RIVER FALLS, WISCONSIN, TUESDAY, APRIL 21, 1931

NUMBER 24

College Host to 1200 Musicians

Class of 1933 Reveals Plans for Promenade

Social Event Marks Close of Year's Formal Affairs

Plans have been completed and the committees appointed for the annual prom which is to be held in the North Hall gym on Saturday evening, May 9. The sophomore class is in charge of all activities.

According to Marvin Pratt, class president, the gymnasium will be decorated in light green cloth to give an under-sea effect. The decorating committee under Walter Hagestad has been busy working out a unique scheme which has never been in vogue at any previous formal affair. More detail plans will be announced later.

An orchestra has not been definitely selected at this time. The committee believes, however, that either Eli Rice's Dixie Cotton Pickers from Red Wing or Clem's Gold Coast band from the Twin Cities will be the orchestra for the popular occasion.

Walter Hagestad is the chairman of the decoration committee. Others on the committee are: Florence Walsh, Ruth Achenbach, Ruth Robinson, and Cecil LaDusire.

Lucile Hawkins is chairman of the invitation committee. Fern Ashenbrenner and Emmaline Nelson are the other members.

The finance committee is headed by Ove Bervin, assisted by Oral Clafin and Karl Korting.

Margaret Hellweg has charge of the music committee. The refreshment committee is made up of Cornie Amundson, Ella Atwood and Selma Ordal.

Advisors, Local "Y" Men at Conference

Eight Y. M. C. A. cabinet men and Prof. J. P. Jacobson and Miss Hathorn attended the joint Y. W. and Y. M. conference at Lake Independence about twenty miles from Minneapolis over the week end. The local faculty representatives appeared on the program.

Faculty members from many of the midwest schools and "Y" men from the state organization and from the university campus were in charge of the programs and group discussions during the two day gathering. Reynold Jensen, a former student here, was chairman of the committee in charge of the affair.

The local boys who spent the week end at the camp were: Morris Buske, William Jueds, Wallace Clapp, Irwin Taylor, Floyd Miller, Gardiner Graham, Everett Jacobson and Karl Korting. They all reported having had a splendid time.

Ag Men Attend Boys' Round-Up at Amery

Prof. J. M. May, Earle Sanford, Arno Dittbrenner, Leonard Warner, Chris Hanson and Leonard Madison drove up to Amery Saturday to attend the northern Wisconsin boys' round-up. Mr. May's new Chrysler furnished the transportation.

Victor Peterson, Amery and Lyle Lamphere, Osceola, both last year's graduates from the Ag department, took prominent parts in the program. L. M. Sasman, state supervisor of vocational agriculture was the main speaker on the afternoon program.

They Lead Band Marching Parade Friday

Left to right, back row: Uren, Stiles, Betterly, Frazier, Bergeman. Second row: Miracle, Biulfus, Engdahl, Nelson, Dehmer, M. Foss. Third row: Hawkins, Bremner, Stapleton, Standiford, Peterson, Schulze, Graham, Younggren. Fourth row: Lundeen, Gosewisch, Radcliff, G. Foss, Bellisle, Wilcox, Kuss, Gelo, Snoyenbos. Front row: Director Schliep, Ordal, D. Foss, Pratt, Berkel, Weydt, Stillman.

Meletean Staff Prepares Year Book for Press

1931 Annual to Have New Features; More Pages

Staff writers, athletic writers, camera men, art editors and other members of the Meletean staff are now busily engaged in assembling the material for the 1931 Meletean which will constitute the 20th volume to be published.

Leo Krueger

The organization and class writeups were to all be in Monday. Many of the panels have already been sent to the engravers, and the remaining ones will go there within the next week. The staff expects to have the year book available by the last week in May.

This year the year book will be a larger edition in view of the greater number of students, larger classes, more organizations and to various other added features. The Meletean was former called the Badger but due to the fact the the university annual had the same name it was changed to Meletean, the Latin word for Badger.

Earl Sanford
1931
Meletean
Editor

People listed in the 1931 Meletean staff are as follows: Earl Sanford, editor; Margaret Kelley, associate editor; Leo Krueger, business manager; Raymond Penn, athletic writer (football, swimming, golf and tennis); Charles Freeman, athletic writer (basketball, baseball, track); Clarice Olson, girls' athletics; Thomas Runkle, music; Marvin Pratt, art editor; Dagnar Pederson, typist; Alice Bartosh, freshman class; Margaret Burkholder, Masquers.

