NUMBER 3

First Dance Of Year Held Friday

Freddie's Collegians Furnish Music For Crowd Of 350 Students

The first all school dance of the year was held in North Hall gym at 8 o'clock last Friday night. Freddie's Collegians from Red Wing furnished the music for an estimated crowd of 350 students.

Besides the regular dances the social committee provided for dances which helped to mix the crowd. These included circle dances, frequent changing of partners, and tag dances. To help the freshmen become acquainted, freshman girls had a special dance with the upper classmen, and freshman boys with upper class girls. Toward the close of the evening all the dances became tag dances. Punch was served for refreshment at the party.

Chaperones at the dance were Dr. and Mrs. Justin Williams, Dean and Mrs. Charles G. Stratton, Dean Irma Hathorn, and Miss Vera Moss.

In spite of the fact that the orchestra arrived almost an hour late, the party was considered a success by most students.

Chorus Groups Begin To Organize For Year's Work

The college choruses under the direction of Miss Cara Wharton and Professor Marvin D. Geere are being organized for the coming year's work.

At the rehearsal of the women's chorus last Tuesday at 3:10, Audrey Barrett was elected president, Olive Joos secretary-treasurer, and Nancy Njos librarian.

About 60 people attended the general chorus rehearsal Thursday evening at 7 o'clock. Mr. Geere would like several more male voices to round out this chorus.

Try-outs for A Capella chorus are being held this week.

Miss Wharton would like to have junior and senior girls try out for a sextette.

Former Voice Columnist Married On Last Monday

Charles Stapleton, who attended this college last year, was married on Monday, September 30 to Elaine Foss of River Falls.

During the past three years Mr. Stapleton was a columnist and feature writer on the Student Voice staff. He is also a member of Arnie Kuss' dance orchestra.

The couple will spend the winter in Mandan, North Dakota, where the orchestra has an all season engagement.

Herald Compton Is Chosen Chairman of Math Group

The first meeting of the Math club was held last Wednesday night, September 25, in Mrs. Eide's room. Herald Compton was chosen as chairman to succeed Vincent Konig who did not return this fall.

After the business meeting, presided over by the secretary, Zona Gale Martin, games were played.

All interested in mathematics are eligible for membership in the club. Mrs. Eide is the faculty adviser. A number of informal programs will be given during the year under the direction of the two officers.

High School Students Attend Agricultural Judging Contest Here

About two hundred agriculture students representing twenty high schools assembled at the college farm Saturday morning, September 28, to participate in the annual livestock judging contest.

The team from Grantsburg, Goodwin Branstad, Alfred Guldvick and Russell McKenzie, placed first with a score of 1845 points of a possible 2400. This team was coached by Mr. L. M. Gefke, who graduated from the University of Minnesota last year. This year was the first that vocational agriculture was taught at Grantsburg.

The team from Webster placed third. The other schools sending teams were Durand, Dunn County Agriculture school, St. Croix Falls, Osceola, New Richmond, Mondovi, Nelson, Shell Lake, Roberts, Gilmanton, Elmwood, Baldwin, Spring Valley, Clay.

Masquers Hold Party For 16 New Members

Sixteen aspiring dramatists became members of the Masquers society on last Thursday evening, September 26.

The formal enrollment procedure, which was a candle-light ceremony under the direction of John Batty, preceded a get-acquainted party for both old and new members of the Masquers.

The group danced to radio and phonograph music in the South Hall gymnasium, and later ice cream and cake were served in the Girls' Social Room.

The dance, which was arranged by a committee including Gerhard Thompson, Mary Jane Larson, and Robert Knowles was said to be a lively affair which included hockey during the dances and "cat and rat" games between them.

Meet Dr. Kettlekamp

Dr. B. H. Kettlekamp

Dr. Benjamin H. Kettlekamp, the only new addition to the college faculty this year, serves as an instructor in the biology department.

Dr. Kettlekamp received his A.M. degree from the University of Kansas in 1926, and his Ph.D. degree from the University of Pittsburgh in 1931. The research work for his Ph.D. degree was on the Prostate Gland and Prostate-Thyroid interrelationship.

