school is rendering the state was presented. The Committee was very much interested in the fact that the College appears to be serving all classes of public schools, the enrollment being distributed through several departments.

The Committee was very much interested in the service which the College is rendering in the field of rural education. Professor Malott, representing the Rural Department, discussed the service and needs of this department.

Professor May went over with the Committee the various aspects of agricultural education and pointed out the plan and equipment of the River Falls College in this field.

President Ames discussed the general service of the school and was given an opportunity to explain further needs of the College in its future development.

Members of the Committee seemed highly pleased with their visit to River Falls.

Notice—New Students

Dr. Ruth Nystrom of Minneapolis is giving physical examinations to all Freshmen women on September 29, 30, and October 1. All women are to report according to schedules appearing on the bulletin board.

Irma Hathorn, Dean of Women

Celebrates Anniversary

P. W. Ramer, former local regent for the college, received the good wishes of the school and friends when he and Mrs. Ramer celebrated their golden anniversary last week. The Voice joins others with best wishes.

Students From 15 Schools in Contest Here

Chippewa Falls Team Wins; Others Have Strong Teams Present

Fifteen high schools from this section of the state competed for honors at the stock judging contest on Saturday. The contest was sponsored by the local agricultural department.

The following schools entered judging teams: River Falls, St. Croix Falls, New Richmond, Osceola, Cochrane, Amery, Baldwin, Rice Lake, Bruce, Blair, Nelson, Hawkins, Mondovi and Chippewa Falls.

Chippewa Falls, coached by Howard Rogers, was awarded first place. Roberts, Bruce, Blair and Osceola finished in the respective order.

The purpose of the contest was to give the teams experience in preparing for the state contest held in Madison later in the season. Six classes of livestock were judged including three breeds of dairy cattle and one each of swine, horses and sheep.

Alumni Will Be Interested in the New Members of the Faculty This Year

E. Bowden

E. W. Harrington

Prof. Harrington, head of the public speaking department and debate coach, will be the speaker at the Y. M. C. A. this evening. He will speak on "What Are We Here For?"

A social hour will precede the regular devotional service which begins at 7 o'clock.

All men students are cordially invited to come out and hear his message.

Soldiers Come October 8 For Opening Game

A week from Wednesday, October 8, Fort Snelling and the River Falls eleven will meet here for the opening home game. It will be the fifth meeting of the two teams in the past ten years.

Although the Falls eleven has had little trouble turning back the soldiers in the past, nothing is known of the strength of the two teams this year.

Students out for the game are expected to witness many smashing plays and interesting runs. The two teams furnish plenty of competition for each other, and the first home game will be no easy grab, many believe.

Boys Get Decorating Bug—"Let's Make it Red-Orange"

Girls, be prepared to give advice! Put on your artists' caps and your smocks, figuratively, anyway, and pass out some original ideas to the new interior decorators around the school. Already, several coeds have been approached and your turn may be next.

When you are asked for your opinion on window draperies, be sure to inquire about the exposure of the room. If the questioner is a dark and handsome youth, look intently at his tie and suggest red, scarlet, cardinal, or vermillion. If he is a

Training School Wins Etching as Prize for Landscape Work

Federation of Women's Clubs Promotes Art Work

A new picture, an etching of St. John's Cathedral in Milwaukee by the Wisconsin artist, Roth, has just been hung in the art room of the training school.

It is the district prize earned by the eighth grade last spring in competition with all eighth grades in this district for the best landscape.

The prize was offered by the Federation of Women's clubs, and the donor was Mrs. Kohler of Kohler, Wisconsin. Sybil Munson won the prize for the school by her water color of a landscape. Maurice Shepard won second place in the contest. At present, the district first prizes are being considered in competition for the first prize of the state.

The etching will not only add attractiveness to the art department room in the training school, but it will also be used as a model for demonstration lessons.

Students Set Up High Standards in Ped Library

Find It to be a Quiet Place for Study, Thought and Recreation

Students are living up to the wishes of faculty members in their conduct in the library. This was the opinion expressed by Rhea Gibson, college librarian, when she was interviewed by a Voice reporter.