No Assembly This Week

There will be no assembly April 23 on account of the Music Contest to be held in the auditorium Thursday and Friday.

The State Teachers College band in their crimson uniforms will lead the parade of 450 bandmen which is to be held here Friday at 4. p. m. Fifteen high school bands in full regalia will take part in this new feature of the music contest.

A fifty dollar cash prize for the band winning first place in the marching contest and twenty-five dollars for the second best parading band will be awarded by the local Chamber of Commerce. W. J. Dyer & Bro. of St. Paul are awarding a silver baton to the drum major of the winning band.

According to reports a St. Paul Dispatch reporter will be on hand to take pictures which will appear in next Sunday's edition. Rumors are that a International News Reel camera man will also be here to secure "talkie" material from the unique affair.

THE SOPHOMORE GLASS

cordially invites all students and alumni of the River Falls State Teachers College to attend the Annual Prom to be held in the North Hall Gymnasium, Saturday, May 9, 1931.

Eau Claire Conference to Attract Local "Y" Girls

The Y. W. C. A. Cabinet Training Conference will be held at Eau Claire this week end from April 24 to 26.

Last year, the conference was held in River Falls. The students at Eau Claire are planning just as successful a conference as that of last year. Some special entertainment will be provided in a school party after the first meeting on Friday evening and by a tea on Saturday afternoon.

The local girls who will attend are: Thelma Haga, Dagmar Peterson, Evelyn Volla, Laura Ross, Bernice Smith, Ruth Robinson, Pauline Issacson, Lyleth Jensen and Adele Deans.

"Y" Girls Hold Election for '31 School Year

Organization Lays Plans for Activities Next Year

Election of officers and the selection of next year's cabinet took place in the Y. W. C. A. organization during the week. The installation ceremony will be held in the near future.

Joyce Bergseng, a Junior, River Falls, is the newly elected president. Other guiding hands selected were as follows: Laura Ross, of Hudson, is vice president, Ruth Robiusion, Hudson, secretary, and Dagnar Pederson, River Falls, treasurer.

The cabinet selected and their positions are as follows: Devotional chairman, Evelyn Volla, Holmen; Social chairman, Bernice Smith, River Falls; Music, Gretchen Grimm, River Falls; Geneva chairman, Pauline Issacson, Spring Valley; Publicity, Ethel Haga, Bayport, Minn.; Social Service, Alice Bartosh.

Joyce Bergseng

Thelma Haga
Retiring
Y. W. C. A.
President

The retiring cabinet includes: Thelma Haga, president; Margaret Fox, vice president; Maxine Blain, secretary; Ruth Vold, treasurer; Edna Larson, devotional chairman; and Helen Lamson.

Band Marching Contest To Be New Feature

College Orchestra To Give Concert Friday Evening

More than twelve hundred of West Wisconsin's junior music talent will compete in the seventh annual music contest which is to be held here on Thursday and Friday. Twenty-five high schools will enter contestants.

Activities will begin with registration and the locating of rooms for those who are forced to stay over. This is scheduled to be finished by noon on Thursday. In the afternoon the girls' and boys' glee clubs, the mixed chorus and the piano solo event are on the program.

The evening program will consist of the cello solos, violin solos, cornet solos, clarinet solos and string quartet numbers.

The soprano, contralto, tenor and baritone solos will appear from 9 to 12 on Friday. Events in the afternoon include the music memory contest, orchestra, and band concerts. At four o'clock a band marching contest will be held on Main Street. Led by the college band, fifteen musical organizations in uniform will parade down town. At the conclusion of the march, 450 bandmen will combine into one unit to play a concert in the Main Street park.

A short program by the college orchestra at 7:45 p. m. and a prize winners concert at 8:30 will complete the two day program. At the close of the program, Mr. Geere will present the grand prize, the cups, and the individual medals to the winners.

Welcome is the by-word of citizens and collegians as they prepare to be guests to coming throngs. Welcome to River Falls.

