RIVER FALLS STATE COLLEGE

MONDAY, SEPT. 23, 1963

Gov. Reynolds Visits, Speaks Before Luncheon

Gov. John Reynolds made an informal visit to the River Falls campus Friday, and spoke to members of the Student Senate, the Faculty Council and the Administrative Council at a luncheon.

The governor said it is fruitless to talk about tax reduction with an increasing population containing a higher percentage of both young and old.

"In my last campaign, I told the voters that if they voted for me taxes would go up--if they voted for my opponent taxes would go up-- and if they failed to vote, taxes would go up."

Gov. Reynolds said he was pleased with the budget that was passed by the legislature because it had come within 13 million dollars of the \$669,000,000 he had requested, but said he disliked the student fee increases made necessary.

"You were among the first to feel the results of this legislative session," he told the students.

"Instead of moving away from the direction of higher and higher fees, back towards the ideal of truly free higher education, the legislature demanded that the tax on education be increased," he said.

"If this trend is allowed to continue, then we will soon be educating only those who can afford higher education. The day that higher education in Wisconsin becomes a luxury available only to the children of the wealthy

will be the day we have jeopardized the economic future of our state," the governor said.

Reynolds reported that many taxpayers fail to understand the needs of the state and are restless about increasing taxes. He suggested that perhaps one way to slow the increase was to streamline local government.

"In Wisconsin, \$1,600,000,000 is spent at the local level of government, with a great deal of duplication. There are 252 units of government in Dane County alone. There are 72 counties with each county highway department buying road equipment on an individual basis. The county system itself was designed before the age of the automobile and was established so that county seats were located within a day's drive by horse and buggy from any part of the county.

The governor said he would not favor any limitation on the enrollment of colleges and was pleased at the building program on the River Falls campus, mentioning the addition to the Student Center, recently completed May Hall and the proposed Agriculture-Science building.

GOV. JOHN W. REYNOLDS chatted with Mrs. Eugene Kleinpell, wife of the college's president, at a luncheon given in his honor Friday when he visited the River Falls campus. Members of the Student Senate, the Faculty Council, the Administrative Council and the heads of both the campus Y-GOP and the Y-DEMS attended the luncheon.

More Scholarships This Year

River Falls State College, with an enrollment of more than 2,100 will have more legislative scholarships and loan funds available in 1963-64.

The increases, provided in the new budget for all nine Wisconsin State Colleges, were made available to partially offset the boost in fees.

Eugene R. McPhee, director of State Colleges, suggested the added scholarships will assist the better freshman students to continue in school.

The new budget fixes resident fees at \$250 a year for the next two school years, an increase of \$40. Nonresident fees will go from \$400 to \$500 for 1963-64 and \$600 for 1964-65. Summer session fees will remain at \$80 for residents and increase \$30 to a total of \$128 for nonresidents. Fees may vary a few dollars among the colleges.

Fees for part-time students will increase from \$7.50 to \$12.-50 per credit for residents and from \$16 to \$30 per credit for nonresidents.

Student Senate Will Sponsor Mitchell Trio Here on Dec. 5

The Student Senate voted at last Monday night's meeting to sign the Chad Mitchell Trio for an appearance on campus Thursday, Dec. 5. Senator Vince Di Salvo reported on a proposed contract for the appearance of the group. The Trio will appear on the television programs "Hootenanny" and "The Red Skelton Show" sometime in the near future. Advertising will be provided by Mercury Recording Company and the music department of the college.

The Senate expressed confidence that this year's program will be very successful. "With the contracting of the Chad Mitchell Trio, I feel that a major breakthrough has been made in the conservative view taken by the Senate over last year's con-

tract with the Four Preps," stated Di Salvo, committee chairman for the event.

In other matters, Senate President Larry Feltes reported that he had received a letter from Dean McLaughlin inviting the Fact Finding Committee on Registration to a meeting of the council of deans, registrar, and the business manager to discuss the improvement of registration procedures. The committee consists of Senators Gene Smith, Fran O'Connell, and John Hanson. Also in attendance will be President Feltes.

Senator Hampton Wilmot, representing the Constitution Committee, reported that he has the constitutions of 40 organizations, and that the other organizations should get theirs in as soon as

possible. The Senate also plans to set up a schedule to discuss the organizations' budgets.

Dave Frazer appeared before the Senate and requested that something be done about the size and quality of signs and posters around campus. President Feltes appointed Frazer chairman of a committee to investigate the regulations governing signs. Hanson and O'Connell were also appointed to the committee, which was named "The Committee for Investigation of Sign Regulations on Campus."

According to Gene Smith, Sigma Tau Epsilon will handle the sale of the Student Directories this year. Tentative date for the beginning of sales is Oct. 1.

The Senate moved to allocate travel expenses for the cheer-

leaders to the game at Superior on Sept. 21. Di Salvo, representing the cheerleaders, requested a loan for the purchase of new uniforms for the football games. This matter was tabled until next week's meeting, when the cheerleaders will meet with the Senate.

Feltes reported that positions are still open for students on the following faculty committees: the General Education Curriculum Committee, the Teacher Education Committee, the Liberal Art Curriculum Committee, and the Student Disciplinary Committee.

Any student who is interested in these committees is urged to attend the Student Senate Meeting tonight at 6:30 p.m. in Room 200 of the Student Center.

WSC Enrollment Up

Preliminary enrollment reports from Wisconsin's nine State Colleges show a total of 23,404 students, an increase of 2,853 or 14 per cent over the enrollment last September, the Board of Regents of State Colleges was told at the Wisconsin Center here Friday.

The increase of 2,853 for the system exceeds the enrollment at six of the colleges. College budgets were computed on the basis of an estimated 2,716 increase. In 1953, total enrollment at the same Colleges was 6,683.

Biggest increases were reported by the colleges at Whitewater (19% estimated), Eau Claire (17%) and River Falls (17%). Oshkosh, with a 14% increase, retains its position as largest of the State Colleges with an enrollment of 3,800, unless final figures from Whitewater are considerably above the estimated total of 3,590. Eau Claire ranks third in size, with 2,900 and Stevens Point is fourth with 2,708.

Enrollment figures and the percentage increase over last

fall: Oshkosh 3,800, up 14%; Whitewater 3,590 (est.) up 19%; Eau Claire 2,900, up 17%; Stevens Point 2,708, up 13%; Platteville 2,500, up 14%; La Crosse 2,325, up 8%; River Falls 2,115, up 17%; Stout at Menomonie 1,855, up 10% and Superior 1,611, up 9%.

