Supple to equal the material, however, is only fair. There will be no lack of candidates for first team berths when the sea-son open October first. Laurence Frye, Raymond Penn, Ed Walker, Don-idd Dorgan, Floyd Miller, Carl Neit-zke, Hal Chicker, and James Derring-er are back from last year's second squad, while Orville Iverson, Kenneth-Hanna, Morris Burke, Louis Keeler, Rudolph Christensen, Clarence Hol-strom, Carl Wolfe, Lucille Garley, Joyce Berseng, Margaret Helwig, and Leslie Libakken will be possibilities. Although it is Mr. Harrington's, first year as debate coach in River Falls, he brings with him an impres-sive forensic record which is not ex-pected to suffer by the results of the coming season. In carrying out the general program Coach Williams fol-lowed, he is planning on dividing these out for debate into teams which will engage in a series of debates, af-ter which the first squad will contin-ue in preparation for conference de-bating, while the second team will get experience from contests with high school teams. Mildred Olson, first grade, ette. Harriet Malberg, Thorpe. Ruth Boardman, Wausau. Mary Greeley, Conrath. Esther Bengon, Woodville. Lavina Rodewald, Scofield.

These placements in the schools of Wisconsin and other states maintains the unusual record held by the River Falls college in the locating of their graduates.

Other departments have had equal success. The Agriculture graduates of the year are all placed in the schools of several states, most of them holding very good positions.

Illness Forces Resignation Miss Mildred I. Peterson, who has been engaged to teach second grade work at Hudson, was forced to resign her position there recently because of ill health. She has returned to her home at Amery.

Purposive Achievment

The last issue of The Saturday Eve-ning Post included an article on the topic "Why Students Fail". the

nine Post included an acceleration topic "Why Students Fait". It is a timely discussion. It comes from the dean of a great eastern university. It is full of truths both startling and vital. It is well worth the time of every student. With the opening of the school year, many resolutions are in order. The foremost of these ought to be achievement. No student is faithful to the hopes of his friends and fam-ily, or true to himself if he laughs at hard work and accomplishment. ***

Two out of every three students that start college don't finish—but there are a lot more that start pranks that they don't finish.

Students Meet Your Merchants-

Students Meet Your Merchants-Students are urged to look over the splendid display of advertising set forth by the business men of Riv-er Falls in this issue of The Voice. It is through this fine cooperation on the part of our merchants and professional men that we are able to put out a weekly school publication. Local business people are asked often to contribute out of their pockets to help support the various extra curricula activities at our school, but they always do so cheerfully.

your success. In extending a welcome to return-ing students both old and new, per-mit me to emphasize, particularly to new students, the importance of dill-gent application of the chief purpose of your coming to River Falls, namely the successful prosecution of the course of study you have selected. Ex-tra-curricula activities afford splen-did opportunities for training and re-creation. However they are not a substitute fo college work. He who would make his two year course or

President Ames his four year course in college a success, will place foremost in his program, the schedule of work laid down by the faculty. Let this be first and other good things will fol-low as a matter of course.

The responsibility of interpreting River Falls to new students rests up-on old students who are familiar with her ideals and traditions. Let this in-terpretation be worthy of the col-lege's proud record.
