

State Championship Celebrated By R. F. S. T. C. Monday

"\$1200 A Year" A Part Of Promotion Program

20 Profs Star In Play Next Tuesday Night At R. F. Normal Auditorium

PLAY BY FERBER AND LEVY IS BIGGEST OF YEAR'S ENTERTAINMENTS

Committee Outlines Big Program

BIG SCHOOL ENTERPRISES ARE FOSTERED AS PART OF PROMOTION PLAN

"\$1200 a Year," a comedy triumph by Edna Ferber and Newman Levy, which is probably the finest play of its kind ever presented in this vicinity, will be given in the Normal auditorium Tuesday evening through the courtesy of the Normal Promotion committee. The play is presented by a faculty all-star cast of 20 people under the direction of Miss Nellie Schlosser.

Treats of Profs.' Problems

The story deals with a serious economic problem made extremely funny with gross exaggerations. We are given intimate glimpses of a group of downtrodden faculty members in the agony of trying to support their respective families on a meagre \$1200 a year, which unskilled laborers in the same city in which the college is located get \$30 per day for their eight-hour efforts in the mills.

Then the worm turns and the plot centers upon another amusing state of affairs. The profs. unable to make a decent living as teachers, become mill workers, leaving the colleges to run themselves. Result: a very pretty story.

A Truly Human Story

While "\$1200 a Year" is rated a comedy, it has plenty of serious moments, a gripping human story, and character as human as life itself.

Committee Organized Last Year

The Normal promotion committee, organized at the beginning of the 1925 school year, has for its aim the furthering of the interests of River Falls Normal school in every field wherein school pride is a factor. Nearly every member of the faculty functions as a part of this committee which is headed by Professor John M. May.

Has Many Special Departments

Special departments of the committee are headed by the following people: Committee on publicity, Professors Hanna and Eide; committee on finance, Professor Prucha; committee on outside relations, professor Mitchell; committee on publications, Professor Hayward.

In its first year of work, the committee (Continued on Page 2)

Huge Crowd Of Fire-Bugs, Students And Profs, Heed Call Of The Fire Siren

Stitt Wilson To Speak Here Nov. 29, 30, Dec. 1

NOTED LECTURER WILL GIVE SERIES OF TALKS ON PERTINENT TOPIC

Mr. J. Stitt Wilson, prominent platform speaker and orator, will be in River Falls to address the Normal students in a series of talks on the topic, "Constructive Christian Democracy," on November 29 and 30, and December 1.

Each year the joint Y. M. C. A. and the Y. W. try to have on the campus, a speaker of national or international experience with student social problems and student Christian organizations to give a series of lectures. Previous years we have had speakers of great prestige such as Sherwood Eddy, G. B. Aldrich and other social workers of note.

One Time Mayor of Berkeley, Cal.
J. Stitt Wilson has been for 18 years a resident of Berkeley, Calif. A great deal of his time has been spent in lecturing on social and industrial problems before all kinds of meetings of men and women in this country and England during this period. For three years he was mayor of Berkeley, and there is no man in California better respected or more esteemed. He is without question one of the greatest orators in the state. During the war he was a tremendous factor in the stimulating of loyalty and patriotism among the people of California.

Defends League Against Johnson

The California League for the ratification of the Peace Treaty and for League of Nations selected Mr. Wilson as the one man qualified to follow Senator Hiram Johnson over the country to answer his attacks upon the League. On October 5, 1919, Mr. Wilson addressed a great mass meeting in Los Angeles from which thousands were turned away unable to get in. Heeded at first by Johnson supporters after speaking nearly three hours, the question was put to vote, and everyone in the huge audience, with the exception of 20, voted to endorse the covenant.

Worked with Labor Movement

Mr. Wilson is one of the most profound students of social and industrial problems in America. His interest began when, as a student in Northwestern University, he was thrown into contact with the social and industrial problems presented by

(Continued on Page 2)

DAWN'S EARLY LIGHT FINDS NEARLY A HUNDRED OF THE NORMALITES ASSEMBLED AT SCENE OF BLAZE; VENTURE-SOME STUDENTS REMOVE FURNITURE FROM FLAMING HOUSE OFF SOUTH CAMPUS.