CONSTRUCTION CONTINUES on the new addition to the Student Center. Here workmen pour concrete for one of the foundation walls.

AN OVER-ALL VIEW shows the progress which has been completed thus far.

Darlene Johnson New Hathorn Counselor

The new resident counselor of Hathorn Hall is Miss Darlene Johnson. Miss Johnson attended Hamline University for nurses training. Deciding to be an home economics teacher, she transferred to Stout and then to Iowa State University. After teaching for one year each at Elmore, Minn. and New Richmond, Wis., Miss Johnson decided to return to Stout to work on her M.A. This summer while at Stout, she was offered the resident counselor position here at River Falls.

Miss Johnson comes from Woodville, Wis., and has one younger brother.

Her main ambition is to get her M.A. in guidance or counseling. Advising Sigma Chi Sigma is one of her duties.

MISS JOHNSON

While in high school she was in almost all the extra-curricular activities and held many offices. She counseled at the Miami Beach Luther League Convention in 1961. Some 14,00 Leaguers were in attendance, and a counselor was provided for every nine there.

Former Agent Here Tonight

Author and former Soviet Secret Police agent (NKVD) Anatoli M. Granovsky, is scheduled to appear in the Karges Recreation Center Monday, Sept. 23, at 8:15 p.m.

Anatoli M. Granovsky joined the NKVD—the Soviet Secret Police Force—on July 20, 1939, after serving some time in the infamous Butirki Prison.

His first assignment was conducting counter-espionage work among students, young artists, intellectuals and principally among those whose fathers had been arrested as enemies of the people. He was told that he would have to spy on his friends he had known. As a cover for his work, Granovsky was instructed to join the army, specifically, the Moscow PVO (Anti-Aircraft Defense) School.

Soon after the German attack on June 22, 1941, Granovsky became a lieutenant of the MPVO and area commander of the Oktiabryrsky District of Moscow.

Granovsky attended the secret espionage and sabotage school of the NKVD, located near Bykovo, some forty kilometers from Moscow. Training in the most intensive kind was conducted here, in preparation for espionage and sabotage operations throughout the breadth of Germany and in Eastern Europe.

On Nov. 8, 1946, Granovsky was granted political assylum by the late King Gustav V of Sweden. Granovsky now resides in Washington D. C. He is currently completing a book covering his adventures since leaving Sweden.

MEMBERS OF THIS YEAR'S cheerleading squad took time from a practice session to pose for a picture for VOICE photographer Danny MacFarlane. Three of the girls were chosen for this year's squad last week. First row Barbara Lewis and Judi Hilstad; Second row, Melody Sweeney and Judy Rein; Third row, Mary Balfanz and Diane Howard.
Story on Page 7.

Dr. Kettlekamp Leads RF Persons on Trip

DR. KETTELKAMP

"Benny looked like the Pied Piper of Hamelin leading the children through the woods." This was the comment Dave Benson, River Falls businessman, made when asked about the hiking group he and his family joined in Glacier National Park this summer.

Benny (his real name, by the way, Dr. B. H. Kettlekamp, chairman of the biology department of Wisconsin State College at River Falls, led a group of 21 former and present River Falls people

on the trail to Upper Two Medicine Lake in August.

Thirteen chattering, excited children from one to 12 years old followed Dr. Kettlekamp, a summer ranger naturalist for the National Park Service. Parents brought up the rear.

Parents of the children are Dr. and Mrs. Richard Swensen, and Dr. and Mrs. Philip Anderson. Dr. Swensen is professor of chemistry, and Dr. Anderson is professor of education and director of the graduate program at River Falls.

The children's parents no longer associated with the college are Mr. and Mrs. Dave Benson of River Falls, and Dr. and Mrs. Glenn Hartman of Montana. Dave Benson is secretary-treasurer of the A. W. Lund Company and Dr. Hartman is a medical doctor working with the U.S. Public Health Service at the Blackfoot

Indian Reservation Hospital in Browning, Montana. Dave Benson and the Hartmans are former students at River Falls College.

Dr. Anderson reported that when the 10 mile hike was completed, their guide, Dr. Kettlekamp, said, "that wasn't the biggest group of hikers I ever had, but it was the noisiest."

TEST OUT EXAMS

Students interested in test-out examinations must arrange with the instructors for the privilege by the fifth week of the quarter. The Council of Academic Deans publishes the list of those authorized to participate in test-outs during the sixth week and tests are given during the seventh week.

Debate Club Schedules Year's First Meeting

The first meeting of the debate club will be held in Room 127, South Hall, Sept. 26 at 7 p.m. All those interested in debate, oratory, discussion, extemporaneous speaking, and interpretive reading are invited to attend.

The national debate question for this year is: Resolved: That the federal government shall guarantee to all high school graduates opportunity for further education.

The college debate team is tentatively scheduled to attend debate conferences at Oshkosh, Eau Claire, Whitewater, and State

University of Iowa, Sioux Falls College, Sioux Falls, S.D., and Milliken University at Decatur, Ill. In addition they will participate in the Twin Cities Debate League and Wisconsin Oratory Contest.

Locally they will sponsor a high school debate clinic Nov. 2; a college novice debate tournament Jan. 11; a high school invitational debate tournament Jan. 18; and a high school district debate tournament Jan. 25. Tentative plans have been made for the appearance of the Louisiana State University debate squad to appear on campus in late April.

International Weekend to Be Attended by Foreign Students

Several members of the Foreign Students Association will be participating in the International Weekend being held in New Richmond September 26 - 29. River Falls students taking part will be: Hashem Amini, Iraj AmirArjomand, Faramarz Moattar, Faramarz Salmassi and Mir Massood Seyedin, all from Iran; Daniel Mac Farlane and

Fred McKenzie, Panama; John Bruce, Ghana; Irene Woo, Hong Kong.

The schedule for the Weekend has been set up as follows:

Friday, Sept 27: Foreign students will visit the public schools and meet the students of the host city. Friday evening they will be present as well-known journalists from all parts of the world

will join New Richmond citizens in a panel discussion. This meeting will take place in the gymnasium and will be moderated by Dr. E. W. Ziebarth.

