NUMBER 9

TEAMS TIE FOR CHAMPIONSHIP

Game Ends in Scoreless Tie

With the northern championship at stake, the game last Friday against Stevens Point proved to be a thorough deadlock. For sixty exciting minutes the football strength of the northern section fought desperately to put one across, but with no success. On several occasions both teams looked good for a counter but each time the opposition stiffened and halted the rush.

The game, though containing little intentional dirty playing, was one of numerous penalties which slackened, to a certain extent, the dash of the teams. During the first half, River Falls received five penalties for a set back or forty yards. With such an amount of territory to recover and with the breaks going the wrong way, the team hit some hard going against the "Point." We cannot class it all as misfortune as we were up against a team that plays the game in a winning manner, throughout. Without doubt Stevens Point has one of the best teams in the state and with that fighting aggregation taking advantage of every break, they were able to hold their own and force the Red and White to a tie for northern championship.

From Inside The Wire

Captain Bliss won the toss and chose to defend the south goal. Stevens Point kicked off to Fahland who returned the ball twenty yards to the forty yard line. Olson started the carrying by skirting right end for five yards, but the ball was returned and River Falls was penalized fifteen yards. On the next play we fumbled and lost the ball. On their first two plays Stevens Point made first downs, but after being penalized five yards they failed to gain. With the ball on our ten yard line, Holman tried a drop-kick but fumbled. Thus ended the first and greatest danger for River Falls. The Falls punted out and Morgan fell on the fumbled punt. From then until near the end of the quarter the ball was evenly exchanged by punts and failures to gain. With only a few minutes left in the initial period, the Red and White opened an advance that took them to the enemy's fifteen yard line, where it was lost on an attempted pass on the fourth down. The Point punted out and the quarter closed with the ball on our thirty-five yard line.

Our backs failed to make first down so a punt resulted. One the next

(Continued on next page)

THE NEW COURSE IN AGRICULTURAL MECHANICS

School administrators have felt the need of preparing men who are especially qualified to successfully operate the modern power machinery of the farm. Urgent calls have been sent out for men who are especially prepared to teach this work; men who have been raised on the farm and are familiar with farm problems and conditions. Several calls were sent in to the River Falls Normal school last year for such men, but they could not be furnished.

The administrators of the River Falls Normal school considered it their duty to supply this demand because of the fact that it is a school designated for the training of teachers of agriculture, and since the necessary equipment and teaching force was at hand. All that remained was to interview the Normal Board of Regents and ask to have a course in agricultural mechanics at the River Falls State Normal school established and that persons taking this course be licensed to teach in the state of Wisconsin. This course has been sanctioned by the Normal Board of Regents and the River Falls State Normal school is now allowed to license teachers of agricultural mechanics, or in other words Manual Training teachers who are especially prepared to teach a type of manual training which emphasizes the operation of farm machinery and gas tractors.

The new course has just been announced but already a large number of students have signified their intention of enrolling.

It is sure to have a large enrollment, for the River Falls Normal school is the only one in the state offering this line of work.

The course in detail is as follows: Agricultural Mechanics Course with Electives

FIRST YEAR

First Semester—

Botany	5 hours
El. Wood Work or El. Mech.	
Mech. Dr.	2½ hours
Carpentry, (1a)	2½ hours
Weeds and Seeds	2½ hours
Bacteriology	2½ hours
Chemistry	5 hours

Second Semester—

Biology	2½ hours
English	5 hours
Blacksmithing (2a)	2½ hours
Ag. Architecture (2a)	2½ hours
Chemistry	5 hours

(Continued on last page)

FOOTBALL BANQUET

About forty-five men were entertained by the athletic council at the 6:30 banquet Friday. The guests were Coach Chandler, Mr. Hayward, Mr. Whitenack, members of the rival squads and our second team men. The guest of honor were the men of the Stevens Point squad.

Upon their arrival the men were received in the cozy reception room just off the dining rooms, by the girls, who were to serve. The walls were decorated with penants and a victrola helped to shorten the time before "mess call."

A portion of the cafeteria was screened off and decorated with the Stevens Point and Normal colors. A football was suspended from the chandelier and a shower of red and white and the purple and white streamers which extended to the tables. The place cards were miniature footballs.

The dinner was served by nine girls from the senior class.

The guests of honor left with expressions of appreciation for the reception which they received at River Falls.

FOOTBALL DANCE FOR

STEVENS POINT

Friday evening a very enjoyable three hours was spent in dancing in the gymnasium of North Hall. The guests of honor were the Stevens Point men. The music was furnished by Pratt's orchestra of River Falls. The students who were present appreciate the fine efforts of the social committee to provide such an agreeable form of entertainment and the excellent music. We feel that a stronger feeling of friendship exists between Stevens Point and River Falls, because of the comments made by the guests as to their gratitude at their welcome here.

MENOMONIE GETS BIG GAME

An agreement has finally been reached which places the championship game on Stout's gridiron at 2:30 next Friday afternoon. After an attempt by us to have the game played at La Crosse and a great effort by the "Point" to take it to Chippewa Falls, Menomonie was accepted as a compromise. This decision will meet with great favor among the many students who will now be able to attend. The team leaves Friday morning for Menomonie. They are all reported in the pink and with a host of rooters with them we are almost assured of a championship game here on November 20.