Nearly a hundred public-spirited Normal students and faculty members, most of them men, shook themselves free of the clutches of old man Morpheus and responded to the wailing beckon of the fire siren early Wednesday morning by dashing half clad to the lower side of South Hall campus, the scene of the conflagration.

Students Remove Furniture

Arriving at the Brown home, the roof of which was already in flames, eight or nine of the venturesome of the "studens" entered the burning building to coolly and systematically remove the furniture, rugs, pictures and other furnishings from the smoke-polluted rooms to a place of safety, prior to the arrival of the firemen with electric torches, the work was carried on in semi-darkness, but nevertheless without the least confusion.

A few articles of furniture were removed from the flaming second story, but the heat and smoke forced the workers to abandon the attempt to salvage the upstairs.

Cat Is Rescued

A terrified cat, fifty storm windows and a winter's supply of canned goods were removed from the basement of the building by the same individuals, who finally emerged, drenched and soot covered, to watch the local fire department shoot futile streams of water upon the flames.

Profs. and Co-eds Watch Blaze

A dozen sleepy-eyed profs, most of whom mistook the location of the blaze for South Hall, watched the proceedings with interest, while an equal number of Co-eds whisked about through the crowd of spectators in an effort to enjoy the affair to the fullest possible extent.

The arrival of an unusually large number of students at school in time for their eight o'clock classes was probably directly due to the fire.

Skating Rink On Old Ballground Complete

PROF. SPRIGGS INTRODUCES NEW WAY OF FLOODING TO GET SMOOTH ICE

Students and townspeople in River Falls will not want for outdoor entertainment this winter, for with the completion of the new skating rink, a new sport has been permanently added to the campus.

The ground is ready to be flooded, which will be done as soon as cold enough weather permits.

A new way of flooding and freezing will be employed this year. A dam has been constructed which will first catch the water, and then allow it to flow on the field in such a manner that it will freeze very smoothly. This will be accomplished by running the water up a slight grade, something in the form of a tidal wave, and allow it to freeze slowly. This method is introduced by Mr. Spriggs, who has had charge of the planning and construction of the new rink, and although it is hard to understand how this means of flooding works, he assures us that we will have as

River Falls Foot Ball Record

The record of the River Falls football teams over a period of fifteen years is given below. The score of the games is stated for each year in parallel columns for the several schools competing.

State Championships were won in 1926, 1925, 1916, 1915. In addition to the state championship years, River Falls won over the teams of the northern division of the conference in 1914, 1917, 1919, 1920 and 1921, being runner-up for the state championship in these seasons.

\$1959 Disappear Monthly At School Cafe Before Attack Of Hungry Normal Students

smooth a skating surface as possible by the new method.

Wigen Is General Manager

"Babe" Wigen will be general manager for the season. "Babe" is noted for his prowess in this field and his ability as a fancy skater, and it is the opinion of all that he will make a most desirable leader.

Social Committee to Entertain

The social committee is in charge of the rink. They will draw up plans for the season's entertainment, and make rules governing the play upon the field. Plans have already been made to provide for the organization of a relay team, organization of hockey teams and possibly a town or Normal team. Fancy skating is also included in the program.

This rink will be operated jointly by the Normal school and the city, and the townspeople will have the benefits of the rink as well as Normal students.

Warming House Constructed

Even the comfort of those skating on the rink has been looked after. In the old cattle shed a warming house will be built. A permanent attendant will be hired whose business it will be to see that the room is kept warm and comfortable. Another room will be constructed and heated, which will be used for band concerts on special occasions.

Ice Skating to Be Permanent Sport

The new skating rink is now a permanent sport in our school. The baseball diamond has been moved to Ramer Field, leaving the old diamond to be used for skating only.

The Social committee declare that insofar as possible a means of enjoyment shall be provided for all lovers of skating.

"The rink can open none too soon to suit us," say some of the more enthusiastic of those who enjoy an icy surface under a pair of skates.

BETWEEN 350 AND 400 MEALS SERVED DAILY AT AVERAGE COST A MEAL OF LESS THAN TWENTY-FIVE CENTS; MANY STUDENTS ON PAY-ROLL.

Almost fifty per cent of the student body at this school have their meals served at cost daily in our Normal Cafeteria.