Saturday, Sept. 28: Participants will be guests of the women's Club for luncheon. A soccer game has been planned for the afternoon, with Dan Mac Farlane in charge of organization. Saturday evening guests from many lands will present some of their native entertainment in the form of a talent show. Iraj Amir-Arjomand will be the Master of Ceremonies for the program, and local students plan to feature numbers from Panama, Hong Kong, and Iraq.

Sunday, Sept. 29: New Richmond citizens and their guests will observe church day.

Chairman of this year's International Weekend is Dr. Louis W. Weisbrod. Miss Marion Hawkins, Foreign Student Association advisor, will accompany the local students on Thursday and Friday. John Bruce, president of the River Falls group, will extend the official convention greeting.

The Foreign Students Association is setting up plans for a United Nations Week observance in October. The group anticipates attending two community functions in its honor. Members will be guests at the Business and Professional Women's Reception on October 14 at the River Falls Public Library. They will also attend the annual Tuesday Club Dinner.

Additional Library Services

As a result of a recent survey which revealed that students want a more flexible plan for using reference materials, the library has initiated a program which will make it possible to check out specific reference books for a maximum one-week period.

To date, the 1963 editions of the Encyclopedia Britannica and the Encyclopedia Americana have been purchased and the second oldest copies were placed on book trucks ready for circulation.

The library hopes this will not only prove of service to the borrowers but will cut down on the "French leave" of these books.

As soon as the budget permits, the Collier's Encyclopedia, the almanacs, and the Statistical Abstract will be purchased in duplicate copies.

A second Thermo-Fax copier has been added to the library facilities. Students are encouraged to ask for copies of resources ordinarily not permitted out of the library. The service fee is from 5 to 10 cents a sheet.

Prof. Encounters Black Bear, A Rare Sight Near RF

By DONALD NEGARD
Voice Staff Writer

"That's the last thing in the world we expected to see near River Falls," commented Dr. Richard Swensen about seeing a black bear last Sunday morning, about three miles northeast of River Falls.

Dr. Swensen, chemistry professor at Wisconsin State College at River Falls, and two sons, Steve, 7, and Dave, 8, were out for a sunshiny bicycle ride when they spotted the bear.

After hurrying home, Dr. Swensen called Carl T. Johnson, a nearby farmer noted locally as a hunter, and told him of the discovery.

Johnson and his two dogs, a 2 year-old basset and a part-collie shepherd, trailed the bear from where it was spotted in Stan Nelson's pasture, just north of the junction of State Highway 65 and County Road SS.

Johnson, in a telephone interview, said his dogs had had no previous bear hunting experience, but that they were eager to pick up the bear's trail. According to Johnson, the basset did most of the tracking and the shepherd did most of the barking after the bear was finally chased up a tree.

"I didn't have a gun or stick or anything," Johnson said, adding that he hoped his dogs wouldn't get mauled by the bear.

The shepherd dog, 10 years old, "got pretty hot from the chasing and barking," said Johnson, and strolled away from the bear to cool off in a nearby cold-water spring. About that time the bear got enough courage to start down the tree. Then Johnson called the shepherd to send the bear back up the tree.

Game Warden Norman Hicks of Hudson was called to the scene to dispose of the bear. Warden Hicks phoned Conservation Area Headquarters in Black River Falls to get permission to kill the bear. Hicks said the reason he asked for an okay to kill the bear was that it was so thin. Weight of the animal later showed to be only 60 pounds.

The bear was killed at about 3:10 Sunday afternoon, and later hauled to Hudson for burying. Black River Falls is headquarters for the West Central Wisconsin Conservation Area.

Mrs. Stan Nelson, who farms with her husband near the Carl Johnson farm, reported that several bears had been seen on or near their farm over the past few years. One was seen back of their home about two weeks ago.

Johnson said that quite a few people had called him in recent years to report having seen a bear, but usually it turned out to be a large dog or a raccoon.

Hicks stated that this was the third bear definitely identified in this area in the past 10 years.

'They' Look Terrible

"They look terrible and The VOICE is glad to hear that someone finally had enough interest to do something about them.

The "They" we're talking about are the bulletin boards in North and South Halls and especially in the Student Center.

One can't help but notice them for there they sit, in all of their glory, a conglomerate mess. Large signs are covering small signs, notes are tacked over other signs, and announcements are there which someone forgot to take down two weeks ago.

The bulletin boards are there for all persons to use to post announcements which are of concern to the student body. As it

now stands, there seems to be fierce competition between groups vying for this premium display space. It isn't the fault of any single group, but rather the present system of posting signs.

The result of this overcrowding has forced some groups to resort to posting announcements on sticks and driving them into the grass between South Hall and the Student Center, giving what is generally considered the center of our campus, the look of a carnival midway.

Now someone has asked the Senate to look into the situation and come up with legislation limiting either the number or the size of posted announcements on campus bulletin boards.

The VOICE is happy that the Senate has agreed to look into the matter and that it has appointed a committee to investigate and make recommendations toward a solution.

The suggestion has merit, and would go a long way towards relieving our overcrowded bulletin boards while getting as many announcements as possible before the eyes of the Student body.

The Cuba Trip

Recently, the House Un-American Activities Committee has been holding inquiries into the unauthorized trips to Cuba by a group of American college students. With the status of relations between the United States and Cuba presently at such a low ebb, and with the restrictions on travel to Cuba that the State Department has imposed, the actions by the students was, to say the least, a daring one.

The group claimed the right of the "free and inquiring spirit" cultivated in our colleges, and claimed the logic of men who attempt to see both sides of an issue. In this case, the Students decided to have a first hand look at communism and Castroism rather than to accept newspaper and broadcast reports "fed to them".

This basic premise is acceptable and fine; however, from this point on, the whole situation degenerates into a mistaken attempt at martyrdom for the right to free inquiry. The young men and women involved, were blind to the fact that free spirit must have certain boundaries and restrictions in order that there be a continuation of this fundamental principle from generation to generation.

Therefore, when college students throughout the country see front page headlines and sensational newsreels of their peers being dragged by police officers from Congressional hearing rooms and down flights of hard steps into the fresh Washington air, they should be able to distinguish the mask of martyrdom from the just fulfillment of the laws of our land. The students who are being manhandled have been emotionally duped by propaganda.