TEAMS TIE FOR CHAMPIONSHIP

(Continued from first page)
few plays the Point gained on straight football to the extent of twenty-five yards. With the ball on our thirty-five yard line, and the Red and White holding, Holman tried another drop-kick which fell short. Failing to gain, the Falls punted out and took the offensive again when Quinn picked up a Point fumble. Another advance was well started by making two consecutive first downs, but a penalty of ten yards forced Gurnoe to punt. The punt was exchanged thus leaving the ball on the forty yard line. The half ended. Score 0-0.

The "Point" started the last half with a punch that temporarily classed them as sure point getters. They received the kick-off on their thirty-five yard line and returned five yards. Playing a smashing game, their back field advanced through the Falls line for three consecutive first downs which netted forty yards. The advance was the most spectacular staged against the Red and White line. With the ball on their thirty yard line Captain Bliss and his sturdy mates presented a defense that was impregnable. The advance came to a speedy close when after three line smashes, the "Point" was forced to attempt a drop kick which failed. The

"Falls" failed to gain on three attempts, and punted. They again took the offensive when Quinn threw a fumble. Things looked big for us when Chinnock laid a thirty yard pass in Gurnoe's arms. The ball was returned and River Falls was penalized five yards for being off side. Another pass to Johnson netted ten yards, but Gurnoe was soon forced to punt. For the second time in this quarter, the enemy hit a big stride by making a wicked advance of four successive first downs for a yardage of fifty yards, to our twenty yard line, where they fumbled, and lost the ball. On runs by Johnson and Smith the ball was carried to the River Falls thirty-five yard line, where it rested when the quarter ended.

The final quarter swung all opinion which had given an edge to the Point. From their thirty yard line the Red and White opened the greatest offensive of the game by a series of end runs and off tackle smashes, which netted five consecutive first downs, and took the ball to the opponent's fifteen yard line. With only fifteen yards to go for a touch down, a pass was attempted on the second down, which went too far, thus crossing the goal line. The pass barely escaped Morgan's reach, but was incomplete, and was returned to the twenty yard line, from where the Point kicked out of danger. Another start for a touch down was made by the Falls, but was halted by the final whistle before it was well under way. Score 0-0.

Friday's championship game administered a temporary setback to our title aspirants. They will now have to meet the Stevens Point team in a tilt next Friday that will decide the northern championship. The strength revealed by the Point eleven was nothing unexpected among us, as they have always made a big bid for football honors. The game was, in many respects, similar to last year's game at Stevens Point, which ended in a tie but gave us a clean title on a percentage basis.

The invaders displayed a brand of football Friday that gave rise to a misleading appearance of having outplayed us. Their great exhibition of machine advance that was staged in the third quarter was of a most brilliant type and gave them a sure championship appearance. However, on comparing the football ability of the two teams we find the Falls leading prominently in yards gained. Exclusive of penalties, the Red and White team gained 226 yards to 181 gained by their opponents. The only consistent method of advance by them on the line smashes, which were the greatest ever launched against our present line, but were outclassed by the superior advance of the Hayward men on more varied tactics of play. The Falls received a total setback of

ten penalties for a total of eighty-five yards, to five penalties by her opponents for forty-five yards. Most of the penalties were for off-side.

The Line-Up

River Falls: LE., Morgan; LT. Bliss; LG., Clapp; C., Otterson; RG., Chinnock; RT., Murphy; RE., Gurnoe; QB., Smith; RH., Quinn; LH., Olson; FB., Fahland.

Stevens Point: LE., Rice; LT., Wilson; LG., Playman; C., Andrews; RG., Anschuetz; RT., Hassel; RE., Schumly; QB., G. Holman; RH., Brown; LH., E. Holman; FB., Pahl.

Substitutes for River Falls—Johnson for Olson, Melvin for Smith, Garretson for Quinn.

Referee, Pettijohn; umpire, Mitchell; head linesman, Jackson.

SCRUBS, INELIGIBLES

AND MISFITS

One of the interesting features of the game Friday was the exhibition given by the "scrubs" between halves. Under the leadership of Captain Schroeder the team executed some of the most clever plays ever seen upon the local gridiron. The giraffe formation resulted in a touchdown whenever called for by quarterback Parker. A trick pass was also exhibited which Paff received in a landing net. The goal kicking of Cairns was a feature of the exhibition.

The work of the "scrubs" was up to standard in every line. They are to be congratulated upon the splendid showing made.

THE STUDENT VOICE

ASSEMBLY THURSDAY

Thursday's Assembly was given over to a peppy program in the interests of our beating Stevens Point. The Girls' Athletic Association put on a clever stunt featuring several hits on faculty members. Mr. Mollot gave a talk on some important reasons why we had to beat Stevens point. Coach Hayward talked about the results of our past games with the "Point". A talk by Mr. Chandler and some snappy yells under the leadership of De Garmo concluded the program.

WITH THE AG. MEN

It is not true that the young men have no discrimination, as they are very keen in picking out the best lookers among the girls.