Each day the cafeteria serves from 80 to 100 for breakfast, from 150 to 170 at noon, and from 100 to 130 at night. The patrons during the week-ends are fewer, sometimes dwindling to 50 people at noon or night.

Only Nourishing Foods Served

Very nourishing, substantial and well-balanced foods are prepared. The students have an opportunity of eating a heavy meal either at noon or at night, or both.

No substitutes are used in any cooking or baking, and everything is served at cost, a fact which enables students to live very cheaply.

The average price of breakfasts is 13 cents, and that of the noon and evening meals is 23 cents is the report of the supervisor.

Very few students really appreciate what a privilege they have in being able to take advantage of the economical management of the Normal cafeteria.

Miss Weberg Is Manager

Miss Weberg very efficiently and competently manages and supervises the purchasing of food stuffs, the planning of meals and the sale of the meals. She bears the responsibility for keeping the debits and credits on as equal a margin as possible.

Four women work in the kitchen regularly, preparing the meals, baking and cooking.

Students And Faculty Forget Classes To Get Together To Celebrate

COMMITTEES MEET SUNDAY TO PLAN PROGRAM FOR GALA DAY

"Everybody Happy" Is Byword Of Day

FOOTBALL SQUAD GUESTS OF HONOR AT BANQUET, SHOW AND DANCE

"Everybody happy?" This was the dominant question last Monday as River Falls Normal students and faculty members gathered to celebrate the winning of a third consecutive state championship in football, and incidentally, drive the blues out of blue Monday.

Committees Meet Sunday

Immediately upon receipt of the news of a Red and White victory, committees were appointed to meet Sunday and draw up tentative plans for Monday's holiday. Bright and early Monday morning the committees again met to complete the plans for the day.

Eight O'clock Classes Die Young

Eight o'clock classes which were scheduled to meet, died in their infancy and students gathered in little groups to await the 8:55 assembly. Following this assembly at which was announced the program of the day, the morning was filled with the hustle and bustle of students and faculty members in their preparation for the afternoon of revelry.

Assembly Met at 1:30 Monday

One-thirty saw the assembly room crammed to capacity with gayly clad revelers. The program directed by Marshall Norseng, held a variety of surprises for the enthusiastic audience. The program led off with a number of peppy speeches followed by a stunt in which the G. O. P. gals gave a clever impersonation of Mr. Eide and his band bidding the team a hearty welcome upon their return from Superior. Several faculty members gave a version of school spirit in the good old days when men were masculine.

G. A. A. Perform

Members of the G. A. A. presented a rather elaborate tableau in which they portrayed their idea of a typical football wedding in a charleston. The Normal dance orchestra "strutted its stuff" on the stage with a few bits of snappy syncopation.

Parade After Mass Meeting

More speeches and then the crowd adjourned to the street below to follow the royal hay rack in which sat the all-famous football squad on a parade through the down-town districts. Headed by the band, a long cavalcade pranced up and down main street for the benefit of enthusiastic townsmen.

Football Squad Banqueted at 5:30

The football banquet in the cafeteria at 5:30 held probably the most serious moments of the day. Eleven members of the squad bowed to their last curtain call, having completed their third season of service for the Red and White. Toasts and speeches bespoke naught but the deepest sincerity in expressing appreciation of the things that had been accomplished.

Squad Guests at Movie

The bon-fire ritual was followed by the movie "Richard the Lion Hearted" at which members of the squad were guests of honor.

Dance Ends Celebration

The crowning glory the gala day was of course the victory dance. North hall, gym, tastefully garbed in red and white streamers produced the proper atmosphere for the occasion. An interlude of "stunts" by the team, the profs, the frosh and Joe Chopp, cartoonist, more dancing and then the party ended, everybody happy.

Lorraine Edwards was called to her home at Cumberland Saturday.

OUR PEP IS IMPROVING

The pep shown by the majority of the students before our team went to Superior to play the deciding game in the conference race and at the celebration of the State Championship on Monday last was very gratifying in light of the lack of pep that was characteristic of the first part of the season. It has taken us some little time to wake up. Immediate prospects of a state championship itself seemed to supply the much needed incentive to get an active demonstration of real pep.