Dr. Kettlekamp taught in the University of Kansas during the year 1925-'26, in the Trinity University at Waxahachie, Texas, in 1926-'27, and from 1931-35 at Pittsburgh University, where he was in charge of the zoology Department of Erie Center.

When asked what he thought about River Falls, Dr. Kettlekamp said he was particularly impressed by the number of Scandinavians here and that his class roll sounded like a telephone directory in Stockholm.

Wallen, Williamson Elected By Student Social Committee

Kenneth Wallen was selected chairman and Marion Williamson was chosen secretary-treasurer of the Student Social Committee at a meeting held Monday, September 23.

Plans for the social activities for the rest of the first term were discussed, and various types of committees were decided upon to carry out the plans.

Chairman Wallen announced announced appointments to two of the committees on Tuesday. The members of the Permanent Executive Committee are Kathlyn Churchill, Vaughn Smith, Leone Capper, Helen Kotts, and Marion Williamson (ex officio). The second committee was designated to investigate the possibilities of a dancing class. The members of this committee are Maxine Olson (chairman), Gwendolyn Fox, and Roger Haberman.

Palette Club Will Organize To Foster Art Appreciation

The Palette Club will hold its first meeting of the year on Wednesday evening, October 3, at 7 p. m., in the art room in South Hall.

The object of the club is to foster art appreciation among the students. Miss Alberta Greene urges all students interested in art of any kind to attend this meeting.

The members will work on various projects such as pen sketching, leather tooling, chalk and charcoal drawing, oil painting, tied and dyed work, and weaving.

Certain evenings will be devoted to art discussions, and others will be "work shop" evenings.

English Debaters Are Scheduled To Appear Here On November 7

Two members of the Oxford Union Society debating team of Oxford University, England, will meet a River Falls college team on November 7 in the auditorium.

This is the second international debate scheduled to be held on the River Falls State Teachers College campus.

The subject will be—Resolved: "That in the opinion of this House the judiciary should have no power to override the decisions of the executive and the legislature."

This topic was chosen from a list of five selected subjects at a preliminary debate meeting in Room 47 of South Hall Monday, September 23.

The English team, which is sponsored by the National Student Federation of America, consistently upholds the affirmative side in their debates.

Senator Hunt Speaks On State Legislation

"What our State Legislature is Doing" was discussed by State Senator Walter H. Hunt at the meeting of the Y.M.C.A. held in the Men's Union Monday evening.

In a resume of important events which took place in the last session of the legislature, Senator Hunt gave "inside" information on factors influencing the defeat of some bills, and the passage of others.

Senator Hunt believes the big problem before us today is "shall we tax net incomes or debts". He expressed his conviction that the taxation system is unfair and should be changed.

Music by Howard Elliott was followed by group singing. Dr. Walker D. Wyman will address the Y.M.C.A. at next week's meeting.

Assembly Will Feature Indian

Dances, Lecture, and Humor Are To Be Presented In Program

Charles Eagle Plume, Indian dancer, humorist, and speaker, will entertain before the college assembly at 9:50 on Thursday, October 3.

A graduate of the University of Colorado, Eagle Plume was born and reared in the Montana Indian country where he collected much of his early Indian lore.

Wearing authentic and beautiful costumes, this member of the Black-foot Tribe will present a unique program entitled "Making Medicine." Included in this program are songs and dances packed full of Indian lore and history.

A captivating speaker possessing a keen sense of humor, Eagle Feather is known as America's foremost Indian dancer and interpreter. He presents the real Indian in his attempt to keep the authentic songs and dances from complete oblivion.

Sophomores Plan Picnic To Be Held Tomorrow

The sophomore class has scheduled a picnic for Thursday afternoon, Oct. 3. The class will meet at 5:30 in Glen Park from where they will proceed to Rocky Branch.

The committee in charge of the refreshments, including Edna O'Brien, chairman; Kathryn Churchill, Mildred Pederson, Elza Lou Hanna, and Marion Hawkins, is featuring baked beans and watermelon.