One of the reasons for the fine attitude of the freshmen, Miss Gibson believes, is the standard of conduct maintained by the upper classmen. It's a place of intellectual recreation.

Hundreds of new class texts and supplementary reference books have been added to the shelves this fall. Other shipments of new books in the fields of fiction, biography, and general reading will soon arrive, the librarian said.

Old students coming back for Homecoming October 25 will find the room west of the library now used as an office room by the librarian. Taste and attractiveness has made it one of the most pleasant rooms on the second floor.

Older Girls Hosts To New Students

The older girls entertained the new girls at tea Thursday afternoon in the social room of South Hall. The women of the faculty were also guests.

Miss L. Lucile Hadow of the English department welcomed the new students. Miss Bernice Sutherland, a former student, sang a group of songs. Other musical numbers were given by Dorothy Swenson, Joyce Heidbrink and Eleanor Boardman. Miss Rhea Gibson poured.

According to the reports of those present, the freshmen and other new girls appreciated the cordial hospitality of the older girls.

New Freshman Adviser

A. C. Vogele

Mr. Vogele not only teaches botany and biology and but he knows the beautiful trees on the River Falls campus and in the River Falls community.

Professor Geere's Home

Closed by Quarantine

Little Susan Jean Geere, daughter of Professor Geere, is ill at her quarantined home. Also, two of our fair freshman co-eds, roomers at the Geere residence, have repaired to their homes at Elmwood to wait for ten days to pass and to dream of their thwarted college careers.

Grace Reitz and Ethel Ginsbach, the two students, will return to school when all danger of infection has passed. Professor Geere attends classes regularly, but in the meantime he is a man without a home.

Assembly Program

Committee is Appointed

Students enjoying Thursday assembly programs this year can thank the faculty committee in charge.

It includes Mr. Prucha, Miss Greene, Miss Schlosser, Mr. Jacobson, and Mr. Hill.

Jones' Songs, Entertainment, Please Students

Professor E. L. Jones of the University of Minnesota faculty, who gave the entertainment here before the Assembly Thursday, was well received by the students and the several visitors who attended the program. The outstanding features upon his program were the negro impersonations and the act he borrowed from Burt Williams, vaudeville artist.

Having had several years experience upon the vaudeville stage, Professor Jones is well fitted for his present position, that of director of the Musical Supervision Course at the U. of Minnesota. Prior to the Minnesota appointment, he was connected with the LaCrosse Teachers College.

It is hoped, students say, that this talented musician will again appear at the college here before the close of the school year. In addition to his performance Thursday morning, he gave a program of classical numbers Wednesday evening at the faculty reception.

Judging Contest Brings Men Back

River Falls "Ag" men were prominent in the line-up of coaches that brought their teams here Saturday to enter the high school stock judging contest.

Two of last year's campus leaders brought their teams to compete for honors. They were Victor Peterson, Amery; and Lyle Lamphere, Osceola.

Two River Falls men who are entering their second year of teaching were also here to offer competition. These men were H. W. Chapman and Earl Barber. They are Smith-Hughes instructors at Baldwin and Hawkins respectively.

Other graduates from here who were present Saturday with their team were: Wm. Wichelmann, Blair; Rudolph Hanson, Nelson; Chester Dumond, Cochrane; and Harold Laurenz, Roberts.

Ramer Field Gets Fence, New Seats

Homecoming Crowds Will Find Improvements at College

Extensive improvements are being made on Ramer field this week. They include new bleachers with a capacity of 800, an eight-foot steel fence, a new entrance, and a canvas blind.

The total cost, according to Pres. J. H. Ames, will be \$2500, and the field will be complete for Homecoming. An eight-foot fence will surround the field, and two entrances are to be built. One entrance at the site of the old one will accommodate pedestrians; the other on the northeast corner will take care of cars entering the grounds.

This is another step in preparing River Falls for a "Bigger and Better Homecoming," students believe. Other announcements of preparations will soon be made.