FROSH GET FIRST TASTE OF REAL SCHOOL SPIRIT

Now that we've got our first real experience in demonstrative school spirit, let's keep it alive. Hitherto this year we have attributed lack of school spirit to the fact that about 50 per cent of our enrollment is composed of frosh, who require time exposure to anything new to them before they acquire it themselves. There can be no doubt that they have in the past two weeks undergone a real exposure to the much touted River Falls spirit. You surely must have it now, frosh; so keep it.

KEEP YOUR PEP, GANG

A word or two of warning perhaps will not be amiss at this time. The football season for 1926 is over with, but that does not mean that our school spirit is to be permitted to die down. On the contrary, there is every reason why it should be developed into greater life than ever. Basketball is about to begin, and as effective and essential as is pep and yells at a football game, it is ten times as effective and essential at a basketball game, where all our noise is corralled, so to speak, within a single room. Here the team get the full benefit of every yell. Thus, there is a greater demand for real yelling and organized pep. Hence, mass meetings have a more direct and more important function from now on than ever before this year. Keep your pep, gang!

THE ABUSE OF SLANG

Native slang has been instrumental in providing the student with a battery of cuss guns that has no equal in the modern civilized world. Slang has not been the sole source.

The student sometimes gives the matter of cussing as much serious attention as he has given the more mechanical devices of daily physical comfort. He has performed endless laboratory experiments with the established cuss words and expressions, and has made a dozen grow where only one grew before.

Some people have made a study of the subject their life's work. There is a man in Chicago, for example, who has over a period of 25 years devoted himself to the compilation of a dictionary of synonyms for the fundamental motif-terms of swearing. There is another in Seattle who is doing research work relative to the verbal inventions of cowboys, sailors, and Y. M. C. A. secretaries. One of these days we shall have a standard reference work on the subject.

It will provide the world with an illuminating portrait of us on the war-path.

If to an American student, someone appears stupid and unbearable, he has enough verbal gun-powder to blow him up completely.

He begins with bone-head, and proceeds through the 122 synonyms for bonehead, such as, mush head, thick head, marble top, stone head, cement nut, cobble bean, worry pate, etc.

NOTICE TO FIRST TERM GRADUATES

Students who are completing their courses at the end of the First Term are asked to see the Registrar as soon as possible. Very important!

E. J. Prucha.

He goes then to donkey, and proceeds through its 56 cuss synonyms, such as, mule, mutt, faw, boob, simp, goat, gopher, etc.

He now has recourse no less than 365 phrases like, cat's rheumatism, and the rhinoceros's ear muffs.

He turns after a deep breath to at least 137 coined adjectives in an effort to describe his neighbor's moral derelictions as a cause of his present weak mindedness, defective physical cleanliness, or other relationships. At any rate he has a massive wealth of verbal inventions at his beck and call. Somehow he can hardly express himself in or out of the class room without bringing them into play.

Sometimes slang seems to express our thoughts very precisely, but why burden ourselves with such a wealth of synonyms that we become walking Rogets?

STITT WILSON TO SPEAK HERE NOV. 29, 30, DEC 1

(Continued from Page 1)

the slums of Chicago. He worked for many years with the Labor Movement of Great Britain, and could probably have had a seat in parliament had he chosen.

Is An Idealist

J. Stitt Wilson is a practical idealist, and has always stood for the conviction that the solution of the social problem will be found only thru the application of the principles and spirit of Christ. His message gives no place to destructive criticism. His message to students relates itself to present personal responsibilities.

A Real Prophet of the Hour

During the past two years he has spoken in the largest Universities and colleges of the Pacific coast, Middle West, Southern states, and East. A large part of the student body of 6,000 of Ohio state heard all of his message. At New Hampshire State College the president of the college called an official convocation for the first meeting and he personally presided at the succeeding voluntary meetings which were attended by nearly four-fifths of the student body. Mr. Wilson has influenced faculty and students more profoundly than any man who has visited the college in recent years. His years of thorough study of the social question combined with extraordinary power as a speaker make him not only a most interesting and helpful man but a real prophet for the hour.