Press Club Group Initiates Outings

Editors, sport writers, literary writers, reporters and other members of the Press Club journeyed out to Lone Mound for the Press Club outing Monday night.

The writers competed in a fast game of kittenball while coffee pots were steaming over the fires and an array of buns, cup cakes, hot dogs, marshmallows and various other items were prepared.

After having sharpened their appetites, the members dropped their usual role and did full justice to the countless number of buns and hot dogs. Supper was followed with a number of games and the outing was concluded by several songs. The members left fully determined to make the Press Club outing an annual event.

The Press Club wishes to thank Mrs. Ernest Deans for the time she spent in preparing the picnic lunch.

Music Contest Helpers to Wear "Ask Me" Badges

During the music contest this week there will be a group of sixty or so students wearing the helpers' "Ask Me" badges.

There is more to this however than free unquestioned entrance to all of the programs. At a recent meeting of his assistants, Mr. Geere apportioned the many duties among them, individually or in groups. They will serve in many capacities, as ushers, registration clerks, and even furniture movers. One of the most important duties is that of answering the many questions that are showered upon them, hence the "Ask Me".

Editorials

Spring has again transformed the campus into a thing of beauty. That it is a source of pleasure to all students is easily testified by the number now found on the campus at all times.

The new shrubbery has survived the winter well and shows promise of giving added beauty to the campus. The large variety of pines, oak trees, maples and birches, the winding walks, clinging vines all contribute towards making the River Falls campus one of the most beautiful in the state.

The Power of Publicity

A handful of students, numbering about seventy in all, responded to the play which was given last Friday. However, this small number does not necessarily mean that students as a whole are not interested in this form of amusement, but it was largely due to lack of knowledge relative to the fact that a play was to be held. An assembly announcement a day before is not effective enough alone. In this day of keen competition with talkies, dances and various other forms of amusements it is necessary to keep the students informed some time in advance and advertise the event ahead of time.

The announcement came as a cloud out of a blue sky the day before the event was to be held. No doubt, the majority of the student body had already made their plans for Friday evening.

Keep That Body Healthy

Now that winter has passed us by and spring is here in full glory, let us make use of our leisure time in more outside activities. The average person's health is at a lower level following winter than at any other time of the year.

No better time may present itself for taking part in outside activities than at present when the urge to be outside, when spring is bursting upon us, is most keenly felt. It will be a means of building up that reserve energy depleted by a winter's work inside.

There are numerous outside sports and activities which every student of River Falls may choose. We have football, baseball, and track for those desiring more strenuous forms of exercise and for others, tennis, golf, kittenball, hiking, and countless other forms of activities which every student may take part.

It matters little which of these any student may select but needless to say, every student should make some attempt to take part in one or

With Our Inquiring Reporter

OPINIONS ON THE MUSIC CONTEST-----

A high school student says—
It's so much fun. Rather thrilling. We see so many kids.

A former contestant says—
It was fun. We saw so many kids from other places.

College students say—
Home people in it make you interested. You try to make them feel at home because this may be their future school. River Falls kids are in it too. You like to see how well they compare with the others. Anyone who likes music is interested. The

pieces are not too classical to be pretty; yet they are difficult enough to require some of the best talent.

Lots of fun. Wonderful opportunity for the kids who take part. Fun to compare performances. A lot of it is murdered and a lot done well.

The Professors say—
The competitive spirit. The trip here interests the high school people. This is the age of extra-curricular activities. A teacher is measured by the outside work he can do.

It gets them out of school work. A necessary evil. If we didn't have it, some other school would.

more outside activity, not only from a standpoint of amusement but as a means of building up the general health.

That Old School Spirit

Has our school spirit died out entirely or is it merely smouldering? There are certain times when we would be tempted to believe that there never was such a thing as school spirit. There are many ways in which we could show our spirit of cooperativeness in this institution of which sports, the different class organizations and other groups are examples.

Last Thursday the Junior class held a class meeting and twelve members reported. This is only about twenty-five per cent of the total number in that class. Where were the others? We do not know. Perhaps the distance from north to south hall has something to do with it. At any rate, we have decided to hold the rest of our class meetings in north hall; so let's see every Junior at our next meeting. We cannot afford to let the most important thing, our class spirit, die out. We will need it for at least forty-two more weeks.
Junior Class

Woods! Woods!