This same situation occurred in Un-American hearings in San Francisco three years ago, where more obviously, red propagandists like Archie Brown, openly invited students from the entire San Francisco area to demonstrate inside the hearing chambers and to picket in front of the courthouse. As occurs in all action in which emotion replaces thought, and hate replaces understanding, the result in the San Francisco incident and in the present hearings create no earthly benefit for the self-respect of our nation.

Students who fancy themselves martyrs, and yet fail to exhibit any respect to members of our Congress and to the traditions and laws of the nation, and succeed in turning the legal process of factfinding into chaos, have in turn become testaments of success to the infiltration of radical ideas.

The actions of the students who have partaken so defiantly in opposing Congressional hearings are to be condemned and not commended.

LITTLE MAN ON CAMPUS

"I WONDER IF THAT ISN'T THE PROFESSOR WITH THE REPUTATION FOR LOCKING THE DOOR AFTER THE TARDY BELL?"

LETTERS TO THE EDITOR

Dear Editor,

The Falcon Film society would like to express its thanks to all students, faculty members and towns people for their support of "WILD STRAWBERRIES", our first fine arts film of the year. It is through your interest that the Falcon Film Society can promise to bring to River Falls films of unusual quality and entertainment.

To Mr. Stolzman, manager of the Falls Theatre, go special thanks for the enthusiasm with which he has aided the society in obtaining these films and for showing them. Thanks must also go to Mr. Brock and the College Bookstore for selling the tickets from which the society receives its operating funds. It is through the help of these people and you, the public, that films of excellence can be shown for the benefit of the school and the community.

Looking Back

In The VOICE

One Year Ago This Month

The Foreign Students' Association met for the first time this year at the home of Dr. William Abbott. President Ben Bohool of Iran announced that next weekend, Sept. 27-30, the students and their advisor, Miss Marion Hawkins, will go to New Richmond for an International Convention with Macalester College.

The drama department has begun rehearsals for the play, "Under Milk Wood," scheduled for Thursday, Friday, and Saturday, Nov. 1, 2 and 3, under the direction of Dr. Blanche Davis.

10 Years Ago This Month

Fathers of River Falls Students are receiving a special invitation this week to a day of festivity. The event is Dad's day, an annual fall program which pays special honor to the men who foot many of the bills students must pay.

Eleven new faculty members have joined the faculty this year, and four instructors have returned from leaves of absence.

15 Years Ago This Month

Twelve energetic freshmen are wanted in an experiment in music. The aim is to see how quickly college level beginners can learn to play a musical instrument. Instruction is free, contact Prof. Jadinak.

Masquers are looking for prop men who can handle snakes, kittens, a printing press, explosions and xylophones to help with their first play this year, "You can't Take It With You."

30 Years Ago This Month

Prof. Rozehnal is very pleased with the prospects of band and orchestra. Sixty-two students have signed up for the band. From these people he has chosen 42 men for the marching band, 40 for the concert band, and 20 for the girls' band.

Charlie Sparks

New Column Starts

My name is Charlie Sparks, and I'll be writing for you every now and then in this paper. I'de have my picture printed, but then I think it's better to save face.

I will go a long way to save my face. Gloria, on the other hand, simply sits down at her dressing table. Gloria is my wife. I am a married student. Gloria says her face is her fortune. I believe it is the Beauty Parlor's fortune. I stopped at the beauty shoppe recently to pick up my wife after one of her "weekly" facials and sets. You should hear the way those women sit around and gossip. The gossip alone is enough to curl your hair. By the way, if you girls want beautiful hands, deal yourself four aces. (Rudy told me that one).

from the desk of Rudy.....

EYDIE GORME RECENTLY CUT AN LP ALBUM WITH HUSBAND STEVE LAWRENCE ON THE WEST COAST WHILE STANDING IN HER BARE FEET IN THE MIDDLE OF THE STUDIO CONTROL ROOM.

"Danke Schoen's" Wayne Newton, age 20, I learned in journalism school to always try and give the age, has been in the business for a long, long time. Wayne and his brother got their first break in 1956 when they were invited to appear at the Hotel Fremont in Nevada. In 1962 the brothers received their first national exposure on the opening Jackie Gleason tuber. Bobby Darin saw that show. BD produced Wayne's first 45, "Heart" early this year. This marks the 8th consecutive week Wayne's "Danke Schoen" has been on the National Sizzling 70.

I felt these sideline highlights might add to your enjoyment of what I consider a real good record.

J. Thurber's great gaafawww, "A Thurber Carnival" will open and run an unprecedented six nights at the little theatre beginning in late October.

The CBS radio network began operation just 36 years ago this week. (1927). Sixteen affiliated stations comprised the network - one of which was WCCO, Mpls. Isn't that interesting? (I have received a letter from Maud which I will pass on to you).

Dear Kiddes:

June and George have another baby. That makes three. Oh well. They tell me they planned it that way, figurin' if one of the children turns out to be a genious the other two can support him. Faust will be four, October 12. Mephistopheles is 7 three days before Halloween. They asked their mother if they couldn't have a party together sometime around the middle of the month or so. She said she's see. By the way, Charlie, they have decided to name the cat Ernest Hemingway. George is planning to reorganize the circus in the spring. Right now he has a pet pint flamingo chained to a steel pole in the back yard. Lyle calls it "Herb Jefferies." June thinks she'll go along, too, if they go to Coral Gables in March. I hate to think of them leaving. Orville has a baby pig. It is named Ballpoint. That isn't its real name, however, just its pen name. Little Faust says when he gets big he wants to be a singer. Lyle tells him right now he sings like a frog with a man in its throat. Lyle likes to tease him. We hardly ever go out visiting friends in the evening anymore. Baby Charles is such a wet blanket about perserves. Grandma wishes we had more to pickle around here.

Love,
Maud

Charlie's weekly etiquette tip...
It is not polite to break your bread or roll in your soup.
Confidential to Leonard...

Don't be afraid to take a chance. A turtle cannot travel unless it sticks its neck out.

Charlie

Sophomores To Meet Wednesday

It was announced last week that the sophomore class will hold its first meeting this Wednesday at 1:25 in the Little Theatre. Plans for Homecoming week and freshmen initiation will be discussed.

In addition to this, committees will be appointed, and the class may decide on its motto, flower and color.

Various other activities are planned. For the first time in the history of a sophomore class meeting, entertainment will be

provided, in the form of a beauty contest, hog calling contest and pie throwing contest.