The Agrifallian was well attended at the last week meeting and we hope they will not forget to do likewise in the future. Mr. Powers' quartet rendered two very fine selections and the remainder of the time was given to the debaters.

The question was: Resolved that Mr. Harding was better fit for president than Mr. Cox. The judges decided the matter at the close of the debate, and Mr. Cox won for once, if he never does again.

Another sign of the prevailing anarchy is that many women refused to vote as their lords and masters tell them to.

We find that Mr. Johnson is kept busy with the new fencing job, corn husking and the milk route work.

The improvements on the farm are all in favor of the milk route now days, so it seems. A new sixty dollar buggy for the delivery of the milk leaving the old Ford in the shed unused; there must be some good reasons for doing this and we Ag. men are all interested to know the reasons. We will wait for Mr. Johnson's answer in the next issue.

The poultry and grain show preparations are well on their way and a full statement of the show will be in the next issue.

Inflation is called the cause of present economic troubles, but not many people have noted any inflation of their bank accounts.

The Ag. play will soon be ready to be presented to the school. Watch for the date, and other details in this column.

The talk now days is that if the girls keep up having marsh mallow toasts they will not accomplish much in their school work. Well, some girls may not acquire much learning in Normal but anyway they will learn how to dress artistically.

The reporter believes it his duty to go around and see the Ag. Profs. for the agricultural news of the day but he also believes it their duty to have at least some news for him. Don't blame him.

C. K. M.

Y. M. C. A.

At the Y. M. C. A. meeting held last Thursday all new members were

taken in. After the reading of the constitution by Mr. Gerretson, the president, membership cards were issued. The program was featured by the trombone solo given by Mr. Skifsted and the piano solo by Willard Segerstrom.

N. C. A.

The N. C. A. held its regular meeting in the music room Thursday at six forty. The following program was given:

Piano solo, Alice Brown
Talk, Mr. Blaha
Illustrated Talk, Archie Anderson
After the program a short business meeting was held.

AURELIA

The Aurelia initiation was held last Monday evening. The girls took part in the activities with enthusiasm and all the old members feel that the new members are a mighty peppy bunch.

After the initiation the Aurelia girls invited the Lincolnian fellows into the gymnasium for a short dancing party.

Kendall Wentz was in town over the week-end.

THIRD YEAR

First Semester—	
Education	5 hours
Physics	5 hours
Gas Engines and Gas Tractors (6b)	2½ hours
Carpentry and Concrete (6)	2½ hours
Practice	5 hours
Second Semester—	
Agr. Methods	2½ hours
Farm Management	2½ hours
Cabinet Making (7)	2½ hours
Wood Finishing (7)	2½ hours
Administration (8)	5 hours
Elective	5 hours

Total Hours Required—45

Electives Offered: Wood Turning, 2½; Wood Turning and Cabinet Making, 2½; Pattern Making, 2½; Machine Drawing, 2½; Adv. Architecture, 5.

G. O. P.

The G. O. P. initiation will be held tonight. All old members be out to help, and to see the fun. New members be prepared for a good stiff initiation.

Milton Krueger came Thursday evening in order to be here for the Stevens Point-River Falls game.

LOCALS

Ted Reed was here over the week-end.

Lila Williams, '19, is visiting in this city.

Robert Scott was home over the week-end.

Fred Huber was here for the game last Friday.

Josephine Koenig spent the week-end in River Falls.

Ethel Scott spent Saturday and Sunday at River Falls.

Mary Baldwin visited friends in town a few days last week.

Felix Ullrich spent a few days of last week looking around school.

Prof. Hayward refereed the St. Thomas vs. St. Olaf game last Saturday.

Armond Christiansen, who is teaching at Staples, Minn., was here over the week-end.

Prof. Junkman and Davison attended the Minnesota game Saturday.

Ida Belle Stevenson was home over the week-end from Cumberland, where he is teaching.

Mr. and Mrs. J. A. Davison arrived last week, to spend the winter with their son, W. B. Davison.

Pearl Garlid visited at the Christiansen home in this city Sunday.

Ezra Hutchinson, '20, was here over Saturday and Sunday.

AS OTHERS SEE US

"Another publication to which our attention is drawn is: 'The Student Voice.' Indeed a very newsy production, yet it lives up to its title. Much attention is devoted to the various activities, and it is well. Your articles are not only well edited, but they offer something to your students, and are well worthy of the support of every one. On the whole, your publication breathes a more congenial and

amiable spirit than any college weekly we have ever read. Yet, it is aristocratic, not in the base sense of the word, but in the sense suggested by the spirit afore mentioned. We wish you all success in your endeavors."—From "Luther Echo," Luther Seminary.

Y. W. C. A.

A musical program was given at the Y. W. meeting last Thursday.

Miss Roloff, Miss Mitchell, Miss Elliott, Miss Adams—Musical numbers.

Miss Tilton—Talk.

After the usual songs the meeting adjourned.

The Y. W. C. A. will hold its next annual candle light service Thursday night at 6:45 in the girls' gymnasium. A good program has been prepared. After the ceremony, there will be an informal social hour in the society room. Both old and new members are invited.