Enrollment Figures Are Up to 497

500 Mark is Expected to be Passed Soon by Late Arrivals

The final check of enrollment reveals some new registrations and the total number of students now is 497. Women students total 222, with men making up over half of the student body with a final number of 273.

The following numbers of enrollment in classes was obtained from Mr. Prucha's office—

First year 249
Second year 150
Third year 51
Fourth year 42

Charles Lindholm to Appear at Assembly

Charles Lindholm, Swedish dialect comedian, will appear on the Thursday assembly program.

He and his troop of 16 will present the Boy Scout show in the auditorium Friday night.

According to press reports, Lindholm is an expert in the interpretation of Swedish dialect.

Classes will meet following the program.

Dorothy Macumber, McPhail

Graduate, Teaches Piano Here

Dorothy Macumber of Minneapolis is teaching piano in Miss Cara Wharton's studio on the third floor of South Hall.

She is taking the place of Miss Wharton, who is in Chicago for further study. Because she is here only on Monday and Tuesday, she will give lessons during the evening and at times convenient to college students.

She is a graduate of the McPhail School of Music and is Miss Wharton's niece.

Red Brick Wall Rises on Building

With brick laying now well under way, progress in the building of the Manual Arts building is noticeable these days. The work is being rushed so that the outside structure will be ready when cold weather comes. The sixty by one hundred foot building will be an interesting sight for the students who return for homecoming. The red brick wall is already well up.

Students in the Manual Arts department are interested in the progress of the structure, for it will mean for them a longer use of the new building.

The River Falls Student Voice

Published every Tuesday of the school year by the Students of the River Falls State Teachers College.

Rates—\$1.50, payable in advance. Advertising rates furnished upon application to the business manager, Leonard Warner. Phone 512.

Accepted for mailing as second-class matter at the Postoffice at River Falls, Wisconsin, under the act of Congress, March 3, 1889. Printing by The River Falls Printery.

Editorials

Traditions

The orators and public speakers who laud the spirit of River Falls always mention her traditions as one of the important reasons for this spirit. Customs of long standing form a connecting link from year to year and make the continuity that is necessary for unity in a student body which changes one hundred per cent every four years and fifty per cent every year.

Two of the events which have become traditions in this college are the school mixer the first Friday evening of the fall term and the church mixers the second Friday evening. The idea which has kept these customs alive is that the new student should be made to feel at home at school and church as soon as possible to be a happy, valued citizen of the college community.

If the idea back of these customs is wrong, change the custom. If it is right, why not make every effort to keep these evenings open for the purpose for which they were set aside?

The Spirit is Growing

"The River Falls spirit is the bunk," is the way one freshman expressed it. "I have been here two weeks and the nearest I have come to seeing any of that spirit is to hear someone tell about the spirit of last year or some previous year."

One can not blame this freshman for his attitude because there certainly has not been any River Falls spirit expressed as yet this year.

How much longer are we to let this opinion of the River Falls spirit exist among the new students?

Are we going to let the football team go into another game without giving them the proper start with a real pep meeting? Because they beat St. Thomas without student support is no reason for us to believe that they can win the rest of the games the same way.

Let's "wake up" and "pep up", and give the freshmen a chance to see and become inspired with that River Falls spirit, and fill the team with that Old River Falls Fight.

Then in a couple of weeks, a frosh will become a Falls student thru and thru we venture.

Plan Special Edition

A special eight-page edition of THE STUDENT VOICE is planned to cover the big features of the 1930 Homecoming, according to an announcement made by the staff Friday.

The urgent need of a typewriter in the Student Voice room has made it necessary to raise funds for purchasing one, and in order to raise the money the small sum of five cents per copy will be charged.

Besides the general homecoming program, this edition will contain many interesting things pertaining to homecoming which everyone would like to know. Your homecoming will not be complete without a copy for yourself.

Announcements will be made later as to where to get your copy. Watch for it and make this a Bigger and Better Homecoming.