All sophomores are asked to attend wearing old clothing, as this will be the most important meeting of the year.

Openings On Student Committee

The Student Foundation Committee will be interviewing candidates for membership Thursday night at 6:30 in Room 201 of the Student Center.

There are openings on the committee for freshmen, sophomores and juniors. Once a person obtains a position on the committee, he remains a member for the duration of his college career.

The Foundation Committee is concerned with raising funds for the improvement of the campus, and it functions closely with the alumni.

In the past it has contributed the scoreboard to Ramer Field and the bronze falcon on the wall to Karges Center.

This year marks the second year that the committee is working towards completion of the beautification of the South Fork project.

Chisholm Attends State Meet

Dr. Francis Chisholm attended the meeting of the steering committee of the state department of education's language arts curriculum held in Madison this weekend. The seven-member committee plans to produce a new curriculum for English instruction in the public schools (excluding the colleges) of Wisconsin by 1965.

Dr. Chisholm, editor of the Wisconsin English Journal, explained that the committee's main function is to develop some standard guidelines for all schools to follow as a co-ordinating basis for their English programs.

Other members of the group include representatives from the state department of education, the University of Wisconsin, the state colleges, and the secondary and elementary schools.

Test Out Exams Must Be Arranged

Students interested in test-out examinations must arrange with the instructors for the privilege by the fifth week of the quarter.

Industry Seeks College Aid

Scientists at Wisconsin's nine State Colleges soon may be providing more help to Wisconsin industries.

Eugene R. McPhee, Director of State Colleges, said that the Colleges would assist the State Division of Industrial Development in compiling a directory to be supplied to manufacturing firms and government procurement agencies.

The directory will contain names of faculty members with special technical and scientific knowledge and information about scientific equipment at the State Colleges and at private colleges and Marquette University. A similar directory is being compiled by the University of Wisconsin. A number of scientists now serve as consultants to industrial firms.

"The directory will make it easier for Wisconsin manufacturing firms to seek technical assistance from the colleges," said David Wiggins, Madison, Director of the Division of Industrial Development. "This should enable them to improve their products and production methods in order to increase business and to bid on government contracts."

Studies show that the greatest economic growth is taking place on the east and west coasts, where colleges and universities are assisting industries in updating their product design and testing methods.

Visits to the State Colleges to obtain information for the

Marine Recruiters To "Land" Here Oct. 1, 2, 3

Major M. J. Fibich Jr. and the Marine Corps Officer Selection Team of Minneapolis will visit the Student Union from 9:00 A.M. to 4:30 P.M. on 1, 2, and 3 October to interview, test and accept applications from interested Freshmen through Graduate Students.

The new policy, according to Major Fibich, requires Applicants for Marine Aviation Training to be administered the Aviation Qualification Tests and Flight Physical Examination before acceptance.

Homecoming Committee Announces Rules

The homecoming committee has announced rules for all organizations interested in sponsoring an event during homecoming week.

All organizations must register between Tuesday, Sept. 24, at 9 a.m. and the following Monday, Sept. 30, at 5 p.m. No previous arrangements made with the director of the Student Center will be honored. Those groups not registered to enter events by the deadline will not be permitted to enter them.

Ag Profs Talk Shop At Wisconsin Meet

On Wednesday, Thursday and Friday of last week, Dr. Thompson and Dr. Hiltbrand of the college agriculture department and Raymond Wall, local high school agriculture instructor, attended the joint state staff meet-

ing in agriculture education at Marshfield and Wisconsin Rapids.

The Wednesday meeting at Wisconsin Rapids was held in conjunction with representatives of the Wisconsin Council of Agricultural Co-operatives who have been promoting an evaluative study of vocational agriculture in Wisconsin.

At the meeting, representatives of the State Board for Vocational Education and Teacher Trainers in Agriculture Education from Platteville and River Falls State Colleges and the University of Wisconsin discussed common problems in the program of vocational agriculture.

directory will be made by Wiggins, Dr. Philip Sundal, economist in the Resource Development Department, and Dr. Gregory D. Hedden, Madison, a consultant.

Seniors May Apply For Federal Service

Applications are now being accepted for the 1964 Federal Service Entrance Examination, the U.S. Civil Service Commission has announced.

This examination, open to all college seniors, offers the opportunity to begin a career in the Federal service in one of 60 occupational fields located in the various Federal agencies throughout the United States. Starting salaries for persons ap-

pointed from this examination will be \$4,690 and \$5,795 a year.

A written test, required except for those candidates who have attained a sufficiently high score on the Graduate Record Examination Aptitude Test, will be scheduled for Oct. 12, 1963, for applicants who filed by Sept. 19, 1963. The closing date is April 14, 1963.

Management Internships with starting salaries of \$5,795 and \$7,030 a year will also be filled from this examination. An additional written test is required. Applicants for these positions must be filed by January 16, 1964.

Details are given in Civil Service Announcement No. 311. This announcement may be obtained from many post offices throughout the country, college placement offices, Civil Service Regional Offices or from the U.S. Civil Service Commission, Washington, D.C. 20415.

WSC Boy Scout Wins Award

Michael F. Miler, of 435 Bay st., is one of 13 veteran Boy Scouts from throughout the country to receive distinguished service awards from the Order of the Arrow at the order's national conference at Champaign, Ill.

Miler, a junior at River Falls who is majoring in political science, runs the office at scout Region 10's Sommers Wilderness Canoe Base on Moose Lake, near Ely, during the summer. He plans to continue in professional scouting as a career.

44 Per Cent Of All College Students Drive Cars To School

AKRON, Ohio - Nearly two million automobiles will work their way through college this year.

A survey of the college parking problem indicates that 44 per cent of the nation's 4.5 million undergraduates will report to classes on wheels later this month.

Questionnaires sent to colleges, both large and small, in all sections of the nation, revealed that the increase since pre World War II days in the number of student autos parked on campus ranges from 300 to 1,000 per cent.

Understandably, the daytime parking problem -- not to be confused with its midnight counterpart -- poses a problem for campus police chiefs as well as deans. Parking facilities are virtually non-existent at many colleges in metropolitan areas, the study found.

In contrast, the University of Minnesota will park automobiles 1,900,000 times in the course of the school year. Minnesota has a "self-supporting" parking set-

"Never brag. If you deserve praise, you don't need it. If you don't deserve it, nobody will believe you anyway."—Robert G. Campbell, Lititz (Pa.) Record-Express.

up where everyone on campus pays to park.