Russell Gettinger, Kenneth Wall, Marshall May, John Batty, and Phillip Lofbourrow have been appointed as a committee to prepare the grounds for the picnic and to transport the food there.

Miss Greene Will Speak At Teachers Convention

Miss Alberta Greene, Instructor of Art, will speak on "Special Art Problems for Upper Grades" at the Central State Teachers Convention, to be held in Wausau, Wisconsin on Friday, October 4.

In the section of the convention devoted to those interested in fine arts, Miss Greene will have an audience of approximately sixty-five teachers. An exhibit of art work done by River Falls pupils will serve as illustrations for her talk.

VOICE STAFF MEETS
The Student Voice staff meets tomorrow afternoon at 4 o'clock in Dr. Williams' lecture room.

State of Siege Ruins Morning Snooze

The voice of the instructor droned on and on, lulling the student in the back row into that half-conscious state where the mind quits the relaxed body and wanders on the border land of sleep. The voice faded into the buzzing of the bees in the sunny land of Never Study.

Bang! bang! Rattlety-bang! The reverberations broke into his reverie. His startled mind leaps agilely to the front with the explanation the Italo-Ethiopian War has begun. The dull boomings as the explosions of underground mines and the rat-a-tat-tat overhead must be an aerial attack.

Bang! CRASH! Ohhhhh---! His feet come down with a thud

and his eyes widen in astonishment to find that instead of being blown to bits he was still intact in Dr. Wyman's 10:45 class in History of Political Thought.

What he had mistaken for a barrage was the hammering of the carpenters altering the rooms and book cupboards on third floor, augmented by the cement-breaking in the basement preparatory to the construction of a faculty social room there.

Dismally resigning himself to the loss of his customary morning snooze, a hang-over from vacation days, the student settles down to wait for the release from the racket which the 11:35 bell will bring him.

Extra! All About The Big Kidnapping!

St. Paul may have its Boetcher case, Chicago its Dillinger and New Jersey its Hauptmann; but far worse than these in the estimation of one freshman are the dastardly fellows in River Falls who dared to lay hands on his handsome person.

Last Friday evening the aforesaid young man attended the college dance. According to the victim's own account, he was mingling with the stags at the door when two villains quietly cut him out of the crowd and marched him quickly out. His abductors rushed the poor victim into a car hidden near South Hall and sped away.

They jolted along, for what seemed like hours to the viciously-treated young chap, whose courage (so he says) never failed him.

Finally the car came to a sudden

stop and the desperadoes thrust him out into the cold night air and bade him walk home. He was trudging along the road when a passing auto mobile picked him up and took him to town.

Although he didn't disclose the identity of his abductors, a check-up at the dance revealed that a dark, vicious-looking man who had a car available and two other suspicious characters were missing at the hour of the crime.

It seems that the victim favors the theory that the kidnapers were jealous of his popularity. But anyhow, it seems deplorable in this world of G-Men that such an innocent person—scarcely out of his mother's arms—should be subjected to treatment so calculated to injure his tender feelings.

Get On The Band Wagon!

Now that the 1935-36 Falcon football machine is off to a flying start in piling up gridiron victories, it is high time that the widely famed River Falls school spirit be taken out of the moth balls and revived for another year.

Although the first home football game of the season is scheduled to take place on Ramer Field next Saturday afternoon, there has been no evidence of organized support for the team. Though there have been plenty of sports "bull sessions" on the campus, there have been no pep meetings, no active cheer leaders, and no opportunity for the freshmen to become acquainted with our yells and songs. In order that we may provide the traditional backing for our football team, it is necessary that we immediately begin to stir up the old college spirit.