Support The Voice

This college paper has as its primary purpose the expression of student opinion. Make it your paper. There is always space for your comments, and there will always be room for that item of interest you just heard across the library table or downstairs in the corridor. If you don't think we're supporting the team with the true River Falls spirit, let's hear about it. If you don't like the paper's attitude, tell us so.

Bring your news, students. Let's make The Voice the real voice of the college.

The Voice will have some important announcements relative to Homecoming very shortly. Watch for them. There will be a large number of new features connected with the event this year.

Is Your Room Cozy?

How does your college room compare with the characteristics given by Miss Greene?

Miss Alberta M. Greene

A college student's room should have the atmosphere of a living room. It should be cozy, dignified, restful, and conducive to study.

Although it is used as a sleeping room, that is a minor role. It is the student's college home, and it should reflect his personality.

Let students bring some favorite article that would beautify the room: Perhaps it would be a choice picture, a lovely vase, or a set of books. Boys might prefer to bring an etching, or book ends, or a bright pillow. Girls might enjoy a colored print or table scarf. Such treasures would add color and attractiveness to the room.

Too much bric-a-brac is apt to create a cluttered appearance. Too many banners, or photographs, or magazine covers have this effect. One good picture is usually enough for a room.

A cozy room should have a good

desk with a well shaded lamp and a comfortable chair placed in a good light. The bed should have a dark cover which would make it look more like a couch than a bed. Bright pillows on the couch would add life to the room.

It should be a place where one would prefer to be, where one would like to study and rest.

Editors Note—This is the first of a series of interviews to appear in The Voice. Watch for them.

Y. W. Finds Place in Life; Benefits Girls

Tuesday Evening Meetings Full of Both Fun and Purpose

Once again, the Young Women's Christian Association has entered upon a new school year.

The first meeting, in the form of a devotional meeting, was held on Tuesday evening, September 23. The program was opened with two songs by a quartet composed of Alice Lund, Gretchen Grimm, Marjory Gallup, and Amelia Stahlman. This was followed by scripture reading and prayer by Margaret Fox. Emma Strehlow sang a solo, "Whispering Hope."

The president emphasized the importance of the Y. W. C. A. to the girls of our school. Every girl is welcome; every one is needed, she said. "Here, a girl may bring to light her better self and prepare for the responsibility which she must take upon herself as a teacher."

The program was closed by the organization song, "Follow the Gleam," which was sung first by the quartet. Afterwards, it was taught to the new students.

The next meeting will be held on Tuesday evening, September 30. All girls are invited to be present.

New Travel Books Lure Student Readers

Have you traveled this summer? If you haven't here is a chance for you to take a historical trip, travel in New England, Europe, the Orient, ride with taxi drivers and even hunt buffalo.

Just read some of the books listed in this list of outstanding fiction taken from the Booklist and Wisconsin Library Bulletin for these trips through bookland.

- A Candle in the Wilderness—Irving Bacheller
- Place—Arne Garborg
- Caverns of Sunset—Paul Hawarth
- The Party Dress—Joseph Hergesheimer
- Ol' King David and the Philistine Boys—Roark Bradford
- Potato Face—Carl Sanburg
- The Great White Silence—Louis Frederick Rouqueth
- Journey's End—Robert C. and Barlett U. Sheriff
- The Painted Minx—Robert W. Chambers
- Tharlane—Dorothy Cattrell
- Rice—Louise Jordan Miln
- The Woman with a Thousand Children—Clara Vebig
- The Heir—Rodger Burlingame
- Gloucester Men—James B. Conolly
- The Shaggy Legion—Hal G. Evarts

Many Attend Church Mixers
Students of the school were royally entertained by the various churches of the city Friday evening. Large crowds were reported at all the mixers. Programs and game playing were used to introduce the students to the various churches and to get them acquainted with one another. From all indications those who attended enjoyed a good time.

College Briefs

The latest figures report that there are now sixty-six students enrolled for work in the Rural department.

Earl "Pee Wee" Weber, a former football star at the college, is back in school to obtain his degree. Since his graduation Mr. Weber has taught manual arts and coached at Lake City, Minn.