His Third Term Here

Mr. Wilson has lectured on this campus twice before and has always had large audiences and the interest of the community at large. One member of our faculty has stated that he believed that Stitt Wilson was the biggest thing the Y. M. C. A. has ever done for River Falls.

Judging from the number who staggered it to the dance last Monday night, Sid Scoville and Mish Norseng must be falling down in their date bureau work.

Fourteen Students Chosen In Debate Try-Outs Tuesday

Fourteen students were chosen in the debate troyout Tuesday afternoon in Mr. Mitchell's room. These added to the two from last year will make twenty four members on the year's squad.

Those chosen Tuesday were: Esther Bailey, River Falls; Evelyn Barrett, New, Richmond, Madeline Bandali, Elk Mound; Walter Dunbar, Emerald; Lucile Garley, Spooner; Helen Hawkins, Hammond; Ruth Johnson, Stanley; Burten Karges, River Falls; Le Roy Luberg, River Falls; Steve McCave, Hammond; Rudolph Olson, Spring Valley; Mildred Thompson, River Falls; Louis Trayer, Cumberland; Vivian Vassau, River Falls.

The members of last year's squad are:

Tom Berry, River Falls; Jim Casey, New Richmond; Scott Canney, Hammond; Jack Danison, River Falls; Theodore Bable, River Falls; Bud Morten, Ellsworth; Marshal Norseng, River Falls; Don Olson, New Richmond; Bob Smith, River Falls; Harold Walton, Downing.

From the squad two teams will be chosen for the International debate. A girls team will also be chosen to debate against the girls team from other normal schools.

The question is, "Resolved, that the essential features of the McNary Haugen bill should be exacted by legislature."

The squad has already begun to work on the topic. "There is some real talent on the squad this year," Coach Mitchell is reported to have said.

Fifth Grade Will Present Three Acts In N. Hall Wed.

The fifth grade handwork project depicting the story of the pilgrims in three acts will be presented in the fifth grade North Hall at 10:45 a. m., Wednesday.

This children have been divided into three groups, each group presenting one act by the use of the little theatre.

The work is sponsored by the Art department under Miss Alberta Greene and it is expected that a large group of parents and friends will be present.

Assembly Sees "Hiawatha" Presented By Second Grade

Twenty members of the training school second grade, under the direction of Miss Armstrong, presented a Thanksgiving program at assembly yesterday.

Following a musical prologue by the Normal girl's chorus, the second grades gave in pantomime, sketches from Longfellow's "Hiawatha." The characters were all garbed in Indian costumes, and these, with the attractive stage setting made a very attractive picture.

"\$1200 A YEAR" PART OF HUGE PROMOTION PROGRAM

(Continued from Page 1)

mittee raised funds approximating \$450 through the presentation of movies and similar attractions, the proceeds of which were expended along several lines of school promotion.

Big Program Planned for Year

The committee's program for the present school year involves the promotion of all big school enterprises in general, placing special emphasis on the following five features.

1. To increase the enrollment.
2. To promote forensics.

Don't Miss Faculty Play Tuesday Night

It's a Scream!

Red And White Cagers Begin Practice

Three Last Year's Men And Many H. S. Stars Form Squad Material

COACH COX LOOKS FORWARD TO A BIG SEASON IN BASKETBALL

Men Are Getting Into Condition

THREE WEEKS OF SHOOTING BASKETS LIMBER UP STIFF MUSCLES

The basketball season will open with a bang at the first practice next Monday night. By the middle of next week practice will be in full swing. Coach Cox is looking forward to a big season this year.

First Class Material Available

The men who are back from last year's squad are: Dawson, Collins and Landis. There are also a number of new men who were high school stars last year. Among these are N. Manion, Bud Manion, Hunt, Sagerstrom, Bliss and Hocking who played with the River Falls High school team last year and won second place at the state tournament. Other new men are Christopherson from Spooner, Case from Garden City, who played on the Gustavus Adolphus squad last year, and Standish.

Men Are Getting Into Shape

The football men are being given a little rest this week but will be put to work next week. Some of the men have been practicing for the past three weeks getting into shape. Coach Cox intends to let all those who go out, practice for a while then cut the squad down and start working up a team.