The best wood for matches—
She would and he would.
The best wood for shoes—
Sandalwood.
The best wood for pencils—
Any kind just so it's the right wood.
The best wood for pianos—
Firewood, it comes in cords.
The best wood for coffins—
Dyewood.
The best wood for melancholia—
Pine wood.
The best wood for village officials.
Alder wood. M. C.

Ped Books

Have you noticed the striking appearance of the new book shelves this spring? Do you know just what makes them attractive? Perhaps a hint will cause you to see for yourself. You are at liberty to pass your own opinion.

At a glance one sees the colors of the rainbow scattered over the bookshelves. The violets, greens, and yellows of the book covers, in their many tints, shades, and intensities are used with other colors in striking and attractive color schemes.

Among this group of books, one finds such titles as these:

- The Raven—by James Marquis
- The Greek Way—by Edith Hamilton
- William Howard Taft—by Herbert S. Duffy
- Learn or Perish—by Dorothy Canfield Fischer
- A Victorian Village—by Lizette Riese
- The Saga of the Billy Kid—by Walter Noble Burns
- Light Hearted Journey—by Greene

"Y" Installs Cabinet at Stag Banquet in Physics Laboratory

About sixty men gathered in the Physics Laboratory last Tuesday evening and partook of a bountiful banquet given by the old cabinet to the members of the new cabinet. The meal was cooked and prepared entirely by the men with the assistance of our time labeled cook, Prof. Jake. No signs of coffee being poured down anyone's neck was found by the writer, but we might ask Karl Korting if he had some water poured on his lap by mistake??? Maybe not.

Floyd Miller proved to be a most capable toast master and kept the crowd in good humor with the numerous proverbial jokes. The retiring president of the Y. M., Arno Dittbrenner, presented the installation exercises to the new cabinet members in a very impressive ceremony. Arno also gave us a speech. Other speakers were: Karl Korting, Victor Peterson, Rev. Harris and President Ames.

These banquets are becoming an annual custom and will be much looked forward to in the coming years.

Poets' Corner

This morning very early as the birds were singing gaily
From the fence posts and the tree tops of the country all around
I just stood still to listen while the April winds were whisperin'
That the snow was disappearin' from the ground.

All the kingfishers were singin' and the robins' notes were ringin'
On the gentle, pussy willow scented air
And the eastern sky was warmin' in preparin' for the mornin'
Of a spring day none could wish more fair
I.K.

Falls Ball Club Splits Opening Double Header

St. Paul Amateur Ball Team Furnishes Opposition on Local Diamond Saturday

In the first baseball games of the season, River Falls split a double-header with the St. Paul Amateurs here Saturday. River Falls won the morning session of seven innings, but was unable to duplicate the feat in the afternoon game. The score of the morning game was 9 to 8. The afternoon game ended 4 to 3 in favor of the St. Paul team.

A heavy wind, driving directly into the batter's face, gave the pitcher a big advantage throughout both games. In spite of this, Carl Kuss drove out a long hit for a home run in the first game. Corbett, first baseman for the Saints, duplicated the smash in the second game.

Joe Braun started on the mound for River Falls in the first game. He pitched for the first three innings, allowing only three hits. He was succeeded by Vern Woodward who pitched for the next three innings. Vern also gave three hits. Albert Hanne-mann threw the seventh inning. He got into considerable difficulty, being touched for three safe blows in the inning.

Looking 'em Over

By David Johnston

The River Falls baseball squad played its first baseball game of the season Saturday morning. In some departments the team is exceptionally strong. In others there is need for much improvement.

With Ollie King to do the bulk of the catching, and Elmer Sticht as a reserve, the catching department is very well taken care of. Ollie is also a good man at bat.

The outfield is another department which is above average in its personnel. Arnie Larson, left fielder, is one of the ball hawks to play baseball for this school. Ove Bervin is holding down the center field territory. Ove is also an exceptional fielder, being able to reach up plenty high for a fly ball. Carl Kuss, right fielder, is a natural hitter. He is one of these free-swingers who can drive the ball for long distances. Carl is also a good fielder. Besides the regular outfield, Krueger, Nelson, Caldwell, Mattson, Cummings, and Kelley are first class outfielders.