A number of former River Falls students are beginning the scholastic year at neighboring universities. At the University of Wisconsin are: Herman "Bill" Hagestad, Walter "Pauly" Paulson, Burton Karges, Theodore Goble, Glen Lofgren, Meric Overman, and William Wanner.
Myron "Mike" Nelson is registered at the University of Minnesota.

Practice teaching began the first term of this year by the placing of Dorothy Gaustad, Elsie Lawis, Ducile Oberding, and Ina Solstad in the Centerville School. Those who are practice teaching at Liberty Hill school are Florence Woods, Gladys Timmerman, Margaret Wilcox, and Leora Smith.

Foster Clafin, '22, has been offered the position of Specialist of Dairy Marketing for the state of Wisconsin.

He is at present the county agent of Polk county and no doubt his work there merited this offer. Mr. Clafin is a brother of Orvel Clafin, a member of the Sophomore Class, and of "Wincie" Clafin, former smashing fullback of the college team.

One-third of the students in the elementary practice departments started in practice work in the training school. They have been evenly divided among the various grades.

In most cases there has been only one grade in a room, but this year provision has been made for practice in more than one grade. By this method the students will gain experience which will be of great value to them if they go out to teach in schools where there are two or more grades in a room.

A program in the interests of the music people of the training school was given in the auditorium Tuesday, at 3:00 o'clock. Mr. Schliep and his instrumental quartet furnished the music. Mr. Schmit, of the Schmit Music Company, St. Paul, gave a short talk upon various musical instruments.

There are indications that a dozen or more pupils will be purchasing instruments and participating in orchestra work. These, together with the people who have done this work

before, should make a creditable showing.

The enrollment in the training school this year is about 225.

River Falls Beats Cadets 12-7 in Night Opener

Versatile Line Attack Wins for Cardinals

Schlict Scores Pair of Touchdowns for Teachers in Arclight Battle

Displaying a versatile offense, with power to spare, the River Falls State Teachers college mugged up St. Thomas' plans for a gala opening of night football in the Twin Cities and defeated the Cadets by a score of 12 to 7 in their first start of the year at the Cadet field.

A crowd of 4,000 persons who came out to take their chances with chilling breezes and the threat of rain were treated to a spectacular exhibition of the night gridiron game that featured a splendid passing game on the part of the Pedagogues and a 70-yard return of a punt for a touchdown by Marter, Cadet quarterback.

Marter supplied the biggest thrill of the game when he fumbled a River Falls punt on his own 30 yard line, then recovered and with the aid of 10 teammates, who apparently remembered how to block for the first time in the game, sprinted 70 yards to plant the ball behind the goal posts. Rice kicked the goal to complete the Cadet total.

Share Scoring Honors
Marter shared scoring honors with Johnnie Schlict, right halfback for the Peds, who scored both of his team's touchdowns, the first in a two-yard plunge at the beginning of the second quarter, and the second on a 30-yard pass from Sutherland early in the second half. On this play Schlict took the ball on a dead run as he crossed the goal line. After both touchdowns the Cadets succeeded in blocking the kick for the extra point.

Schlict Scores
The Peds started their first scoring drive from the 50-yard marker at the beginning of the second quarter. Plunging to a first down Sutherland uncorked a beautiful pass to Larson who was downed on the 12-yard line. Larson, Sutherland and Bartosh plunged to the 2-yard line for another first down. Here the Cadets stiffened and for two downs held the Peds without gain. Schlict, however, finally dove over the top of the Cadet line for a score. The attempted place kick was blocked by Murphy, Cadet center.

The second half opened with St. Thomas kicking off and River Falls returning to the center of the field. After reeling off one first down the Cadets held and the Peds were forced to kick. Marter returned 10 yards but on the first play, Ed Rice, Cadet fullback, fumbled and Larson of River Falls recovered.

W. A. A. Plans Program of Sports for All

Because the W. A. A. plans to provide sports activities and programs for all the girls at the college, they are arranging a program at present with that idea in mind.

Here are some of the things on the program:

Field hockey season opens today after school

Swimming is scheduled for Monday at 4 p. m. and Wednesday at 5 p. m.