But while we are on the subject, what is this River Falls school spirit? You hear it mentioned time after time at pep meetings, assemblies, and Homecomings even from people who claim other colleges for their Alma Mater, yet no dictionary or encyclopedia can define it for you. It is not an air of superiority because of our record in athletics, forensics, and other activities, but it is rather the spirit of friendliness to fellow students, respect for the ability of our opponents, a sportsmanlike attitude, and a deep loyalty to our school. Real school spirit is a characteristic of the best type of student; it is a part of a normal, active collegiate life. It is measured by the interest one takes in the activities of both the school and the students.

To secure a real revival of school spirit it is essential that ALL of the students voluntarily and enthusiastically join in the college activities. It is up to each individual to do his part to foster this attitude so that it may live and increase for the benefit of us all. Freshmen especially must join in this attitude because of the large part of the student body they represent.

For the benefit of the "frosh" we shall make a few suggestions so that they may begin to share the collegiate spirit. Find out who the fellows are that play on the football team and what position they play, take a look at the schedule and notice who the games are played with, and where or when they are played. Learn the college yells and get acquainted with the songs. Support the team and come to the first game prepared to yell.

Above all, everyone should get on the band wagon and help get it started! Do your share and the other students will take care of the rest.

Extra Reading Is A Help

Many students are content to limit the extent of their reading to the minimum amount required by their various instructors. No doubt, a few of these students receive high scholastic standings, yet if they only glance through newspapers, magazines, fiction and non-fiction books their education will remain unbalanced and incomplete. The student who spends part of his time in reading has something of lasting quality which the mere fact-learning student fails to get.

Novels, magazine articles, and newspapers tend to broaden the reader's outlook on human nature. They enable him to acquire new concepts of life and lead him to respect the opinions of others. In short, reading will aid in the development of tolerance, sympathy, and a broader understanding of our fellow men.

We should not read, however, just because reading may prove of intellectual value. We should read for the enjoyment that may be derived from reading. If classical novels and the so-called "high-brow" magazines do not appeal to us, let us read that which does appeal. Reading of almost any type will be of some value.

Sports Opportunities Beckon

Students new to River Falls State Teachers College will find many opportunities for wholesome sport and athletic recreation, both at the college and in the immediate vicinity.

The college is proud of the fine athletic facilities it possess. Football, basketball, and baseball are major sports with keen intercollegiate competition. Tennis, swimming, intra-mural baseball, and kittenball are offered for the benefit of the general student body.

The W.A.A. has an athletic program that is of interest to practically every Co-ed. Field hockey, tennis, soccer, and many other games are played by the members of this organization.

However, opportunities are not limited to the college. The River Falls golf course is located a mile northeast of the city. The municipal skating rink is very popular during the cold season. By next spring the municipal swimming pool will probably be completed.

Hiking is also a popular sport. The scenic regions of the lower Kinnickinnic attract many of the students. This river also is a famous trout stream. Besides this, the bluffs of the neighboring country are a challenge to prospective skiers.

Thus the facilities for sport are ample and varied and all River Falls students may find plenty of healthful outdoor recreation.

Y.W.C.A. Notes

The play, "Every Girl", presented by the cabinet members was the main feature of the regular Y.W. meeting held in the Social Room at 7:15 o'clock last Monday evening.

The purpose of this play was to acquaint the new girls with the purposes, meaning, and actual workings of the organization.

The program was completed with a harp solo by Elza Lou Hanna, and a dramatic reading by Rebekah Williams.

The next meeting of the Y.W., to be held on October 7, will be the annual Candle Light Service. All freshman and upperclass women who wish to join the organization will be admitted. Students are requested to wear white or light dresses.

President Ames Stresses Extra-Curricular Activities

At last Thursday's assembly, President Ames gave the student body timely advice on participation in extra-curricular activities.

"Many people attend too strictly to their own business," he said, "consequently refusing to support any of the activities."

He stated that it is a good thing to identify yourself with some organization at the beginning of your college career, and not to exclude yourself from college life.

Instrumental Music Groups Are At Work

Instrumental musical activities under the direction of Professor B. J. Rozehnal, including the concert and marching band and orchestra, are now organized for the coming year.

The concert band has a complete instrumentation. Two-thirds of the fifty-two members participating are new to the organization.