Many High School Stars Practising

A number of these men have been on the squad before or have been stars in high school. In view of these facts, River Falls looks forward to a successful season. The date of the first game is as yet unknown. It will not be for some time, however, for River Falls is starting the season early.

FINALS OF THE GRIDIRON

As usual Superior afforded the Red and White the hardest game of the season.

Pewee Weber was back in the line for the final game of the season. Pewee was laid up with a bad knee since the Stout game but was back to fill his position again last Saturday. He will be back to fill his position again next year.

Rumor has it that a Superior man nearly drowned Saturday. He went down the second time and one of the guards saved him.

Many loyal rooters accompanied the team to Superior via the side door pullman. George White says that no one got kicked off or got cinders in his eyes.

Now that the football season is over it is expected that the whites of Rodewald's eyes will be visible again soon.

The Red And White Won The State Conference Title By Beating Superior Sat. 2-0

HOME TEAM THREATENED TO SCORE WINNING GOAL SEVERAL TIMES

River Falls Normal won the state championship honors at Superior last Saturday when it handed the Superior aggregation a 2 to 0 defeat on Gates field. Playing in a quagmire of mud and water, Superior's light but fast backs were virtually powerless against the heavier Red and White.

Despite the lead taken by the Falls in the first half, Superior upon several occasions threatened to score the goal which would have given them the game.

First-Quarter

Superior kicked off to King who returned to 40-yard line. King attempted to circle the Superior right wing and was held without gain. McDonald plunged for four yards. Dawson made a yard over left guard. River Falls punted to O'Neil who was downed in his tracks. Tommy O'Neil made 12 yards over left tackle on the first Superior offensive play. O'Neil made 14 yards over the same hole. The ball is on the Superior 43-yard line. River Falls took time out. O'Neil was held without gain. Gaffe made five yards over right tackle. Broccone made four yards. Broccone went for three yards over center. First down. O'Neil made eight yards. The Superior forward wall is tearing the River Falls line to shreds. O'Neil made seven yards over left tackle.

A pass was incomplete and two gains netted three yards. Superior had the ball on the 27-yard line and Jacobson's place kick was wild. McDonald made a yard through center. King made two yards. McDonald made three over left guard. River Falls punted to the Superior 35-yard line. Gaffe made five yards over tackle. O'Neil two over center. O'Neil made it rst down. Gaffe made 11 yards around right end. A pass

was incomplete. Jacobson's place kick from the 44-yard line was short. McDonald made seven yards over left tackle and repeated for three and first down. Two downs netted five yards. River Falls was penalized 15 yards for holding. River Falls punted to the Superior 35-yard line and Tatkin returned eight yards. O'Neil made three yards over left guard. Gaffe made eight but Superior was penalized 15 yards for holding. Jacobson punted 50 yards to Lowell Dawson who was nailed by Dolan. Christianson nailed McDonald for a four-yard loss. Two downs netted four yards. River Falls punted to Tatkin who made a pretty return of 12 yards to the Superior 45-yard line as the period ended.

Second Quarter

Broccone was held without gain through center. Superior off side. Tatkin made four around right end. On a punt play the pass was wild and Jacobson fumbled. River Falls fell on the ball, but lost it and it was recovered by Superior on its own 20-yard line, for a first down. O'Neil made five yards over right guard. Jacobson punted out of bounds in the middle of the end. Three plays netted the visitors a first down on the Superior 30-yard line. King slipped inside of right end for eight yards. McDonald made another first down on the Superior 15-yard line, going over left tackle.

L. Dawson was held without gain around left end. Jacobson and Gaffe caught King for a loss, but Pung was offside. The ball was on the nine-yard line. McDonald made two. Fourth down one yard to go. Nelson broke through and stopped Dawson for a loss. Superior's ball on their own six yard-line. Superior attempted to punt but the pass was wild and he was tackled behind the line for a safety. Score: River Falls 2, Superior 0.

Superior Sends in Subs.

Jacobson kicked from the 20-yard line. River Falls' ball on their own 48-yard line. McDonald made two yards over left guard. Dawson made two. River Falls punted to Tatkin on the 17-yard line. Broccone made two and O'Neil three. Jacobson punted to River Falls in center field. A sweep around right end netted 12 yards. Superior sent in a flock of substitutes. River Falls was held without gain and on the next play got a 15-yard penalty.