Tennis schedules and tournaments are also on the program for this fall.

Other sports such as soccer, volleyball, and baseball are also on the list for those that prefer them.

County Agents to Speak to News

Class Again This Fall

County Agents Seyforth, Pierce, and Lycan, St. Croix, will speak to the agricultural journalism classes some time in the near future. They will discuss their work of the past year with the class. Many interesting tips for news stories are expected from the talks. This has become an annual event in the news writing class.

"Ag" Seniors Have Valuable Experience

The seniors in the Agriculture department were given some valuable experience Saturday when they helped handle the stock judging contest. Assignments were made to the various classes that were to be judged. Each senior selected the class of livestock, prepared the animals for judging, and then supervised the placings. Another group of lower classmen under the direction of Prof. E. J. Prucha corrected the cards.

The seniors and the stock classes they had charge of were: Jim Hocking, horses; Floyd Miller and Irwin Lotz, sheep; Chris Hanson, Jerseys; Carl Neitzke and John Lloyd, Guernseys; William Turner and Leonard Warner, Holsteins; Carl Larson and Arno Dittbrenner, swine.

ALLIED CLOTHIERS

Sport Dope

By Bosco

Nosing out the former Minnesota champs to the tune of 13 to 7 is the first accomplishment of the Red and White warriors. Fort Snelling is next, a week from Wednesday here.

This event may be reminiscent of the past Army and Navy games, if we can except the fact that no sailors will be present.

The captain from Fort Snelling is bringing his crack gun squad; so we venture the guess there will be no fights started by the local fans.

Language used in Notre Dame—Chicago battle may be audible, unless the captain has tuned down his fighters recently.

The fort bats "only fair" with us.

Klandrud should be able to feel out a lot of material in this game.

The boys have a plenty good start, but there are still a lot of hard days left in the mines.

Freshman Ag Student

In State Contest

Orval I. Iverson, a freshman, will represent River Falls in a Public Speaking contest at Menomonie this afternoon. The contest is sponsored by the Future Farmers of America. This contest is a preliminary to the State contest which will be held at Madison, Oct. 8. Mr. Iverson's topic is, "The Machine Age and its Effect on American Agriculture."

Students Will Benefit by Service to Their Class and School

The different classes which met after Assembly Thursday morning transacted little business beyond electing their officers for this year. The Seniors met with their advisor, Mrs. Eide, but decided to postpone their elections until some future meeting.

The Juniors returned the following election results:

Advisor—Mr. Hill
President—Lester Gibson
Vice-President—Pauline Isaacson
Secretary—Wallace Gotham
Treasurer—Carl Wolfe
The Sophomores elected the following people:

Advisor—Mr. Spriggs
President—"Pat" Mattson
Vice-President—Cecil LaDusire
Secretary-Treasurer—Ove Berven
The Freshmen decided to elect a nominating committee to suggest people for the different offices. This committee is composed of Al Hocking, Irving Hang, Adelaide Hermanson, Marion Olson and Ernest Begley.

Agricultural Department Plans

For a Busy Year, Said Mr. May
The department of agricultural education at the River Falls State Teachers College is to have a busy first term according to Director J. M. May.

Some things to be undertaken are the poultry show, dedication of agricultural-mechanics hall, the agrifallian initiation, the preparation of illustrative talks to be given in the rural schools by upper classmen, the preparation of debates on agricultural problems, and a number of social activities in conjunction with those of the rural life club.

May also reports that he has forty freshmen in his department and that his department furnishes 35 per cent of the men students in college.

"Y" Holds Membership Drive

The Y. M. C. A. is busy with its membership campaign this week. About thirty men joined after the Tuesday evening meeting held last week. Every man in school will be given a chance to sign up. Committees in charge expect a record membership.

Rural Life Opens Annual Program; Mallott is Speaker

The Rural Life organization met for their first meeting this year last Thursday with one-hundred per cent attendance.

Mr. Mallot gave the members an interesting talk and made several important facts clearly understood regarding the position of the Rural Life Club in college life.