With exception of second base, the infield is very well protected. Ray Helixon has been shifted from the outfield to first base. He seems to be perfectly at home, and is play-

ing good ball. Because Frank Vuchetich is not playing the kind of baseball that he has played during previous years, second base is the weak spot in an otherwise strong infield. Clarence Alfonse is back again at shortstop. "Al" played fine ball during both of the games with St. Paul, getting one brilliant stop of a ground-er back of second base. Third base is well taken care of by "Raggamuffin" Harry Koteleski. Harry is just about the smartest player on the team. He is also one of the heaviest hitters.

The pitching is probably the weakest part of the team. Joe Braun, Vern Woodward, and Ole Clafin are the outstanding men among a bunch of fair material. Of these three Woodward looks to be the most promising. Vern has an out-drop which would make professional pitchers envious. He also has good control of a snappy fast ball.

Here is a little more tennis for you beginners. This time the only "don't" is, "Don't try to kill the ball every time you hit it." Speed is the last fundamental to be developed, and should not be tried by the beginner.

Last week we discussed the grip for the forehand ground stroke. This week we will try to give you the backhand ground stroke. The grip for this stroke is easily developed from the forehand grip. The hand is shifted backward one-fourth of a circle so that the hand rests along the top of the handle, the knuckles pointing toward the sky. In using the backhand it is very necessary that you keep your eye on the ball.

Grid Game Friday Ends Spring Practice

On Thursday afternoon of this week we are predicting that there will be a red-hot football game between Alfonse's Steam Rollers and Bartosh's Wildcats.

This game will end spring football practice. The teams are working hard, and fans can be sure that they will see a real game.

The squads of each team are very evenly matched. The Steam Rollers may be a little stronger in the line, but this advantage is evened up by the somewhat superior backfield of the Wildcats.

The game will be called at 4:00 sharp. No admission, so everyone should be there.

The squads of the two teams are listed below:

Alfonse's Steam Rollers
Gerhardt, center; Voskuil, Casey, Grob, Otradevec, guards; Panzenhaugen, Kentie, Jueds, Parnell, tackles; Woodward, McChesney, Graton, Williamson, ends; Dawson, quarter; Mack, Braun, Ottmen, Pederson, Hughes, backs.

Bartosh's Wildcats
Thompson, center; Holstrom, Berg-

Tennis Tournament Will Start Saturday

A tennis tournament beginning this week end for the boys, girls, and faculty members of the college has been announced by the athletic department. There will be a singles tournament for the girls, a singles tournament for the men, a girls' double and a men's double tournament. The winners of each will be awarded a gold medal.

All those who may be interested in entering either the singles or the doubles tournament are asked to sign up before Thursday night. No one will be allowed to pick their own partner for the doubles tournament.

The drawings will be made on Friday so that playing may start this week end. All those who are not signed up by Thursday will not be allowed to enter these contests. The girls are asked to sign up in Miss Branstad's office and the men students and faculty members in Mr. Klandrud's office.

William Turner and Richard Mooney drove to Fairbault, Minn. on Friday to make personal applications for positions. Turner also applied at Luck, Wisconsin the same afternoon.

Myron Nelson, Baldwin, who was a student here last year was in town Saturday night. "Mike" is now attending the University of Minnesota.

John Thompson, David Johnston and Marvin Pratt drove up to St. Paul Wednesday to file their application for a position with the Glacial Tourist Park Co. for the summer.

Edward Barber has served as substitute Ag teacher at Tony for the past two weeks. The regular teacher at that school has been seriously ill.

A two-act play will be the feature event on the Agrifallian program for Thursday evening. Floyd Miller is chairman of the program committee. Ag men are urged to attend.

Armand Gebhardt, a student here last year, was a visitor at the Smith house Sunday. Gebhardt is at the present time engaged in farming at Boyceville.

Y. M. C. A.

A short Y. M. C. A. cabinet meeting will be held tonight at 7:30 in the Physics laboratory for both the old and new cabinet members. Other students who are interested are invited to attend this meeting.

All the men who still have books from the book shelf are asked to return them this week to the physics laboratory.