River Falls punted to O'Neil who fumbled and River Falls recovered on the Superior 16-yard line. The visitor's offense failed and two passes were incomplete. Superior's ball. Jacobson punted to mid-field. The half ended with River Falls in position. (Continued on page four)

Superior Game Marks Last Play Of 11 Grid Stars For The Falls

GRADUATION TAKES ELEVEN MEN FROM SQUAD FOR NEXT YEAR

Last Saturday's game terminated the gridiron career under the red and white for nine of the boys of this year's fighting squad. These men are: Capt. Paulson, Lowell Dawson, Lawrence Dawson, King, Feske, Maier, Wigen, Rodewald, Grahn, Helwig, and Begley.

Paulson has played for the last three years without losing but a few minutes. He has been a dependable hard-fighting player every minute that he played. This year, as captain, he steered the team to a state championship in great style. The Dawson brothers have played great football in their three years in the backfield. Lawrence's running and Lowell's running and kicking have been great assets to the team for those years.

Feske and Helwig have played the last two years in the line. Feske is hard to beat as a tackle. He hits them hard and stops for nothing. Helwig has always been right there when it came to holding down his end position. Rodewald has played one year as guard and nothing could stop him. He has been a scrapper all the time.

King entered the ranks this season and he proved to be one of the hardest fighting of half backs. King always had lots of drive and has been a hard man to stop. In the full back position Maier has been a wizzerd. He is elusive and has plenty of speed. He broke his leg in the Stevens Point game and as a result was out for the last game.

Wigen played on a championship here in 1916. Then he came back to play on another championship team this season. Wigen has done some great work at end.

These men have all played their last game for River. They are all fighters and their work has been a credit to the team.

Congratulations!!

We take this opportunity to congratulate the

R. F. N. S.

on its Third consecutive Foot Ball Championship.

Society News

MISS JENSON Entertains.

Miss Alise Jenson entertained several girls at a delightful party Saturday afternoon. Those present were Bernice Sheldrew, Mildred Randall, Ida Johnson, Evelyn Holt, Inez Morrow, Harriet Beebe.

PROF. JACOBSON Makes Excellent Pancakes.

A goodly number of students and faculty members attended the pancake supper at the Congregational church, Wednesday evening, Nov. 17. The menu was as follows: pancakes and syrup, coffee, doughnuts, sausage and apples.

Professor Jacobson has proved that he is equally as skilled in making pancakes as he is in making the famous Jacobson bean soup.

MOZART Glen Gallup Sings Solo.

The Mozart Music club met last evening in the society room at 3:45.

A delightful program was given consisting of a vocal solo by Glenn Gallup, a talk on the Opera by Adele Williamson, and a vocal duet by Alma Maier and Beryl Atwood.

The meeting should have been held last Thursday evening, but it was postponed due to the members might attend the pep meeting.

The president has planned to have her program committees act over a period of three or four weeks, in an effort to have some consistency in the programs, and much follow-up work in the talks given and papers read.

This plan aids in increasing interest in the work and also enlarging the benefit derived from attending these meetings.

By way of co-operation, the committee requests that you respond if you are asked to appear on the program. Half of the benefit you get is gained from taking responsibility, so don't be deluctant about appearing.

The next meeting will be held at 3:45, December 9, in the society room. Drop in and hear what the Mozart club has to offer you.

LIBRARY METHODS CLASS VISITS ST. PAUL LIBRARIES

Last Friday morning the Library Methods Class, Vivian Vassau, Fern Gauvin, Helen Webster, Agnes Schaffner, Evelyn Walker, Adele Williamson and Miss Kimball went to St. Paul on the bus to visit several libraries and to investigate many resources of interest to their class.

They visited the Historical Building, Hill Reference Library, Mechanics-Arts High School, some second-hand book stores, and the Children's Room at the Hill Reference Library. Much valuable information and many helpful suggestions were offered the girls.

The Children's room was of special interest as well as the massive amount of helpful material received at the Historical Building.

An exact reproduction of a colonial log cabin and its surroundings from the copper kettle and loom to the hand made baby cradle, was one of the interesting things at the place.