The first appearance of this group is scheduled for the assembly period on October 31. The program will consist largely of numbers from this year's national contest list. Those who remember Heinie Katrinka from last year have a special surprise in store for them, said Mr. Rozehnal.

The string ensemble is scheduled to play October 10 at the River Falls Alumni Banquet at Eau Claire, during the Teachers Convention. The members are: Gerhardt Tostrud, Harriet Campbell, Lucille Bierbaum, violins; Elmer Watkins, viola; Maurice Shepard, cello; Howard Elliott, bass; Elza Lou Hanna, harp.

The 45 members of the orchestra and 40 members of the marching band are now settling down to the practice routine.

Y.W.C.A. PLANS MORNING HIKE

There will be a Y.W. hike followed by a breakfast at 6:30 o'clock on Sunday morning, October 6. The students who desire to attend are requested to meet on South Hall campus and bring their own lunches.

Campus Chatter

So the big, bad boys took the freshman president for a ride. Yes—it's all a joke now. But do you seniors remember the time the upper classmen took Hogan and Thompson away from an Armory dance and dumped them out in the country? Thompson thought he was going out on a new kind of date.

Question: How did you like the orchestra Friday night? Answer: Fine, after it got here.

Can anyone tell us the name of the girl who was chasing Bob Stewart all over South Hall campus the other day? Bob held up fine for the first mile, but then his age began to tell on him, and she caught him. Newell Younggren says that Bob lost out because of his tobacco heart and his whisky liver.

There is a story going around the school that two freshman girls got all mixed up in those un-numbered doors on the first floor of South Hall. Oh, well—it's just that kind of mistakes which make the world go around.

The girls that work in the Periodical library wish that the "profs" would hurry up and assign their term topics so that they would have some company in there.

Pipers Defeated By Falls Eleven In First Game

Weber and Larson Score Touchdowns; Final Score 12-6

The smashing Falcon eleven nosed out the Hamline team 12-6 at Norton Field Saturday.

The Falcons opened the scoring in the first period when the Pipers, fighting against a strong head wind, punted to Martin on the Piper 30 yard line. Herkal and Weber then went to town in a pass attack, aided by line smashes and end runs by Martin and Rendler, that ended in a touchdown. Weber plunged over from the 5 yard line for the first tally of the season. The kick for point went wide.

Hamline tied the score in the second quarter when River Falls punted to their own 38 yard line. On the first play Elliot, Piper half, passed to Hutchinson, the quarterback, who made a great catch and raced 23 yards to score. The attempt to convert with a place kick failed.

The Falcons scored again in the third quarter on an intricate forward lateral play. Rendler took the ball from Peterson, the center, and flipped the ball laterally to Martin, who tossed it to Weber as he was about to be tackled. Weber then sent a beautiful 28 yard pass to Colonel Larson, who caught it on the Piper 20 yard stripe and galloped for a touchdown. Again the Falcons failed to convert. This play worked so smoothly and it was so deceptive that a Piper fan thought he was watching the Minnesota backfield of last year.

Hamline had a chance to even the count in the fourth period when Joe Jenkins, Piper guard, blocked a Falcon punt which was recovered by Pierce, their left tackle, on the 20 yard line. Several line plays along with a penalty gave the Pipers a first down on the Falcon 5 yard line. The River Falls linemen then dug in their cleats and did such a good job of plugging up the holes in the line that Hamline lost the ball on downs just as the gun sounded to end the game.

The Falcon running and passing looked good. Lee Martin, the Chipewas speed merchant, accounted for most of the long gains.

In the line, "Stew" Larson, Bruder, and Selvig were outstanding. Krause, sterling left guard, showed that he is still the best tackler on the squad.

Pierce and Prodehl in the line and Hutchinson and Elliot in the backfield stood out for the Pipers.

River Falls	Hamline
Wulf	L. E.
S. Larson	L. T.
Krause	L. G.
E. Peterson	C.
Bruder	R. G.
Selvig	R. T.

Substitutes: River Falls—Hart, Frye, Cudney. Hamline—Bunnell, Dolen.