A committee was appointed to nominate candidates for President, Vice-President, Secretary and Treasurer, Chairman of the Program committee and Chairman of the Social committee. These candidates will be voted on at the next regular meeting which will be held October 2. The only excuses acceptable for non-attendance quoting Mr. Mallot, are Death, Dr's. written excuse for illness and marriage. So all Rural Life members be there!

STUDENTS
Bear in mind that your Cafe in South Hall is open every day to satisfy your hungry desires.

A Pet, But She Simply Won't Stand "Frosh"

Cows, too, have their sense of propriety.

John Hurin, freshman, says so; and he knows.

John was judging the merits of one of the high class School Farm bossies the other day. He rubbed her nose, counted her teeth, gazed into her deep-brown eyes, and ran his fingers gently over her back.

"In fine shape," said John.
"Don't get funny," said Bossie.
John wears a patch over his left eye.

Wins Scholarship Award

River Falls Teachers college has the distinction of enrolling University Scholarship students who attend the school in preference to the University.

Donald Hembre, who is now enrolled as a member of the River Falls student body has the honor of winning a one hundred dollar scholarship from the University of Wisconsin. Donald is a 1930 graduate of the Greenwood high school. After carefully weighing all points which were to determine his school career, he finally decided to attend River Falls in preference to the University.

The scholarship was one of the five given by the University of Wisconsin to Wisconsin farm boys. An essay contest was fostered which entitled the five contestants rating highest to a one hundred dollar scholarship. The essay topic was "Agriculture and My Future."

Donald has two brothers now out teaching who have graduated from the University. They find that there is an enormous difference in the tuition charge of the two schools for practically the same course. Donald says, "Not only do I find that the Agricultural course offered by the Falls is practically as good as that offered by the University, but it is also much cheaper to attend River Falls. There is also a much greater chance to obtain work while studying in River Falls."

These are only a few of the reasons why so many students, when making a decision between the state universities and River Falls, so often decide in favor of our college.

"How long has Meeker been married?"
"Twenty awed years."

Agrifallians Have Play, Projects, on Program, They Say

Reorganization of the Agrifallian society, the "Ag" men's organization and one of the live wire organizations of the college, took place in the men's union last Thursday evening. More than fifty agricultural students were present.

Election of officers opened the business meeting. The following men were selected to guide the organization this year:

President, Leonard Warner
Vice President, Chris Hanson
Secretary, John Lloyd
Treasurer, Carl Larson

Initiation, homecoming, and finance were discussed. The treasurer was instructed to appoint two men to assist him in making the budget for the year. The president was given power to appoint three committees. He appointed the following men to act on the various committees:

Initiation—Irwin Lotz, Arno Dittbrenner, Wallace Gotham, Jim Hocking, and Edward O'Connell.
Float Committee—Eddie Howard, Howard Turner, Ed. Solum, and Henry Sather.

General Homecoming Committee—Chris Hanson, Raymond Penn, and Cecil Scribner.

Mr. Johnson and Mr. May gave interesting talks on what is expected of men going out to do Smith-Hughes work. They both commented on the opportunities that the Agrifallian society offers for the development of certain characteristics desirable in an agricultural teacher.

The next meeting which will be devoted to the initiation of new members will be held on Thursday evening, October 8. According to those who will be in charge, a very interesting program of stunts will feature the occasion.

Tommy: Pa, what's an illiterate?
Pa: It's a fellow who has intelligence enough not to read or write.

Madison Returns to College
Leonard Madison returned to college Monday after spending the summer as county 4H club leader of Jackson county. He reports many interesting experiences, and says he had a very busy summer. Black River Falls was his headquarters.

President and Mrs. Ames Entertain Faculty Members

President and Mrs. J. H. Ames were at home to the faculty last Wednesday evening in the social room.

Professor Jones of the University of Minnesota School of Music sang two groups of songs.

According to the faculty, the reception was most enjoyable.

Prof: "When water becomes ice what is the most noticeable change?"
Stude: "The price."