More Collegians Secure Positions for Next Year

The placement department reports that the following people have already been placed:

- Clarence Alfonso, Bloomer, Science and Coaching
- Clair Bartosh, Mahtomedi, Minn., Manual Training and Coaching

- Florence Woods, Pierce Valley School, Pierce County
- Anne Vik, East Pine Lake School, St. Croix County
- Stanley Birkel, Lost Creek, Pierce
- Dorothy Gaustad, Birchdale, St. Cr.
- Ethel Ginsbach, Union, Pierce
- Elizabeth Herum, Willow Hill, St. Croix
- Emily Mallon, Herbert, Pierce
- Eileen Martin, Camp Nine, St. Croix
- Catherine Polk, Spring Grove, Pierce
- Grace Reitz, Dunn County
- Bernice Shillito, Trimble, Pierce
- Blanche Stockwell, Randall, Pierce

Y. W. C. A.

What the Y. W. expects to be an exceptional meeting is in store for the girls in the Social room tonight. Miss Bridges will give a talk about Gandhi, famous Indian character. Miss Bridges is well-informed about the subject, and every girl should make use of the opportunity of learning more about Gandhi.

Art Appreciation Class Visits Art Institute

Thirty-one girls packed a Northland bus Friday and spent the day at the Minneapolis Art Institute. The group contained the personnel of the Art Appreciation class.

According to Miss Greene this institute is the fourth largest in the world. "Furthermore, in a great many respects it excels all others," she said.

Removal of Conditions and Incompletes

May 22 is the latest date set for the removal of Conditions and Incompletes. Students having any such credit deficiencies are advised to arrange with the faculty in charge for the removal of any such deficiencies on or any time before Friday, May 22.

Rural Life Notes

The Rural Lifers held their regular meeting Thursday evening at 7:30. Mr. Voegel spoke to them on the problem of conserving the wild flowers. His speech proved very interesting as well as educational to all present.

Other numbers on the program were a piano solo by Anne Vik, a reading, "Down on the Farm" by Gladys Grundy.

Plans for the Rural Life banquet were discussed. This event will probably take place April 30.

Miss Mable Jorstad and sisters, Helen and Nina, visited relatives at Esterville, Iowa over the week-end.

Educational Film Attracts Kiddies, Few Collegians

A group of more than eighty training school children and a dozen collegians and professors made up the audience that veiled the presentation of the nature study film shown in the auditorium Friday evening.

Mr. McMullen operated the camera. Prof. Voegel secured the picture from a Chicago concern. Those who did see it pronounced the film as being very good.

The Spotlight

Illuminating the Higher Things in Life

The sense of humor some individuals possess is decidedly over the heads of our majority. It seems they cannot, or do not choose to adapt it to their environment. This is particularly true in such circumstances as some person trying to say or do something serious and the next fellow alters the situation trying to be funny by bringing in some uncouth "wise remark" usually as wise and relative to the subject matter as a chemist trying to make a Cl ion fit into the formula for water.

The season has come when one of the master pieces of modern poetry,

I am not writing as a judge of good poetry, commences to portray its beauty. I am referring to Joyce Kilmer's famous poem, "Trees." Watch their beauty grow each and every day and perhaps we may more fully understand the depth of Kilmer's last line, which reads:

"Poems are made by fools like me, But only God can make a tree."

I. Sherman Horne, world renowned animal trainer and breeder says, "The animal handler's greatest danger is not supplied by the bravest animals, but by the most cowardly." He also says that in this respect animals are very much like human beings. After stopping to think it over, can we help but agree?

Have you ever been asked that common question, "What becomes of all the old cars?" The mystery is solved. Henry Ford pays twenty dollars for them, if they have some form of tires and a battery, no matter what make, age or size. Cloth and wood are removed, then crushed and sent into the melting pot finally to end up as a rejuvenated "Uncle Henry, bigger and they say, better."

Workmen are busy cleaning up our campus. Why not have everyone here make it his and her duty to park our excess baggage in the waste paper baskets rather than outside. Remember that old saying, "United we stand and divided we fall." If anyone has an inclination to be one of the divided, give him a little re-

minder, may not help, but it never hurts to try.

So that you may make the best time of your study periods, be sure to have all materials necessary for its preparation on hand. This can be assured by keeping a list of them, where you can easily see them. And all in one place so you need not waste any time looking for them in various pages of your assignment books.