First Downs: River Falls 8, Hamline 7.

Penalties: River Falls 5 for 45 yards. Hamline 2 for 10 yards.

Kibitzer's Korner By LOUIE

FOR my prize suggestion I come to the aid of plenty of house mothers. Why not have a mat in the gym where the boys can wrestle with no danger of falling on the floor from a bed? The way some of these boys roll off a bed makes Valdo Sveinson look weak as a tumbler.

A friend in need is a friend indeed, says the Frosh prexy, as the headlights of Mullen's car came into view. Some of the big tough guys admit they have a list of prospective hikers who would delight in a little walk after dark. Beware, Frosh!

LAST Saturday Ted Cox, former Falcon coach who had a very impressive string of victories while at River Falls, had "Skin" Collins and "Bud" Manion, two of his stars in the years he won 3 straight championships, scout the Minnesota team last Saturday. Cox, now at Tulane, plays at Minnesota this fall as one of the great inter-sectional attractions at Northrup field.

COLONEL Larson and Joe Weber have paired up to make a passing attack that should rank with the Gurnee-Chinnock and Lampson-Dawson teams of Falcon tradition. Joe can heave them and Colonel can snatch them off in great style. Watch these boys go to town.

OUR own Dan'l "Droopy Drawers" Dykstra is wondering if he should allow his best girl to go to Stout. Dan'l says someone gave her an awful clubbing with a rolling pin at a picnic. Evidently those people find more uses for a rolling pin than in Home Ec. courses.

NOW that the football season is well under way Ted Setterquist has changed his mind on how the Frosh should block. While putting the bird on one fellow who had completed a half-hearted dive at the bag Ted told the guy to hit it lower. "But you told us to hit it that way the first", wailed the bewildered plebe. "Sure", Ted answered with a wink at the "older boys", "but can't I change my mind?"

STOUT has Kermie Anderson again in her ranks after a year's absence. This Anderson is a plenty neat boy. In the two games played he's scored the only marker for Crawford's gang. Stout plays Winona in their homecoming game at which they dedicate the new Blue Devil athletic field.

Officials: Referee Cully Swanson, Umpire Tom Kennedy, Head Linesman John Jacoby.

Four Falcon Opponents Win Two and Lose Two

The Northern division of the Wisconsin State Teachers College conference continued to raise its average in the percentage column last Saturday when three of the five teams humbled non-conference foes.

LaCrosse, with Johnny Watts starring, scored two touchdowns to win over Columbia College 13-7. Art Avis was the big gun in the Superior attack which whipped Macalaster 16 to 0. He kicked a field goal in the first quarter and aided in scoring touchdowns in the third and fourth quarters.

The Stout-Platteville game which was won by Platteville 25 to 8, was a wild and rough affair. Both teams suffered numerous penalties which prevented further scoring. Samdahl, Stout guard, was removed from the field with an injured back. Stout made their only scores of the season when Richardson fell on a free ball back of the Platteville goal in the first quarter. Their only touchdown came in the last minute of play when a pass from Karlen to Anderson proved successful.

Eau Claire offered little opposition to the Mankato Teacher's eleven and came out on the short end of a 19 to 0 count.

Sveinson and May Reach Tennis Finals

Valdo Sveinson and James May will battle it out on the tennis court for supremacy in the men's singles division of the annual fall tennis tournament being run off on the courts on south campus. Sveinson earned the right to meet May by a slashing victory over Sletteland. May had previously beaten Don Olson to clinch his right as a finalist.

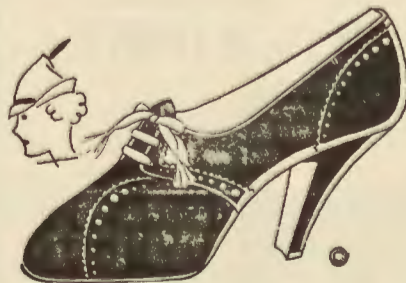

In the first round of the tournament, Olson defeated Marquardt 6-2 and 6-1, and May defeated Shepard 6-3 and 6-1. Of the first round matches, the closest was that played between Sletteland and O'Brien. The later won the first set 6-4, but lost the last two 6-2 and 6-2. Devereaux lost to Sveinson 6-3, 6-2.