Most colleges have an annual fee, ranging up to \$10. Rutgers, which claims the largest parking facility in New Brunswick, N.J. (3,000) operates 26 buses to shuttle students from parking areas to four school areas.

Higher education is not necessarily conducive to the fight against traffic violators. Last year Rutgers passes out 10,000 tags to students, faculty members and others.

Some of the Ivy League schools notably Yale and Princeton, do not allow on-campus parking. Columbia does, but has no parking facilities. Both faculty and students park on Manhattan streets on a "catch as catch can" basis.

Dartmouth allows parking,

RF Has Big Part In 'Cisco Convention

River Falls State College will have a prominent part in the annual convention of the National Council of Teachers of English in November at San Francisco.

making it easier for seniors and married students by slicing the registration fee in half to \$5. The college is especially tough on student auto violations. Last year it suspended a star halfback because he was caught owning a car while attending the school as a financial aid student. The player lost all-east recognition while the football team won nine straight.

Estimates of the number of used cars on campus varied widely from 45 to 90 per cent of the total number. Surprisingly, the highest percentage of used cars was found at Harvard, generally considered the richest university in the country.

College police chiefs, deans and other concerned with parking problems disagreed widely on one question posed by the

Dr. Josephine Paterek of the English department has been invited to discuss her experiences in teaching by television. Dr. Paterek teaches a communications course over KTCA, Channel 2, in the Twin Cities.

A reprint from the Wisconsin English Journal, a magazine edited by Dr. Francis P. Chisholm, chairman of the English department at River Falls, will be the general topic of discussion at one of the general meetings.

Minutes of Senate Meeting

The Sept. 16 meeting of the Student Senate was called to order by President Larry Feltes at 6:30 p.m. in Room 200 of the Student Center. Paul Arneson was excused because of illness.

The minutes of the Sept. 9 meeting were read and approved. The treasurer's report showed a current balance of \$619.38. When outstanding bills are paid, the balance will then read \$438.07.

Vince DiSalvo reported on activities for the week, as sponsored by the Social Committee. He also reported that the Social Committee needs two new members. Fran O'Connell reported for the Student Center Governing Board. He said that Mr. Brock is looking into lockers for the commuting students and also that he, Mr. Brock, will speak to Dr. Kleinpell about the sign machine before he approaches us again. O'Connell said that the board passed a motion allowing us to move to Room two in the basement. A bowling team was also approved, but the money may have to come from the Senate. This would be about \$250.00.

Hampton Wilmot, representing the Constitution Committee, said he has the constitutions of 40 organizations and is expecting many more.

Our cheerleading delegate, Vince Di Salvo, reports that he is holding practices Tuesday and Wednesday for cheerleading hopefuls. Thursday night three new cheerleaders will be selected.

Dave Frazer, junior from Brookfield, asked the Senate if something couldn't be done about the signs around campus. John Hanson presented a resolution which reads--that the Student Senate go on record as supporting the stricter enforcement of rules governing size and type of signs used. O'Connell seconded the resolution. Hanson then made an amendment to the resolution which said that letters should be sent to Dr. Rozehnal, Mr.

Cooklock and Mr. Brock. Vince Di Salvo seconded the motion. O'Connell then withdrew his second from the original resolution because of arcade rules. Discussion followed and Feltes appointed Frazer to chair a committee consisting of Hanson and O'Connell to look into the situation. The original motion and amendment were dropped. The committee is to be called "The Committee for Investigation of Sign Regulations on Campus." They will report their findings at the next meeting.

According to Gene Smith, Sigma Tau Epsilon will handle the Student Directory sales completely. The system which was set up is as follows: Senate gets all the intake from 0-75%, 2/3 from 75-90% and 1/3 from 90-100%. The fraternity has several good sales plans. Hopefully, the directory will be out Oct. 1 according to Smith. A motion was then made, seconded, and passed that Gene's report be approved and taken back to the fraternity.

Larry Feltes then announced that he had hired Stephney Baker as secretary for the Senate once again. She will receive .85 cents per hour.

Fran O'Connell said he would check as to where last year's Senate picture is.

Feltes then talked about the Award Committee and citations, but nothing was decided.

A motion was made by Smith and seconded by O'Connell that we allot seven cents per mile for the cheerleaders to go to the Superior game. Motion carried.

Vince DiSalvo, in behalf of his six lovelies, asked for money for new uniforms. Discussion followed. A motion was made, seconded, and passed that we

Parker Ill, Prof. Luck To Fill In

Prof. Peter Muto, of the Physical Science Department reports that Dr. Parker who was to assist him in the Physical Science classes became ill and won't be able to teach this fall quarter. Dr. Parker's job will be taken over by a graduate of River Falls State College, Prof. Lyle Luek, now working to earn his degree in education.

survey: "Is today's student a better driver than his father?"

The Northwestern respondent said, "We doubt it." Dartmouth replied, "About the same at comparable age." Columbia answered, "Unlikely." "Yes, but less cautious," said Maine. Wisconsin and Harvard gave an unqualified "Yes," while Tennessee wrote, "?"

Perhaps the most succinct observation came from Northwestern's manager of parking and traffic. At the bottom of his questionnaire he wrote, "Cars are still unnecessary to a college education."

table the situation until next meeting and let the cheerleaders present their own case.

A few students questioned why the library was not open this weekend. Hampton Wilmot was to see Mr. Cooklock and inform us of the reason.

Vince Di Salvo then presented an excellent case why the Chad Mitchell Trio should entertain on our campus. Arnie and Bob's, local record shop, agreed to give us 25% of every Chad Mitchell Trio album sold. The Trio's recording company, Mercury, said they would be glad to help us with advertising. Also, the music department will lend a hand. Vince then made a motion that we contract the Chad Mitchell Trio for Tuesday, Dec. 5, for \$1,750 as against 60%. The motion was seconded by Stower and passed. Vince will head a committee with the Social Committee for the engagement.

John Hanson then made a motion that the Senate buy one copy of Roberts Rules of Order Revised. Graham seconded the motion and it was carried.

Feltes then said there was more checking to do on the room situation and that he would report back. He then said we are to use the same procedure on the budget and that he would report back after seeing Dr. Kleinpell.