There are articles of interest at all the places visited, for students who are impressed by history, art, music or library work.

The trip was very well worth while. The girls regret that they had to cram so much in so short a time, however.

Y. W. C. A. Miss Potter Spoke on "Four Anchors of a Youth's Life."

Gertrude Potter's talk to the girls of the Y. W. C. A. Tuesday evening on the "Four Anchors of a Youth's Life,"

Life," was one of the most impressive things we have heard at our Y. meetings this year.

She enumerated a youth's choice of a vocation, choice of an aim or purpose in life, choice of a hobby and choice of a life partner, as being the four anchors which anyone might over for safe-guards during his life.

Gertrude gained her inspiration for this talk from Dr. Hayward's work at a Sunday school convention which she attended very recently at Sheboygan, Wis.

Miss Bandoli Talked Madlyn Bandoli spoke to the girls about some suggestions for packing Christmas gifts for poor children. Gunda lekke gave a clever reading which culminated in a gentle reminder of Y. W. C. A. pledges.

Vivian Vassau sang, "I Come to Thee."

After the meeting several members besides the cabinet took part in a joint meeting with the Y. M. C. A., discussing several problems of college campus life.

No Meeting Before Thanksgiving

The Y. W. and Y. M. will not meet again until after Thanksgiving. Some very special meetings have been planned. After Christmas, discussion groups will have charge of the program of the organizations. These meetings always have encouraged a very large attendance because they are beneficial in solving problems of students.

MRS. BJERSTEDT AND HER GIRLS PLAY 500

Mrs. Bjerstedt and three girls who stay there, Mary Catone, Mabel Jacobson and Mabel Jensen entertained themselves at an informal 500 party Saturday nite.

LOCAL SCHOOL NOTES

Aileen Fitzgerald, and Anna and Olaf Jensen visited their parents in Hudson, Saturday, Sunday, and a part of Monday. They returned by bus.

Frances Squires spent the week-end at Northfield. She saw the football game iwth Hamline, which ended by a score of 20 to 0, in favor of Hamlin.

Davis Tyvol, '26, attended the River Falls-Superior game at Superior Saturday. 'Tis rumored that the captain had something to do with he being there.

Sara McIntyre's bandaged eye, although it looks mighty suspicious is not a result of any particular phase of the championship celebration, nor of the trip to the city Friday, so she explains, but it is just a case of the pink eye! It may be alright, but it looks kinda funny.

Several members of the art and library classes who were in St. Paul and Minneapolis, Friday, remained in town to spend the week-end shopping or visiting with relatives and friends. Everyone of them were 100 per cent loyal, however, in returning home for the celebration on Monday.

(Continued from Page 3)

session of the ball on the Superior 48-yard line.

Third Quarter

River Falls kicked to Jacobson who returned 15 yards and fumbled on the 49 yard line. The falls punted to Nadoiski who fumbled but recovered on his own two-yard line. Jacobson punted to mid-field. On the second play River Falls was given a 15-yard penalty for holding. The falls punted to Nadolski on his own four-yard line. Jacobson punted to mid-field. Two downs netted two yards and River Falls punted to the corner of the field in a puddle of water. Superior took the ball out and Jacobson punted to the 45-yard line. Dawson returned 10 yards. After two downs the Falls punted to the Superior 18-yard line.

After a fair catch Superior kicked and the ball was returned to the 47-yard line. Three downs brought a one-yard gain and the visitors punted to Nadolski on the 23-yard mark. O'Neil made three through center and Geffe made six over right tackle. O'Neil made five for first down. Geffe smashed for four. Tatkin made three and fumbled, River Falls recovering. The quarter ended with River Falls in possession of the ball on the Superior 42-yard line.

Charles Habeck, who attended school here in '24 and '25 is now business manager of The Pointer of the Stevens Point Normal School, which he is attending this year.

EARL BRAKKEN'S TEAM WINS FROM BALSAM LAKE

Earl Brakken, a last year's graduate of this school, who is teaching and coaching in the Clear Lake High School, opened the basketball season for the Clear Lake team at Centurian last Friday, when his team defeated the Balsam Lake team by the score of 17 to 3.

From reports on the game, we hear that his team is well coached and that they displayed good basketball in their first game.