Hoey, who had drawn a bye in the first round, played Sveinson in the quarter-finals and lost 6-2, 6-0.

In the semi-finals May was pitted against Olson and Sletteland versus Sveinson. Sveinson easily won over his opponent by the scores of 6-2 and 6-3. Olson gave May a stiff battle, especially in the first set. The final score of that match, from which May emerged victorious, was 7-5, 6-2.

Although May should give his opponent a stiff battle, Sveinson is the favorite to win because of his superior play throughout the tournament.

Luther College Team Invades Ramer Field In Initial Game Here

The first home football game of the season for Coach Cowles' Falcon gridgers is scheduled to be played against Luther College of Decorah, Iowa on Ramer Field next Saturday afternoon.

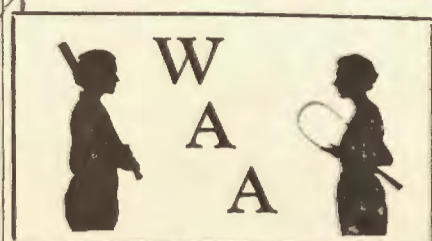

The Falcons, after a victory over Hamline in the opening contest of the season at St. Paul, will in all probability shoot the works against Luther in an attempt to avenge a 6 to 0 defeat which they received from the hands of the Iowa team last year.

Luther, long noted for strong athletic teams, battled the Falcons to a standstill at Decorah in a poorly played game last season. This year the Luther team will miss the services of Augie Luther, sensational athlete who is now playing professional baseball. However, reports indicate that they should be a steady dependable team without the need for spectacular plays to score.

The climax of the football season at Luther last year found the Decorah team playing a tie game with the strong Iowa State Teachers College eleven. Iowa, with but one teacher training institution, ranks with most Middle West universities in the size and strength of their athletic teams.

The River Falls squad will be in fine shape for the first home game. "Pickles" Stenbach is the only regular who may not see action Saturday. Stenbach was removed from the Piper game with a chipped hip-bone.

However, the loss of Stenbach will be offset by the appearance of Louie Sather, the giant tackle who has been confined to the hospital with an infected foot. Sather rejoined the team on Monday for his first practice session in a week.

W.A.A. plans for the coming year were discussed Tuesday evening at a dinner party at which Miss Mary Louise Branstad entertained Edna O'Brien, Iris Mills, Mildred Pederson, Audrey Barrett, Betty Hilyar, Marion Hawkins, Nathilla O'Hearn, Elsie Shorta, Olive Joos, and Miss Alberta Greene.

Tentative plans were made for a party to welcome new members. Miss Audrey Barrett was appointed chairman of the Homecoming committee, and Elsie Schorta is to head the party and poster committee. Iris Mills will be chairman of the committee for the revision of the constitution.

All girls are welcome to participate in the ping-pong ladder tournament which is scheduled for the coming week.

Supervising Teachers Elect Paul Gleiter As Head Of Association

Paul F. Gleiter, an alumnus of this college, was elected president of the Wisconsin Supervising Teachers Association held last week.

The association met at a three day session in Madison. Approximately 100 supervisors were present.

As president of this organization, Mr. Gleiter will attend the convention of the National Education Association at Portland, Oregon, next summer.

For the past three years Mr. Gleiter has been rural supervisor for St. Croix county. Previously he was supervising principal at Woodville. He attended the River Falls State Teachers College in 1926, besides summer sessions in succeeding years. In 1934, he received his B.E. degree from this college.

Practice Teaching Is Assigned To 33 Students

Thirty-three students have settled down to practice teaching in the Training School Department. Seventeen are in the Junior High, five in the Grades and eleven in the Agriculture Division.