At 8:20 it was moved by Stower and seconded by Di Salvo that the Senate adjourn. Because Frazer thought he had something important to say Vince resented his second. However, it was mere trivia. Stower again made the motion for adjournment, Di Salvo seconded and it was carried the meeting be adjourned.

Meeting adjourned.
Respectfully submitted,
Morgan Graham, Secretary.

RENT A CYCLE

Most students don't know that any college student can rent a bicycle from the game room in the Student Center. Just go to the game room, read the rules and, of course, pay a small fee and you are off for an exhilarating ride.

Prices are 25¢ for singles and 75¢ for tandems.

3 Cheerleaders Chosen Before Large Crowd

Mary Balfanz, Judi Hillstead and Judy Reins, three freshmen, were chosen from among 13 finalists as the new cheerleaders for this year.

The judges, O. B. Bergsrud, Miss Hinson, Mrs. Schwartz, Coach Page and Vince DiSalvo, used these four criteria as a basis for their choices:

1. poise and appearance
2. pep and personality
3. actions
4. voice

Vince DiSalvo, representative of the Student Senate, said that

he was well pleased by the caliber of the choices. "Judging by the appearance of the cheerleaders we are well on our way toward the new image that we desire."

Students Use Judo

Anyone for a lesson in judo? According to Rogers E. George III and Gary Bohlken, anyone, irregardless of past experience, is encouraged to attend a session

of this sport in the wrestling room.

Judo, as taught by Rogers and Gary, is not meant for self-defense. Those who have been coming to the sessions which are held on Monday and Wednesday at 5 p.m. and 6 p.m. on Thursday look upon judo as something to be played.

Progress is slow under the tutorage of these experienced boys and the beginner spends over a full week just learning how to fall down. Until everyone knows the proper method of falling, it is not possible to advance to throws.

Both Rogers and Gary have a wide background in the sport. Rogers is a "white belt" who learned judo in his explorer post in West St. Paul and also competed in a high school judo club. Gary is a "green belt" who learned his judo while in the service.

Judo players around the world are rated by a series of "belts." White is the first and lowest class and black is the highest. There are also various degrees within each belt. A player may be promoted by any black belt if he can display enough proficiency.

The players who attended practice a week ago tonight gave an exhibition of roudori (free fighting) and some break-falls and flips for VOICE photographer. It was very exciting and thrilling.

If the thought of throwing your boyfriend or girlfriend around entices you: or the enjoyment of a good clean sport attracts you, why not drop in on Rogers and Gary tonight.

TIME FOR THE TAKEOFF is the situation for Rogers George as Pat Fuller launches him into the air. Rogers came in for a perfect three point landing.

From Where We Sit

By DAVE TAUBE
Voice Staff Writer

"La donne e mobile," sang one of last year's cheerleaders as she resigned, and then rejoined, the yell corps. After all it IS a woman's prerogative.

Since the view from where we were sitting didn't offer too good a perspective of the recent cheerleading tryouts, we roused ourselves and sallied over to the exercise gym. It was very heartening to see all those fresh young faces and the number of spectators who turned out to cheer with the competitors was more uplifting than Billy Graham.

If students turn out for the athletic contests like they did for the tryouts we may soon need an addition on Karges Center. If the enthusiasm already generated can sustain itself, Vince DiSalvo's plea for a "new look" in Falcon Fan yelling could well become a reality.

One of the intramural teams in the campus league, which calls itself May 1st, may have something going for them. We are, however, puzzled by one thing: Is the name "May 1st" supposed to identify their place of residence or is it merely a prediction as to the starting date of the season.

The bowling team is planning to throw a dance in an effort to get money for uniforms. This is a noble cause and we must urge all people to support it: BUT, it is ridiculous, even asinine, for a team which will meet eight other schools, including the U. of Minn., to have to go out and work for their uniforms.

Offhand, the only thing that I can think of which would be worse would be making a team pay for its own practice. The bowling team also had to put up with this during the last season. The new lanes in the not yet completed section of the Student Center will not be ready until next year.

The fire which has been smouldering for at least a year now regarding a hockey or gymnastics team at RF doesn't look like it will take spark this year. The outlook for a Gym team appears somewhat less bleak than that of hockey inasmuch as most of the necessary equipment is already owned by the school.

The largest problem faced by those who would like to see either of these sports introduced here is the lack of coaching personnel. O. B. Bergsrud, director of athletics, said that hockey would probably have no chance to start here unless its proponents could assure enough support from outside the college to build a rink.

CHRISTENSEN

Christensen Aired

Falcon grid coach, Gwynn Christensen, is being featured on a weekly football report which will be aired over an area radio station for the entire season. Christensen's program, which is taped on Thursday, is aired each Saturday.

During the show, Christensen discusses his football Falcons and their play in the Wisconsin State College Conference.

All Interested Bowlers to Meet

All interested bowlers are encouraged to try out for the River Falls Bowling team on Sept. 25 starting at 4:15 at Collin's Lanes.

Roll-offs will take place on Sept. 26; Oct. 2 and Oct. 3 with the highest 12-game totals determining the members of the eightman squad.

Any interested person who cannot be at the first roll-off should contact Mr. Brock or Duane Anderson, before Sept. 25.

A complete list of the rules and regulations and a 1963-64 schedule are posted in the game room in the Student center.

Assistant Coach Al Evans Once Played Pro Football

Professional football turned out to be a "pain-in-the-neck" for River Falls' new assistant football coach.

Alan Evans, resembling the "after" in the Charles Atlas ads, discovered his Archille's Heel was his neck while playing in the tough Canadian league in 1956. The injury brought an abrupt halt to his professional football career and turned his thoughts to the somewhat less hazardous occupation of coaching.

Mr. Evans, also serving as head wrestling coach, displayed his talents last at North Dakota State College at Valley City where he mentored both the wrestling and football teams over the last two years. Prior to this he coached high school athletics for four years in South Dakota.

The intellectual side of Mr.

Evans, 30, consists of a B.S. degree in physical education and a Masters degree in education from South Dakota State College at Brookings. Not one to stand pat, Mr. Evans spent the past year working towards a doctor-

ate degree at the University of Southern California.

In his spare time at the Brookings college, he lettered in both football and wrestling for three years and captained both of these sports in his senior year.

Augsburg Game With Falcons Set For Nov. 9

A fourth home game has now been set for the River Falls State College Falcons with the announcement this week that a game has now been definitely booked with Augsburg College for Saturday, Nov. 9, at Ramer Field.

Robert Krueger To Select 3M Grantees

Robert Krueger, audio-visual director of River Falls State College, is one of seven area educators who will help to select schools which will receive visual aid teaching equipment from Minnesota Mining and Manufacturing Co.

The Thermo-Fax division of the 3M Co. has established a program called Assistance Grant to Education and will allocate \$1.5 million in visual equipment to schools in 1963.

Krueger, president of the Wisconsin Dept. of Audio-Visual Instruction, is the only Wisconsin resident on the local committee.

SUPERIOR, Wis.--River Falls put a hard fighting, head knocking team on the field in Superior Saturday night and the fired-up Falcons brought home a convincing 19-0 victory over the Superior Yellowjackets.

In the first quarter the teams exchanged punts several times. Then Freshman Ted Ragatz ran back a Superior punt 45 yards down to the Superior 30.

The River Falls attack stalled, however, and a field goal attempt was no good. This was the only scoring threat River Falls mounted in the first period. The teams exchanged the ball twice and then Superior launched their first sustained march. The Yellowjackets drove for two quick first downs and had only three yards to go for their third when Mick Brandstatter and Duane Johnson threw Superior quarterback Jack Armstrong for a eight yard loss.

On the next play Superior half-back Larry Zucollo fumbled and the Falcons recovered on their own 17. The Falcons managed one play before the quarter ended.

Bob Pritchard started the second quarter with pass to Larry Madson out in the left flat. Madson took the ball with a nice over the shoulder catch and ran the ball down to the River Falls 32 yard line for a first down.

The Falcons ran two plays into the line and got nowhere. Then the Pritchard to Madson combo struck again for a first down on their own 47 yard line. Superior stopped the Falcons here as two line plunges and a incomplete pass left them five yards short of a first down.

The teams exchanged punts and Superior missed a try on a fourth and one situation as the 'RF' line stopped the big Superior fullback, Jack Puglisi, six inches short of the first down to take over the ball on the Superior 45 yard line.

The first Falcon scoring drive started when Pritchard hit Doug Dube for a 15 yard pass play that was good for a first down on the Superior 30.

Fullback Wayne Burich's gain of four yards was nullified when the Falcons were penalized 15 yards for clipping on the next play. A screen pass was incomplete for the second down. The Falcons then flanked both ends and Ted Ragatz took Pritchard's pass and went into the end zone. The play covered 31 yards.

The pass from center was dropped on the extra point attempt and the Falcons led 6-0 with 4:20 left in the first half.

In the second half the River Falls defense took charge of the game after they stopped a Superior drive on their own 26.

The first time the Yellowjackets got their hands on the ball in the second half Jack Armstrong, their quarterback, connected with his receivers for three big pass plays that carried them down to the River Falls 16 yard line.

Here the Falcon defense dug in and threw Armstrong for a four yard loss. On the next play he was hit hard behind the line of scrimmage and Reno Rizzo recovered his fumble for the Falcons on the RF 26.

On the first play of the third quarter, Pritchard's pass over the middle was batted down and

intercepted by Jerry St. Catherine, Superior's middle linebacker, on the River Falls 38.

The Falcon Defense gave up one first down, then held the Yellowjackets to no gain on four plays and took over the ball on their own 19.

Baire ground out a first down for River Falls in three plays, but on the next series the Falcons were forced to kick. The Superior receiver dropped the punt and Glenn McNaughton fell on the ball on the Superior 28.

The following play resulted in a double penalty as both teams were offside. Then Sempf took a lateral from Pritchard that netted 2 yards around right end.

On the second down Jim Baire shot through the middle on a quick opener and went on untouched into the Superior end zone. It appeared as though the Superior secondary didn't realize Baire was there with the ball until he was gone. Most of them never moved a step to try and stop him. The kick was again no good and River Falls led 12-0.

Superior quarterback Jack Horner tried vainly to get the Yellowjackets back into the game with a barrage of passes, most of which fell incomplete due to the tremendous rush the Falcon defensive line. The last two times Superior had the ball the Falcons threw Horner for losses of 6, 14, 12, 7, and 3 yards.

River Falls' final touchdown was scored by the defense when Gary Burke nailed Horner on the 14 yard line of Superior causing him to fumble. Rizzo picked up the ball and easily scored running the Falcons' point total to 18-0. Burich's kick was good for the extra point and the final score was 19-0.

The win for River Falls was a team effort, it would be very difficult to single out one or two outstanding players. The hungry mood that the entire team was in could be sensed by watching only a few plays. The defense was outstanding and the offense was more than adequate.

tempted the old center-eligible play in which everyone except the quarterback lines up to the right of the center. Upon breaking from the huddle, the 'Jackets appeared to be somewhat confused. The Falcons, however, had shifted properly under Burke.

"Call time out" Burke said to the Superior quarterback just before the ball was snapped. The quarterback should have listened. Burke screamed him immediately.

The Falcon offense improved steadily throughout the game. Hard blocking and determined running eventually wore down the opponent. During the first half, the offense could not crack the Superior line and had to resort to end runs and flanker passes. The game was pretty much a stalemate except for the Pritchard-to-Ragatz touchdown pass in the second quarter.

In the second half, the holes began to open for our running back. Jim Baier's 26 yd touchdown run occurred so suddenly that the Superior defense was left flat-footed. Baier cracked a hole off-center and had little trouble getting past the secondary for the score.

"Jim's quick" Christiansen said later, "and he's a hard man to bring down."

Much of the success of the Falcon running backs was directly due to quarterback Bob Pritchard.

"Pritch is smooth and he knows his backs" Christiansen stated. One interesting statistic demonstrates Pritchard's ball handling ability--that the Falcons have yet to fumble.

The most inspiring play of the evening belonged to the likeable Reno Rizzo. When Rizzo picked up a Superior fumble late in the fourth quarter and ran the ball 15 yards for a touchdown, Pandemonium broke loose on the bench. Not only had the game been iced, but what seemed more important, a defensive man had scored a touchdown.

One thing was apparent to everyone in the stadium that night. Baler's touchdown broke Superior's back, but Rizzo's TD broke their hearts. It is little wonder that Coach Christiansen got a free ride off the field. The Falcons were that elated.