The names of the practice teachers follow:

Junior High Department—Clifford Rogers, Vaughn Smith, Zona Gale Martin, Stanley Larson, James Anderson, LeRoy Brown, Eleanor Ohman, Viggo Rasmussen, Omar Bacon, Floyd Krause, Ethel Heller, Perry Luck-singer, Harry Palm, Floyd Lund, Kenneth McDonald, Wayne Gustafson, and Louis Kulas.

Grade Department—Rose Mielke, Marion Hauger, Anna Smith, Evelyn Scott, and Georgia Klinefelter.

Agriculture Department—Charles Van Loo, Gunner Gunnerson, Galen Kintner, Howard Askov, Sherman Weiss, Woodrow Haugen, Frederick Dosch, Melvin Wall, Harold White, and Clifford Narveson.

Agriculture practice teachers are assigned to work in the Smith-Hughes department of the local high school.

HIGH SCHOOL STUDENTS ATTEND JUDGING CONTEST HERE

Continued from first page ton, Milltown, Amery, and Downing.

The teams judged six classes of livestock at the college farm including a class of draft horses, fat lambs, Holsteins, Guernseys, fat hogs, and breeding gilts. They also judged a class of beef cattle at Levi Paulson's and a class of Jerseys at the H. P. Jensen farm.

Although each school was represented by a team of three members, several of the schools brought along extra boys to judge for the experience and practice. The classes were officially judged by Mr. J. Martiny from Chippewa Falls.

Goodwin Branstad of Grantsburg received the highest score, making 687 points of a possible 800. Logan Creswell from the local high school was second with a score of 622.

Among the teachers present were several recent graduates of our college: Erlin Bergeman from the Dunn Co. Agriculture school, Vernon Geiger from Shell Lake, Lyle Lamphere from Osceola, Vernon F. Hanson from Baldwin, Thorvald Thoreson from Spring Valley, and Raymond Wall from Clayton.

The senior agriculture students assisted Professor A. N. Johnson in handling the classes of stock, while the freshmen helped Mr. Prucha correct the placement cards. The entire contest was under the supervision of Mr. May.

DAWSON ANNOUNCES MARRIAGE

Charles Dawson, a former student of this school, recently announced his marriage to Roberta Rawlson of Ellsworth, Wisconsin.

The ceremony took place last March; the couple is now living in River Falls.

Mr. Dawson was formerly one of the star football players of this college. During his career here, he was chosen as all state quarterback for two years.

Former Business Manager Married September 22

Mr. James Deringer of Barron, Wisconsin, and Miss Naomi Arlene Snyder, also of Barron, were married on September 22.

Mr. Deringer is a former student of this school. He was graduated from the Agricultural department in 1933 and served as the business manager of the Student Voice during 1932-'33.

He now has a position in the Soil Erosion Service at Ellsworth, Wisconsin, where the couple will make their home.

Arnie Kuss Signs Contract To Play At Dome Nite Club

Arnie Kuss and his Royal Badgers dance band have signed a contract for the winter season at the Dome Night Club between Mandan and Bismark, North Dakota.

The band is very popular among the River Falls college students. Many of the members have attended school here.

Members of the orchestra are: Arnie Kuss, director and saxophone; Wayne Wilcox and Glen Thoreson, saxophones; Charles Stapleton and Roger Stillman, trumpets; Donald Foss, drums; "Bud" Hawkins, bass; and "Duke" Betterly, who is taking Leonard Monsen's place at the piano.

During the last two weeks they successfully filled a trial engagement there. Three nights a week they will broadcast from a Bismarck station.

Boarding Club Called "Bachelor's Heaven"

The first week of the men's co-operative boarding club at the home of Mrs. E. B. Fox was pronounced a success by its members after they had settled their individual accounts last Wednesday at the weekly business meeting.

Kenneth Wallen was elected to the position of permanent steward or president. He took over the responsibilities carried during the first week by LeRoy Brown, whose work was to help while the club was being organized.

The full capacity of forty members has been reached, and the daily routine is working smoothly at the boarding club which has been unofficially christened "Bachelor's Heaven."
